(USPS 226-160)

DRAMATIC RESCUE Tuesday morning from high atop a large domed structure at the Triple T Fertilizer transfer facilities at the southern end of the Tri-City Regional Port (left photo) nearly 60 feet above the ground. A Granite City ambulance waits at the bottom of the storage building. Above, Assistant Fire Chief

George Smolich and Fireman Edward Hagnauer (back to camera) help Larry Hawks down the long aerial ladder to the ground below. Hawks slipped while working on top of the structure and suffered a concussion. An alert fellow worker called for the rescue equipment.

(Press-Record Photos by Pat Foley)

Worker rescued

By PAT FOLEY
Press-Record Staff Writer

The Granite City Fire Department aerial ladder truck and an ambulance responded at 10 a.m. Tuesday to the Triple T fertilizer transfer facilities at the southern end of the Tri-City Regional Port when an employee of the firm slipped and hung by a rope around his waist atop a large domed structure nearly 60 feet above the ground.

Larry Hawks, 40, of Belleville, and another employee, Kenneth Herndon, had been atop one of three large domed storage buildings cleaning powdered fertilizer products from the conveyor belts and the supporting beams.

The Belleville man slipped on the shingled, curving roof of the structure. Hawks' fellow worker had just gone to ground level for shovels when the mishap occurred, but Hawks was saved by a rope which the workers tie around their waists for safety.

Herndon saw him hanging by the rope and went to the nearby office to call for assistance.

The aerial ladder was extended to a point below Hawks, and firemen and emergency medical technicians went to the aid of the victim.

As Hawks slipped and the rope's slack tightened, the sudden jerk of the rope at his waistline had injured his back.

He was moved rung-by-rung down the angled ladder for more than 70 feet, aided by the emergency personnel. He was then put into a basket-type stretcher to be lowered to the ground below.

Hawks initially declined to be taken to St. Elizabeth Medical Center but was taken by ambulance to the center at 10:38 a.m. and later was transferred to Belleville Memorial Hospital.

Hawks is now in stable condition, having suffered a concussion in the fall.

School, BAC voting

Simultaneous elections will be conducted from noon to 7 p.m. Saturday in the Quad-City area by Belleville Area College and the three local school districts. There will be 22 local polling places, 16 in Granite City, four in Madison and two in Venice.

In the eight-county, 2,100-square-mile Belleville Area College district, with 101 voting places, two members of the seven-person Board of Trustees will be elected to three-year terms. Milton Smith of Mascoutah is retiring from the board.

Candidates in addition to Incumbent Robert H. Dintelmann of Belleville include two Granite Cityans, E. Ray

Grisham and Michael Hildebrand. The other three BAC candidates are Larry Heinicke of Freeburg, Mrs. Patricia Bariskas of New Athens and John Hawthorne Jr. of Belleville.

Granite City Board of Education candidates for two positions are the incumbents, Norman Hall and Stephen Saltich, plus David Partney, Charles Luehmann and Daniel Wofford Jr. In the Madison district, incumbents Chester L. McManaway, Paul Bargie and Elvers Johnson are running and there are three other candidates for full three-year terms—James E. Newsome

Rain floods hospital

Rain totaling five inches in some parts of the metropolitan area and tallied at more than three inches here flooded streets and many basements yesterday and last night and caused severe problems at St. Elizabeth Medical Center.

Entering the hospital basement from areas where new hospital facilities are being constructed, the water damaged offices, led to power outages and complicated the task of treating patients, many of whom experienced several hours of darkness.

Emergency electrical power kept emergency, surgical and obstetrical

services functioning but it was decided to divert many traffic accident victims to other hospitals. Firemen and volunteers worked many evening hours to provide sandbags and to pump out the water.

St. Elizabeth Medical Center is not expected to be operating normally again until Saturday, but basic functions are continuing massive amounts of water collected in an area of new construction and broke a temporary plywood construction wall between the hallway of the Doctor's Wing basement and the new construction, allowing "a wall of water" to flood the basement

with at least three feet of water.

The water short-circuited the hospital's electrical system, causing the power outage. Intensive care units continued to receive reserve power.

Volunteers came from several companies and areas to aid hospital personnel in rigging up lighting for hallways and other areas.

Union volunteers aided in many areas and workers from the R. Dron Electrical Co. were in the hospital all night providing lighting and power where needed.

Granite City Steel provided lights, (Continued on Page 15)

Collapse injures 4

By BILL WINTER
and PAT FOLEY

Falling like a "house of cards," a railroad car repair structure being built south of the B roadway viaduct collapsed at 3:20 p.m. Tuesday.

Area weather outlook

Partly cloudy and warmer today with chance of afternoon showers. High in mid-70s.

Friday—clearing and partly cloudy. Mild, with low temperature in the low 40s and high in mid-60s.

Saturday through Monday—partly cloudy, with chance of showers Saturday. Lows in mid 30s to 40s, and highs 50 to 60.

Four workmen who were at the top of the 35-foot-tall "pole building"—attempting to install a supporting beam—were carried with it to the railroad track area below.

Wooden beams that would have supported the gabled roof fell onto the workers as they landed and caused extensive bruises. The four men are

Grassroots government

Venice School Board 7 p.m. today, April 12, 7th-Broadway

Chouteau revenue sharing hearing 7 p.m. today, April 12, at Chouteau Town Hall.

Sanitary District 10 a.m. Monday, April 16, at 6200 Forest Blvd.

hospitalized, but escaped apparent serious injury.

Location is the Terminal Railroad Association's Madison yards. The superintendent told the Press-Record that the wooden structure covered the three repair trucks and would have provided shelter for minor repairs to freight cars.

The facility is about 75 feet wide and extends along the tracks about 200 feet, he said.

Still standing are the posts forming the two walls of the building. All of the material being used to form the base of the roof is gone from atop the structure, falling into a random heap of long, narrow boards.

Started only within the last few days, (Continued on Page 6)

A round of applause from the electors of Chouteau Township for administrators who managed to put every township fund "in the black" at the end of the 1978-79 fiscal year filled the Chouteau Township Community Center during the township's annual meeting Tuesday night.

Supervisor Walter "Dick" Sparks gave his annual report which showed a balance of \$168,194 in all funds at the end of the fiscal year March 31. He predicted lower taxes for township purposes next year.

"I think you can see from these reports, the township is in a real healthy condition. This is the first time I could ever report, since I became supervisor (in 1967), that the road and balance funds have been completely out of debt and in the black," Sparks reported.

He had high praise for Highway Commissioner Wilfred "Bud"

Eberhardt for this work in bringing the highway department out of debt.

"The highway commissioner has been very careful in his spending. Two years ago, the highway department was \$93,000 in debt.

"In two years, he got it out of debt. There has been quite a change in administration there."

"That's the reason we can say today that we are in the black. Many people wanted things done and Mr. Eberhardt told them, 'I've got to get out of debt and then I can take care of some of these things.'"

"With winter weather and the sewer construction, the roads are torn up now. But I know, if we have patience, all these roads will be fixed," Sparks told the group.

Expressing their confidence in the highway commissioner, the electors, registered voters in the township who attended the annual meeting, approved

the continuation of a 16.5-cent per \$100 assessed valuation special hard road tax for another five years.

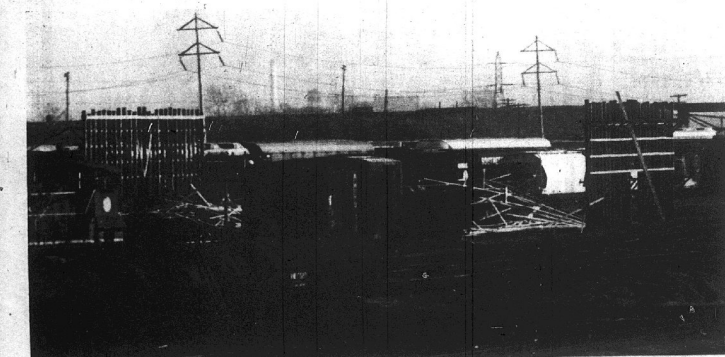

In secret balloting, the electors voted 35 to 2 for continuation of the tax.

The supervisor's annual financial statement, by fund, follows:
Town fund—beginning balance \$11,706; income \$65,976; expenditures \$52,686, and final balance \$24,996.

No state multiplier for county

The Illinois Department of Local Government Affairs has certified a 1978 tax year (1979 collection) final multiplier of one to Madison County, J. Thomas Johnson, director, has announced.

The multiplier (no multiplier) is applied to the assessed valuation of all locally assessed non-farm property in the county before taxes can be extended.

The multiplier is determined by comparing actual assessment levels observed

in the department's annual assessment-to-sales-price ratio study to the level required by law.

Purpose of the multiplier is to equalize the average assessment levels among counties.

Assessment uniformity is a legal requirement, as inter-county equalization is necessary if the tax burden in taxing districts which overlap county lines is to be distributed fairly among the taxpayers, and if state aid to

schools is to be allocated properly, Johnson said.

Under Public Act 79-703, passed in 1975, property in Illinois should be assessed at one-third of its market value.

Although increases in assessed valuations, either through local reassessment or through a higher multiplier, may be required to maintain the statutory assessment level, such increases do not of themselves, cause an increase in tax bills. If taxing districts do not increase their spending, tax rates will go down and tax bills will not increase, Johnson stresses.

Recent legislation provides for an annual homestead exemption for properties owned and used exclusively for residential purposes. The county clerk will compare the 1977

equalized value to the 1978 assessed valuation after application of the multiplier, and an increase of up to \$1,500 will be exempt from taxes.

Farm property is to be assessed in accordance with recently-enacted legislation establishing a formula value for farm land based on productivity as well as market value.

Charge 3 in school burglary

An 11-year-old and two 13-year-old boys were arrested at Washington School, West 20th Street and Nevada Ave., at 2 p.m. Sunday and face juvenile court action for burglary of the school.

Patrolman Robert Knezevich reported he was parked near the school when a pedestrian pointed out a 13-year-old carrying a box. When the boy saw the officer, he dropped the box and ran, eluding the officer.

The box was checked and was found to contain red gymnasium balls. A screen over a window was loose and the window was missing, he discovered.

Other officers were called and Knezevich and Sgt. Ronald Selph searched the school, finding two other boys in a hallway.

The boys were arrested and police then went to the home of the one who had fled from Knezevich and arrested him.

He gave officers money, jewelry, pocketknives and other items he said had been taken in a burglary.

Questioning of all three led to the recovery of a baseball glove, a basketball and a tape player from a shed in the 2700 block of Denver.

School authorities said eggs had been thrown on the gymnasium floor, candy had been thrown around the school, windows had been broken and a lock had been broken from a door.

Several teachers' desks had been searched, soap had been used to write on windows, and the principal's office and recreation room had been entered.

Officers alleged one of the 13-year-old boys admitted committing a burglary April 8, 1978, at the home of Larry Soechtig, 2441 Washington Ave., in which cash, tape recordings and two wrist-watches were taken. He said he did not know where the loot had gone.

WOMAN HOSPITALIZED

Mrs. Mary Boner, 70, of 305 W. Chain of Rocks Road, Mitchell, was admitted to St. Elizabeth Medical Center early this week with injuries suffered in an auto accident. She injured her head, chest and left hand.

Registration and screening at Madison public schools

Kindergarten registration and pre-school screening will be conducted by the Madison public schools beginning Monday, April 16, and continuing through Thursday, April 19. It was announced at a Madison Board of Education meeting Thursday.

The screening is a free service and parents are being asked to make appointments.

Children who were born in 1974 will be eligible to register for kindergarten. To register a child, the parent should bring the child's birth certificate and immunization record. There will be a registration fee of \$1.

Children entering kindergarten or the early childhood program will be given health forms so that physical and dental examinations and immunizations can be completed before the start of school, in compliance with

the School Code of Illinois. Screening will be provided for all three, four and five-year-olds.

Included will be screening of vision, hearing, speech and language as well as general growth and development.

The location for Monday and Tuesday, April 16 and 17, will be Blair School, from 9 a.m. until noon and from 1 p.m. until 4 p.m. Appointments may be made by telephoning 876-4818. Charles McCaskill is the principal.

On Wednesday and Thursday, April 18 and 19, the screening will be done at Harris School. The time on Wednesday will be from 1 p.m. until 7 p.m. and on Thursday from 8:30 a.m. until noon and from 1 p.m. until 4 p.m. Appointments may be made by telephoning 877-8664. Porter Cawley is the principal.

Service station robbed

A lone armed robber took an undetermined amount of money last week from the Clark gasoline station, 320 Madison Ave., Madison.

An attendant told police the man walked onto the lot from Madison Avenue and into the building, saying, "I want a carton of cigarettes."

The attendant started to give him the cigarettes and the man pulled a .38-caliber chrome submachine pistol from his waist band and said, "Now give me the money."

The armed robber fled on foot east on Fourth street.

An alarm was activated, and police were at the service station, according to the attendant, in a matter of seconds.

There were several customers at the station getting gasoline at the time of the robbery, and a second attendant was servicing a car during the incident.

The robber was about 20 years of age, 5-6 tall, wearing a red and green print shirt, green pants and a brown cap.

MOBILE MEALS ARE AIDED. Granite City High School South Speech and Theater Club students donate the proceeds from their talent show to help the St. Elizabeth Medical Center mobile meals program. From the left are John

Manogian, Susan Range and Kit Walmsley, officers of the club, presenting the check to hospital officials Roger D. Franck and Sister Mary Thomas, SEMC president. (Photo Record Photo)

South students help mobile meals program

A donation of several hundred dollars to the St. Elizabeth Medical Center mobile meals program for elderly people and shut-ins was made by members of the Granite City High School South Speech and Theater Club.

The club sponsored a talent show, with 25 students participating.

It was the desire of the speech club that all funds raised by the show be donated in some way to help elderly citizens of Granite City.

Ron Pennell, club sponsor, said, "This was an effort of a high school group to do something that was fun for the students something entertaining for the audience, and something practical for a segment of the community."

"No awards were given to the participants in the talent show. It was strictly non-competitive, so all participants understood clearly that this was a donation of their time and talent to help others."

"There was a good feeling for all that stemmed from the purpose of this activity," Pennell said.

Officers of the South Speech and Theater Club are: Kit Walmsley, president; John Manogian, vice-president; Susan Range, secretary; and Charlene Bennington, treasurer.

Participants in the talent show included Dynette Shrader, Angela Grupas, Paula Bryant, Mary Bryant, Lori Ferrer, Karen Maclos,

ARREST ON WARRANTS

William Holt, 19, of 3203 Kirkpatrick Homes, was arrested on warrants charging contempt of court and failure to pay a fine, and Gregory L. Rose, 22, of 3201 Kirkpatrick Homes, was charged with failure to appear in court after deputies found them on Chouteau Island Monday. Deputies said four youths were near two vehicles on Chouteau Slough Road and when the four were checked, the warrants against the two were discovered. Two Madison youths were released.

Mike Hildreth, Becky Rea, Brian Ballard, Judy Evans, Lonnie Smith, Margie Ballard, Gay Wright, Gary Ebrecht, Bonnie Luebert, Joni Smith, Stephanie Brandt, John Causey, Michelle Vaughn, Joe Lang, Jim Wingerter, Elizabeth Rich and Brenda Massie.

Chouteau revenue hearing

Whether Chouteau Township should contract for mosquito spraying or should purchase equipment and conduct its own program will be among items discussed tonight by the Chouteau Town Board of Trustees at a public hearing on proposed uses for federal revenue sharing funds.

The hearing will begin at 7 o'clock at the township's community center behind the Midwest Motel.

A proposed-use hearing is a requirement in planning for the spending of federal revenue funds for the 1979-80 fiscal year. A budget for that purpose has not yet been prepared by the township.

The mosquito spraying question was discussed by the Town Board at its regular meeting Monday night, when price quotations from Clark Equipment Co. for various pieces of spraying equipment were considered.

It was decided someone certified to spray for mosquitoes will have to be hired or contracted for, since it is too late to train and certify a spray operator for this season. Mosquitoes already have begun to appear in the township, it was agreed.

In other business Monday night, the board decided to hire E. C. Scheffel & Co., certified public accountants, Edwardsville, to audit the township's financial books. The audit price is not to exceed \$1,725.

Advanced lifesaving workshop next week

The Tri-City Chapter of the American National Red Cross, in conjunction with the Tri-City Area YMCA, will be offering an advanced lifesaving workshop Thursday evening, April 19, and Saturday and Sunday, April 21 and 22.

There will be a pool fee payable to the "Y" of \$13.50 per person which includes the cost of the required text. Interested parties will be required to be at least 15 years of age and register either by telephone or in person at the Red Cross office, 2021 Edison Ave., Granite City (phone 452-7184).

The Red Cross has been emphasizing water safety for the past 40 years and stresses the point of individual safety in all rescues made.

This course is designed primarily for people who find themselves in frequent proximity to lakes, rivers or swimming pools. It has been praised as a safety education course. It is also a prerequisite for certification as a water safety instructor.

The highly-concentrated course is designed to meet the needs of individuals who wish to accomplish certification as quickly as possible.

Anyone requiring additional information may contact the Red Cross at 452-7184.

TWO CHARGED IN TAVERN SCUFFLE

Mark A. Ivie, 17, of 2550 Hodges Ave., and Ronnie H. Langford, 17, 131 Wilson Park Drive, were arrested this week at the Polish Hall, 1836 Greenwood St., Madison, and charged with disobeying a police officer.

The officer said four youths were asked to leave the tavern. Later, two of the group returned and a scuffle ensued when they were refused admittance.

Both were released a short time afterward on payment of \$35 cash bond, to appear April 27 in the Third Judicial Court in Granite City.

Leo Benz dies at age 81

Leo Benz, 81, Granite City, suffered chest pains and died at the Colonial Nursing Home, Maryville, Ill., at 8:20 p.m. Tuesday. A resident there two years and hospitalized for a time in

December 1978, he had been in failing health for four years.

A native Chicagoan who resided in Granite City 50 years, Mr. Benz was a Granite City Army

Installation guard for 25 years until retiring in 1963. His wife, Lavina, preceded him in death in 1962 and a stepson, Harold Glynn, died in 1973.

He is survived by a stepdaughter-in-law, Mrs.

Burl (Opal) Powell of Granite City; one sister, Mrs. Estelle Orwerth of St. Louis; and one stepgranddaughter. Funeral arrangements are given in the obituary column.

NURSERY PROVIDED

THE LAST SUPPER will be performed by the men of Hope Lutheran Church at the Maundy Thursday service today at 7:30 p.m., at the church located at 3715 Wabash Ave. All participants will

be dressed as disciples and each will present monologues on each of the disciples of Christ, according to the Rev. David Fielding, host pastor.

USE WANT ADS

The 'Last Supper' to be performed

A drama presentation of Da Vinci's "Last Supper" will be a feature of Maundy Thursday's services at 7:30

p.m. at Hope Lutheran Church, 3715 Wabash Ave. Men of the congregation will be dressed as the disciples and will present monologues on each of the Disciples. Holy Communion will be offered during the service, according to the Rev. David Fielding, pastor.

Participants are, Mark Nepton, James Choi, Gary Hoerle, Gilbert Luedde, Roy Weeks, Norman Frech, Henry Scheffelin, Robert Early, Barry Rideout, James Massey, Jeff Underwood and Del Frech. On Good Friday, the 7:30 p.m. service will be the "Tenebrae" or "darkness" liturgy.

Easter observances will include a sunrise service at Wilson Park at 6 a.m., sponsored by the Granite City Lutheran Church for the entire community. The service will be non-denominational and the public is invited. That service will be broadcast live at 6 a.m. by WGNU, courtesy of Madison County Federal Savings and Loan Association. At the regular 8 a.m. and 10:30 a.m. services at the church, there will be special music by individuals and choirs. Special activities are planned for the 9 a.m. Sunday school.

Easter Sunday will be the climax of the "Every Member - Every Week" campaign. The community is invited to attend services and a invitation is extended by the pastor, Rev. Fielding.

Trained fathers to aid in births here

"Registration for the second series of prepared childbirth classes is open to expectant mothers in the greater Granite City area. Expectant mothers whose due date is no later than July may register by phoning St. Elizabeth Medical Center at 798-3039. There is no charge for the class," a spokesman said. The Lamaze Technique of natural childbirth, emphasizing breathing routines, will be taught in the class.

Fathers are being encouraged to join their wives in the learning process. Facilities at SEMC, where the class will be taught, allow fathers to assist in the birth of their child after completing the course. And fathers are permitted to be in the delivery room here at the moment of birth. Classes will be held on six consecutive Tuesdays, April 17 through May 22, from 7 to 9 p.m. on 3 Doctors Solumium at SEMC.

Drug arrests grow to 9

Randy Grimes, 18, Collinsville, was arrested by Madison County sheriff's deputies and officers of the Metropolitan Enforcement Group of Southwest Illinois (MEGSI) Monday afternoon and was charged with unlawful delivery of a controlled substance. His bond was set at \$50,000 and he was taken to the Madison County Jail at Edwardsville. Grimes was the ninth person to be arrested in connection with a four-month undercover investigation in the Granite City area by MEGSI agents. Linda J. Constant, 24, of 1837 Spruce St., and George Groves, 25, of 2100 Alton Ave., Madison, surrendered to Granite City police Monday afternoon on MEGSI warrants and were taken to the county jail at 3:50 p.m. Monday. She is charged with two counts of delivery of cocaine and her bond is \$50,000 and he is charged with delivery of a controlled substance and under a \$25,000 bond. MEGSI director Richard Woods said Monday's arrests are the last authorities anticipate from the latest undercover investigation.

Farm group to hear Toffant

The Madison County chapter of the National Farm Organization will hold its regular monthly meeting at 8 p.m. Tuesday, April 17, at the American Legion Hall in St. Jacob. Madison County Sheriff Emil Toffant will be the featured speaker.

Among the items to be discussed will be bargaining reports on grain, meat and milk, the amount raised for the NFO escrow account during "Farm Power" Day, March 20, when commodities and farm products were donated for sale nationwide, and an update on the NFO livestock collection point, which may go out of business unless it is sold. Following the meeting, refreshments will be served. Area farmers and interested persons are being invited to attend.

UNDERCOATING — RALPH'S TEXACO 22nd & MADISON AVE.

Italian American Club installs

The Italian American Club installed newly elected officers in ceremonies held at Tony's Drive-In, followed by a monthly business meeting.

Those to serve for the ensuing year are: John Petrello Jr. president; Frank Scaturro, vice-president; Jack Moenster, secretary; Joe Lucido, treasurer and Ed Broyles Jr., sergeant-at-arms. Trustees are William Sternberg and John Svezia. Final plans were announced for a bake sale to be held at Kroger's Grocery Store in Nameoki Village Shopping Center on May 12. Members also agreed to enter a decorated float in the Shriners Parade scheduled for June.

Refreshments were served to 40 members and it was noted the next meeting is set for May 6 at Tony's Drive-In.

2 face weapon charge

Mark Courtney Cline, 24, of 62 Parktowne West Mobile Home Park, and Joyce E. Jones, 19, of 1714 real Delmar Ave., were charged with unlawful use of a weapon after a disturbance early this week at the home of Richard Haynes, 3004 E. 23rd St.

It is alleged Cline came uninvited to Haynes' birthday party and was ordered to leave. He left, but threatened to return and harm persons at the party, it was contended.

When Cline returned, it was alleged, he said, "The devil is going to get everyone in the house." A young woman then allegedly came from a car in front of the house with a .357 manum pistol and waived it at persons nearby.

Cline took the gun from her, got behind the car and said he was going to shoot everyone, it was alleged. Police arrived and arrested Cline and Joyce Jones. A gun was found in the auto behind which Cline had been standing, police said.

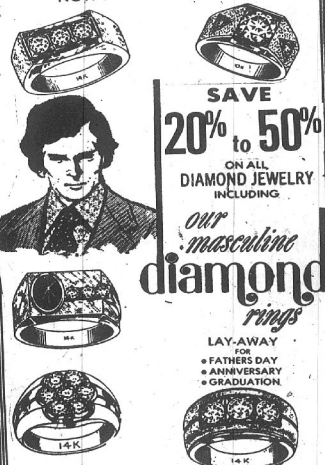

Persons who had been attending the party gave officers a knife which they alleged Cline had displayed during his earlier visit and had been taken away from him.

Joyce Jones was released at 3 p.m. Monday and Cline was released at 4:40 p.m. Monday, both on their own recognizance.

Fire district balloting Saturday in Eagle Park

Residents in Eagle Park will vote Saturday whether or not to form a fire protection district in the unincorporated community, south of Madison.

Balloting will take place at the Eagle Park Improvement Association hall from 6 a.m. to 6 p.m.

Madison, who is aiding residents seeking to establish a district, said the single ballot merely asks the voter to indicate if he or she is in favor of such action.

Should the referendum be rejected, then the issue would go no farther at this point, he said.

If voters approve the action, the Venice Township Board of Auditors will appoint three trustees to administer the district.

The trustees are then empowered to pass an ordinance and levy a 1.25-cent tax per \$100 assessed evaluation, Matosian explained.

A separate referendum would be required to levy a higher tax.

George Schank dies at 52

George R. Schank, 52, of 626 Broadway, Venice, a lifelong resident of the Quad Cities, died at 4 p.m. Tuesday at St. Mary's Hospital, Richmond Heights, Mo.

He had been ill for a year and a half and was hospitalized for five days. Mr. Schank had been on disability retirement from Consolidated Aluminum Corp., since Oct. 22, 1962. He

had been employed there for several years as a melder. A member of St. Mark's Catholic Church, Venice, Mr. Schank also belonged to Venice-Madison American Legion Post 307 and Steelworkers Local 4904. He was a World War II Navy veteran.

Survivors include one daughter, Miss Susan Schank, St. Louis; four sons, Mitchell L. Schank, Wood River, George Robin Schank and Eric Alan Schank, both of Naples, Fla., and Joseph Scott Schank of Venice; two sisters, Mrs. Homer (Dorothy) McKinney, Granite City, and Mrs. Leo (Aileen) "Liz" Fieth, Halvill, Tex.; a brother, Leo E. Schank, Granite City; and one grandchild.

Mr. Schank made his home with an uncle, George L. Schank of Venice.

Funeral arrangements are given in the obituary column.

POST 102 CAR WASH
Explorer Post 102 will conduct a car wash from 10 a.m. to 5 p.m. Saturday at the Shell station on Pontoon Road at Sara.

Births

Births recorded at St. Elizabeth Medical Center.

GIRLS
Mr. and Mrs. Michael Cerkoski, Gillespie, Ill., April 9, Cassie Michel, six pounds, 12 ounces.

Mr. and Mrs. Danny Hicks, 4806 Kirkpatrick Homes, April 10, Tracy Leigh, six pounds, 13 1/2 ounces.

BOYS
Mr. and Mrs. Harold Miller, 1050 Washington Ave., Madison, April 10, Marlin Ray, nine pounds, five ounces.

Mr. and Mrs. Gary Trimble, 3 Parktown Drive, April 11, Gary Eugene Jr., six pounds.

Chouteau

(Continued from Page 1)

balance \$52,813; income \$29,984; expenditures \$16,008, and final balance \$66,189.

Revenue sharing — beginning balance \$32,590; income \$33,711; expenditures \$16,008 and final balance \$30,293. Sparks warned some of the funds left in revenue sharing may be committed, but not yet spent.

Anti-Recession fiscal assistance — beginning balance \$3,452; income \$3,656; expenditures \$4,999, and final balance \$2,108.

Road and bridge — beginning

balance \$9,261; income \$49,307; expenditures \$39,261 (including repayment of a \$10,406 anticipation warrant) and final balance \$19,307.

Special bond — beginning balance \$8,633; income \$50,555; expenditures \$46,754 and final balance \$12,435.

Municipal retirement — beginning balance \$14,712; income \$7,717; expenditures \$3,650, final balance \$18,778.

New road equipment — beginning balance \$4,887; income \$10,583; ex-

penditures \$10,350 and final balance \$5,130.

Sparks told the electors he believes the balances in the town fund, general assistance fund and highway funds will allow decreased in the tax rates for those purposes on the tax bills to be paid in 1980.

Clifford Losch of South Roxana, who had been elected moderator for the meeting, led the praise for financial leadership exhibited by the township's trustees and officials during the past fiscal year.

Collapse

(Continued from Page 1)

the project is expected to be resumed. Precise cause of the collapse remains to be determined.

James L. Thompson, 33, of 2024 Alton Ave., Madison, one of the four injured men, suffered back injuries.

Don M. Miller, 29, of Florence, Mo., received multiple contusions and abrasions.

Harold L. Vines, 47, sustained multiple cuts and bruises and a

laceration above the right eye. Joseph K. Roberts, 22, of Cahokia, required a splint for an arm injury.

All received X-rays and initial examination and treatment at St. Elizabeth Medical Center and were transferred to the railroad's Compton Hill Medical Center, formerly the Missouri-Pacific Hospital.

Three ambulances manned by Granite City emergency medical

technicians were dispatched to the scene when word of the collapse was received. Assistant Fire Chief George Smolich went to the site to learn whether further assistance was needed. A fire fireman's emergency truck responded but was not needed, railroad officials said.

There were no workers beneath the pole building's roof when it fell.

School

(Continued from Page 1)

For a two-year Venice terms, Incumbent Larry D. Boyd is opposed by Thomas Scaturro, Venice street superintendent.

Venice school polling places Saturday will be the Venice High gymnasium at 740 Broadway for the Venice city area and the Eagle Park Improvement Association, 100 Hill St. at Bodker Street for the unincorporated area.

Madison polling places will be Madison Junior High School, Harris Grade School, Blair Elementary School and Dunbar Grade School.

Granite City School voting is set for the 16 grade schools, McKinley, Lake, Washington, Logan, Emerson, Webster, Marshall, Niedringhaus, Frohardt, Maryville, Wilson, Nameoki, Parkview, Mitchell, Stallings and Johnson.

Egg hunt at park

The Granite City Park District's annual Easter egg hunt will take place this Saturday at the Wilson Park ice rink.

Over 2,500 plastic, candy-filled eggs will be hidden in straw on the rink floor. Times for the various groups to be at the rink Saturday are first graders, 9 a.m.; kindergarten children, 10 a.m.; and preschoolers, 11 a.m.

Fund to aid fire victims

A fund to aid the survivors of a fire which killed a mother and her two children, old son at 1735 Olive St., March 31 has been established by the Word of Life Tabernacle.

Mrs. Penelope Woolen, 24, and her son, Oliver Lee Woolen Jr., were killed in the fire which started in the living room, possibly by an electrical malfunction in a television set.

Oliver L. Woolen Sr., 26, suffered burns in the fire and is recuperating from his injuries. A daughter, four-year-old Stacey Marie Woolen, was a patient at St. Elizabeth Medical Center when the fire occurred, so she was not present.

In addition to the loss of the two family members, the survivors lost their home and all of their belongings in the fire.

Persons wishing to make donations to aid the two may send checks to the Oliver Woolen Fund, in care of Word of Life Tabernacle, First Granite City National Bank, 20th Street and Edison Avenue, Granite City, Ill. 62040.

The Rev. Henry Crippen, pastor of the Word of Life Tabernacle, is trustee for the fund.

News notes

Illinois Attorney General William J. Scott, an announced U.S. Senate candidate, was indicted Monday on a lawsuit against the township line also changes.

Mrs. Helen Hawkins of Angola, Drive, said every lawsuit filed against Granite City contesting annexations has been lost. "As a taxpayer, I would object to paying money for a lawsuit that's no more plausible than this."

Highway Commissioner Frank Michellie agreed. He asked, "Why waste our money for something that's already gone?"

Michellie suggested the township take moves to prevent losing any more of the township tax base to Granite City through future annexations. "Let's cut them off at the pass that way," he urged.

Voters in the audience concurred it would be better to try to stop city encroachment if the township continues to lose land.

Davis pledged he would

Nameoki electors won't fight in court but oppose future and loss

By PETE STEHMAN

Nameoki Township electors decided Tuesday night their township should not try to stop the annexation of a proposed industrial park to Granite City, but they agreed they won't lose any more land to the city without a battle in court.

Both townships were not so much upset over the loss as they would lose now, but the potential industry tax base they would be missing in the future.

Nameoki Supervisor Harold Davis thought it best that the township electors decide whether to "gamble" on a lawsuit against the city. They made that decision at the annual town meeting Tuesday night at the Town Hall.

Davis spoke when the topic first came up, and told the 42 township residents present that he was against filing a lawsuit.

He said township attorney Irvin Slate tried to find some technical point wrong with the annexation proceedings, but could not. "To object to this thing, we have to have some basis," the supervisor said.

As the property sits now, the township will only lose tax money gained off farmland, which would not amount to much, Davis said. "If we file a suit this year, we won't really have any tax loss."

Granite City, because of its large population, is a coextensive township. When the city boundary changes, the township line also changes.

Mrs. Helen Hawkins of Angola, Drive, said every lawsuit filed against Granite City contesting annexations has been lost. "As a taxpayer, I would object to paying money for a lawsuit that's no more plausible than this."

Highway Commissioner Frank Michellie agreed. He asked, "Why waste our money for something that's already gone?"

Michellie suggested the township take moves to prevent losing any more of the township tax base to Granite City through future annexations. "Let's cut them off at the pass that way," he urged.

Voters in the audience concurred it would be better to try to stop city encroachment if the township continues to lose land.

Davis pledged he would

call another special meeting of the township voters if he hears of a possibility for another significant annexation. The supervisor said voters could decide at that time whether to take Granite City to court.

Bob Barton of Mockingbird Lane asked Supervisor Davis what could be done to stop the city, besides legal action.

"Only the state legislature can change this (coextensive township laws)," Davis said. The supervisor asked attorney Slate to make a form letter that township residents can send to legislators showing they are opposed to the law.

Michellie said township residents could stop coextensive annexations by annexing their property into Pontoon or Beach. If the property is annexed into that village, the homeowner will also remain in Nameoki Township.

"That's a decision some people will probably have to make in the next couple of years," Davis said.

"Nameoki Township won't get lost that way," Michellie responded.

Davis said the township should challenge any strip annexations made into Granite City. He said several homeowners on his own

street, Shirlene Drive, are considering strip annexations via Granite City school property.

"To my knowledge, it (strip annexation) has never been challenged. I'd like to see us follow up on that some day."

Townships have up to one year to contest any annexations in court, it was related.

MORE LOCAL HIRING BY COLLEGE GRADUED

Local hiring by Belleville Area College is among the goals of Michael Hildebrand, a candidate for the BAC board Saturday.

The native Granite Cityan, a member of Retail Clerks Local 35, is 25 years old and a STUE student. He believes this community deserves more members of the board and cited local population and tax base.

JOHNSON
Richard M. Johnson, 9th Vice President of the United Brotherhood of Carpenters and Joiners of America, Station, Kentucky on Oct. 17, 1837. — CNS

Non-subscription papers called litter law violation

If Madison County gets serious about enforcing the Illinois litter law, any newspaper thrown in the yard of a non-subscriber living in an unincorporated area could be considered a violation.

Most publishers distributing newspapers in the county could be affected, since they have extra circulation issues periodically in an effort to obtain new readers.

Representatives from 12 newspapers in the county were asked to attend a meeting Friday called by the

Madison County Board of Environmental Control committee to discuss ramifications of the litter law.

The meeting was prompted by complaints from county residents who found unwanted papers in their yards. Most of the complaints involved the Journal publications owned by Robert Donnelly.

Paul Hawkins, county environmental control officer, said any newspaper coming into the county — including the Post-Dispatch and Globe-Democrat — will be treated the same. The Post reportedly is distributing 100,000 sample copies to introduce Illinois coverage.

The state litter law, as interpreted by Madison County Assistant State's

Attorney Mike Thompson, says a newspaper thrown without a subscription is litter "the minute it is thrown."

Hawkins said his inspectors will continue to photograph the offending piles of newspapers when complaints are received by his office. The publisher involved will then be notified.

After Friday's meeting, Hawkins told a reporter that this warning will only be made once. A complaint will be filed with the state's attorney's office on the second violation, he said.

Donnelly said he didn't consider his product to be litter. He said his newspapers would, however, work with the county to solve the problem.

Committee member William Haine, Alton, said the tradition of subscription delivery "has been shattered by what's happened in the last five years."

He said a distinction had to be drawn between a subscription and non-subscription newspaper. "It's the permission of the

owner that is the key," he said.

Tom Rees of the Granite City Journal said he was making an effort to dispose of papers unwanted by homeowners. He asked the county to be patient a little longer.

"You're asking that the environmental control officer not be told to enforce the statute?" Haine asked. Hawkins said later that he believes litter problems involving newspapers have lessened in some areas recently.

Donnelly said his drivers aren't supposed to throw more than one paper per household, "but they are human beings. I don't like those papers lying there any more than you do. An advertiser may drive by and decide no one is reading them."

Donnelly said persons not wanting to receive the newspaper can call and ask that it not be delivered.

Independent distributor Gary Edsall said he was at the meeting because he is concerned that he may be delivering a newspaper someone doesn't want, and thus may be breaking the law himself.

Edsall suggested that non-subscription newspapers provide a number in their paper for people to call if they don't want the newspaper.

A lawyer accompanying Donnelly said the newspaper does not want to go to court

over the Illinois litter law. Committee members said the county didn't want this either.

The county's concern with enforcement of the law applies to unincorporated areas only, unless municipal officials seek the county's help with litter problems.

WINDOWS BROKEN

A 2x3-foot window at the First Granite City Savings and Loan, 1825 Delmar Ave., was found broken at 7:25 a.m. Saturday.

An official searched the offices and found nothing missing. Glass in a door at 1935 Edison Ave. also was broken. It was discovered at 7:13 a.m. Saturday.

Hospital notes

Patients admitted to St. Elizabeth Medical Center, include:

April 2 - Pearl Guenther, Ruby Mayberry, Gertrude Mullens, Richard Anthony Bryan, Louella Moore, Joyce Graham, William Gibson, JoAnn Kalert, all of Granite City; Phyllis Richmond and May Burd, both of Madison; Willie Woodson Jr., all of Madison; Rose Crowley, Collinsville; Dee Ann Weber, Freeburg; and Gerard Stephen Barney, East St. Louis.

"DOWNTOWN" GRANITE CITY

St. John Lutheran plans Easter events

Holy Maundy Thursday will be celebrated at St. John Lutheran Church, St. Clair and Dale avenues, with a Holy Communion service, at which members of the Palm Sunday confirmation class will receive their first communion. The service will begin at 7 p.m.

All communicant members of the congregation will be invited to be guests at supper that evening.

The pastor, the Rev. Samuel Boda, will deliver the preparatory communion message. He will be assisted at the altar for the Holy Sacrament by Vicar Donn Wilson. Organist will be Mrs. June Barton, of St. Louis. The church choir will sing "Surely He Has Borne Our Griefs," from Handel's Messiah.

Good Friday will be observed with the traditional "tenebrae" service at 7 p.m. Meditations on the last words of our Lord from the Cross will be spoken. Seven candles in the chancel will be extinguished during the service, symbolizing the seven last words. Preaching the memorial message will be the Rev. Vicar Donn Wilson. The pastor will serve in the chancel.

Easter morning will begin for members of the congregation with the annual trek to Wilson Park for the Easter Sunrise Service in the skating pavilion, at 6 a.m. The sponsoring group will be the Lutheran Bureau, in which the congregation has representation through several commissions, namely Franklin Roberts and Mackenzie Gordon. Trumpeters from St. John Lutheran will make up the

brass ensemble and will also accompany the singing. Organizer and leader of the group is John T. Severine Sr.; members of the ensemble are Gregory Thebeau, John T. Severine Jr., and Luther Boda.

Guest speaker from St. Louis will be the Rev. W. Leroy Biesenbahl, associate secretary of evangelism for the Lutheran Church — Missouri Synod. He will speak on "The Pledge of Easter." Leading in prayers and praise will be the Rev. Samuel Boda. Coffee and doughnuts will be served following the service. The service will be aired by WGNU at 6 a.m.

Festival Easter services will be held at St. John Lutheran Church at 10 a.m., with Sunday School and bible classes at 9 a.m. Co-superintendent will be T. Potter and Larry Miskel. The church choir will sing the "Hallelujah Chorus" from Handel's Messiah at the Easter service. Organist will again be Mrs. June Barton.

The annual Easter egg hunt will be held on the church lawn for children of the Sunday School, ages 3-11 (including 6th graders) in case of inclement weather the eggs will be hidden in the downstairs fellowship hall, and the egg hunt will be held there, Rev. Boda added.

The congregation is also preparing several Easter food baskets for the needy in the congregation to be distributed on Saturday, April 14, from the church fellowship hall led by Mrs. Denise Schmitt.

Peace Corps and Vista opportunities

Recruiters from the Peace Corps and VISTA (Volunteers in Service to America) will visit the St. Louis metropolitan area from Saturday, April 21, to Thursday, April 26, to see people interested in becoming volunteers. They will be at the Downtown

Roadway Inn and the Clayton Inn and can be called at (314) 726-0095.

A spokesman said, "Although the opportunity to travel and learn about other people may seem exciting, the Peace Corps and VISTA are not for everyone."

"Volunteers must be willing to work long hours at subsistence pay, confront problems which seem impossible to solve, and tolerate frustration when things move slowly. The rewards, although not tangible, are immeasurable."

"Peace Corps and VISTA volunteers are people who are optimistic in a day when optimism seems out of fashion. They are people from all walks of life representing a cross-section of America who believe they can make their communities, their country and the world a better place to live and who take responsibility for solving problems."

"Both the Peace Corps and VISTA work with poverty problems such as health, nutrition, sanitation, living conditions, energy and education which affect the basic needs of the poorest people in the U.S. and around the world."

"Both are full-time, people-to-people programs. Peace Corps volunteers serve for two years in one of 85 developing countries, and VISTAs serve all over the U.S. in poverty communities."

Drug abuse topic Apr. 21

Aid through Information on Drugs (AID) will present a community education workshop on Saturday, April 21, from 1 to 4 p.m., open to any concerned community members, including parents, teachers, counselors, administrators, social workers, police, etc., free of charge.

Topic of the workshop will be "Drugs and Drug Abuse." Depressants (including alcohol), stimulants, hallucinogens (including marijuana), solvents and their effects will be discussed. The format will be informal, so that questions may be asked at any time.

"We would appreciate those interested calling 345-5200 in advance so that we may make arrangements for adequate space. The workshop will be held at AID, 413B Vandalla St., Collinsville." Dyanne Plenkowski, project director, said.

Crown Easter ham with glaze

This Easter, make the crowning touch on your ham something different.

Any one of the following sweet glaze coverings for baked hams will appeal to your family and guests.

- One cup brown sugar, one-fourth teaspoon ground cloves and three tablespoons of thawed, concentrated orange juice.
- One cup honey.
- One-half cup orange, peach or apricot marmalade.
- One cup brown sugar, one teaspoon dry mustard, one-fourth teaspoon ground cloves and two tablespoons vinegar.
- One cup cranberry or currant jelly.
- Three-fourths cup crushed pineapple and one cup brown sugar.
- One cup pureed ap-

pleasure, one-half cup light corn syrup and two tablespoons prepared mustard.

To glaze the ham, remove it from the oven a half hour before the end of the time indicated. Pour off the drippings in the pan and save for use in pan-frying and sauces. Remove any skin. Score the ham at this time by cutting the fat into diamond shaped with a sharp knife. Make uniform cuts a quarter inch deep.

Spread the glaze evenly over the fat-scored, hot, baked ham. If you wish, you may stud the ham by inserting whole cloves in the center of each diamond after you've applied the glaze.

Return the ham to the oven and complete heating. The surface should form an even brown glaze.

McHugh to head university police

Ria C. Fritters, vice president for business affairs at Southern Illinois University at Edwardsville, this week announced the appointment of Donald P. McHugh as new director of University Police, effective May 15 and subject to confirmation by the Board of Trustees.

Dr. Fritters said McHugh will be responsible for planning and administering the operation of the university's crime prevention and resolution activities, vehicular traffic and crowd control, and related activities which provide safety for people on campus and the security of university property.

Providing law enforcement and security services for a college campus will not be a new experience for McHugh. He comes to SIUE from the Cortland campus of the State University of New York (SUNY), where he had responsibility for a 19-officer department delivering services to a college community of 8,000 people.

Director of public safety at Cortland seven years, McHugh also served as an associate professor at the Upper Division College of SUNY at Utica-Rome, teaching courses in industrial security administration and public administration.

While performing his duties at SUNY, McHugh occasionally served as an adjunct instructor for the New York State Police Academy, teaching courses in law enforcement and community relations. Since 1972, he also has served as a faculty and staff member at Pomplins Cortland Community College in Dryden, N.Y.

Before accepting the campus position, McHugh was manager of safety and security at the Carborundum Co. in Niagara Falls, N.Y. From 1968 until his appointment as manager in 1971, he was a supervisor in plant fire protection with the company.

McHugh was employed from 1963 until 1968 as a patrolman by the police department of Tonawanda, N.Y. He and his wife, Mary, are the parents of three daughters, Dawn, Lisa, and Staci.

Candidate alleges too many closed sessions

David Partney, a candidate for the Granite City School Board on April 14, in the latest of a series of criticisms of the current board, today assailed "the practice over a long period of time of closed board meetings."

An examination of minutes by Partney from April 1978 to February, 1979 showed that the board spent 29 hours and 22 minutes in closed sessions and in open meetings 16 hours and 37 minutes.

"This practice of closed meetings severely hampers the public's right to know," Partney said. "There has been in existence, for a long period of time, an Open Meeting Act in the state of Illinois.

"These practices violate the spirit and intent of that law, in my opinion. The public's right to know these important functions by the School Board is hampered by flouting of the law and its intent. I promise to actively resist this type of activity if elected."

Partney has scheduled an open campaign meeting for 7-30 tonight at the Recreation Center, Nameoki Road and Franklin Avenue. He will speak and answer questions from the audience.

INJURED ON STATE
Leland Mathes, 28, of 1 Briarcliff Drive, Apt. 6, suffered a cut to his forehead when his car went out of control on wet pavement in the 1400 block of State Street last week and struck a utility pole at the curve. He went to St. Elizabeth Medical Center where he was released after the cut was sutured.

Harold Malone, 53, buried

Funeral services were conducted April 8 for Harold Charles Malone, 53, of Rosebud, Mo., formerly of Granite City, at a funeral home in Owensville, Mo. It was learned here this week.

After services there, his remains were taken to Oak Wood Cemetery, Sheffield, Ala., for graveside services and burial.

Mr. Malone died at his home April 4. He was born in Sheffield, Ala., and married the former Doris Black on Aug. 16, 1969, in Granite City. He was employed at the Chrysler Corp. truck plant, St. Louis, and was a World War II veteran.

Mr. Malone was a member of the Owensville Presbyterian Church, and Auto Workers Local 110.

Other than his wife, survivors include a daughter, Caroline; stepchildren, Ellie Patricia Wilson, St. Louis, Ronald G. Wilson, Collinsville, and Bonnie Wasson, Cleveland, Ohio; a brother, Kenneth E. Malone, of Ohio; three sisters, Betty Ruth Brantley, Decatur, Ala., Rebecca Floyd, Tusculum, Ala., and Norma June Talmage, Huntsville, Ala.; one grandchild and six stepgrandchildren.

Mrs. Judith Smith dies

Mrs. Judith (Elledge) Smith, 28, of Rural Route Three, Edwardsville, formerly of Granite City, died

ARREST JUVENILES

Three juvenile boys were arrested after a disturbance in the 2800 block of East 25th Street at 7:45 p.m. Monday and face possible juvenile court charges. One 15-year-old allegedly was riding a motorcycle illegally on the street, and two others allegedly interfered with officers and attempted to let the boy out of a squad car. Officers alleged parents and the boys used abusive language and attempted to stop officers from questioning the boy on the motorcycle.

Competition for three Venice school positions

LARRY BOYD

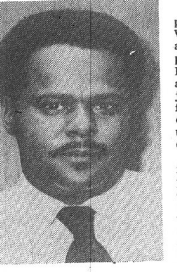

THOMAS SCATURRO

JOHN H. WILLIAMS

BERNARD C. HOGAN

GEORGE WADE JR.

Larry D. Boyd, a member of the Venice School Board since being appointed Nov. 27, 1978, is running for a two-year unexpired term in Saturday's balloting. He is opposed by Thomas Scaturro.

A lifelong resident of Venice, Boyd is a former top basketball player at Madison High School. He captained the MHS varsity team in his senior year of 1970-71.

The board member was captain of the Parkland College-Champaign basketball team in his sophomore year, attaining an association degree in recreation, and also attended George Williams College, Downers Grove, as a recreation major.

After returning to this area in 1973, he became assistant to Venice Park Supt. Dale Crawford and assistant to Venice Recreation Director Willie Teal. He also has worked in the Venice Park District maintenance department.

Boyd and his wife, Judith, have a son, Kevin, eight, and a daughter, Tiana, two years old.

A Venice Jaycee charter member, he has directed the Venice summer recreation program and coordinated and coached the youth basketball program as well as directing little league baseball and organizing outings for children.

Thomas Scaturro, one of two candidates for a two-year unexpired term in Saturday's balloting, said this week he is campaigning on a platform of cost reduction.

Scaturro said he is running along with two candidates for full three-year terms, James E. Turner, who is on the ballot, and Raymond Mosley, a write-in candidate. Both reside at Eagle Park Acres.

Scaturro, 51, of 808 Third St., is superintendent of streets in the City of Venice. He was appointed to that position by former Mayor William Ebersold; June 7, 1977.

Scaturro and his wife, Mary, have six sons, three daughters and four grandchildren. He was employed at the Labey Funeral Home in Madison, before accepting the street department position.

He has been an active member of Venice volunteer fire department for 24 years. He is a member of St. Mark's Catholic Church and the Madison County and Illinois firemen's associations.

Scaturro is opposing further tax rate increases for the school district until it can be shown that all possible savings and cutbacks have been achieved.

Venice School Board candidates Saturday include the Rev. John Henry Williams, who says "I feel I can be a great help to our school district even in the condition it is in."

"I'd like to help seek and find a way to the very last source of funds. There must be a way somehow, and I'm willing to find it. My main goal is to see that our children get the best education, right here in Venice."

"The condition of our district not only affects our children, but people who are employed by the schools. We must look out for their livelihoods."

"All who live in the Venice district should be concerned, regardless of whether we have children in school or not. A school is what really makes up a community. I am against sending children to any other district. The Venice district is where we live and where our children belong."

"I would like to have a rap session with students, parents and teachers. This needs to be done in order to bring better relationships with each other and to discuss and help solve some problems."

"I am willing to listen to anybody, but I don't have all the answers. With togetherness, we can find them."

"I will make no promises on what I will do, but I will try to do the best and right thing, what is best for the Venice school district. I am willing to be a servant and a voice that will represent all the people."

"I'd like to see a united effort go out through the city and district with a slogan, 'Let's save our school.' City officials should be just as concerned."

Candidates Saturday for the Venice Board of Education include Bernard "Barney" Hogan, 221 Kerr St., Venice.

He comments, "There are a few things I do not understand. One thing is they say we have no money. But yet they can give substitute teachers a raise."

"At the same time, they want to lay off some teachers, but pay a superintendent of schools about \$27,000 a year, plus \$100 a month car expense."

"They also pay \$175 per month for a secretary. This could be cut in half. And it should be."

"The Press-Record said a few weeks ago that the board voted to keep the members out of the school during the day. I wonder who had this done, and why?"

"They also voted that the voters and residents who have a child in school cannot go to the board directly, after we voted them into office."

"We are to take it to the teacher or principal or superintendent. And, believe me, we've got evidence to show that, as far as your letters get, is to the superintendent."

"They are to read to the board, but you in person do not get to the board. They are read by our out-of-state superintendent of schools."

"They want you to vote a tax increase, but they do not want to hear your comments."

"This is like feeding your dog and getting bitten."

"This I do know. You can send a registered letter or a certified letter to any board member."

"And have the secretary of the board of education read this to the board members. But do not ever send a letter without signing it. And make a copy of it."

George W. Wade Jr., appointed to the Venice School Board on June 15, 1977, and elected to a one-year term a year ago, seeks a full three-year term Saturday.

A resident of 431 Lincoln Ave., Wade, 34, is a Navy veteran employed for the past six years in the Security Division of Granite City Steel.

Born in Pulaski, Ill., he lived in Madison for six years before moving to Venice three years ago.

A graduate of Lincoln High School in East St. Louis, he has attended SIUE.

Wade concluded his Navy service in August 1967. He and his wife, Margarette, have a daughter, Wanda, 13, and a son, Kenneth, nine, attending the Venice school system.

While interested in achieving further cost reductions in the financially hard-pressed school district, he advocates comprehensive efforts to assure continued educational quality.

FATHER OF BIRTH CONTROL WILL SPEAK

A Stanford University chemistry professor who synthesized the active ingredient for the first oral contraceptive or birth control pill will be the guest speaker at the annual Probst Lecture at 3:30 p.m. April 24 at Southern Illinois University at Edwardsville, Science Building Room 3114.

Carl Djerassi, winner of the first \$100,000 Wolf Prize in Chemistry in 1978 for his achievements for the "benefit of all of humanity," will discuss the future of human birth control. The lecture is open to the university community and the public.

NW, Southern discuss merger

John P. Fishwick, president of Norfolk and Western Railway Company, and L. Stanley Crane, president of Southern Railway Company, have announced the initiation of joint studies to determine the feasibility and advisability of placing the two rail lines under common corporate ownership and control.

Southern, headquartered in Washington, D.C., is the parent and principal operating company of the Southern Railway System, which operates over 10,000 miles of railroad in 13 southeastern states bounded by the Mississippi, Ohio and Potomac rivers.

Norfolk and Western Railway Company, headquartered in Roanoke, Va., operates a system of 7,500 miles of railroad in 14 states and the province of Ontario, Canada, extending from Norfolk to Kansas City and Omaha, and reaching Chicago, Detroit and Buffalo.

In addition, NW's 1,673-mile affiliate, Delaware and Hudson Railway Co., extends eastward from Buffalo.

Crane and Fishwick indicated they expect representatives of the two companies to meet in the near future to explore the feasibility of various approaches to bringing together under common control the organizations which they represent.

They emphasized that the proposed studies are likely to continue for some time and may or may not result in a definitive agreement.

STUDENTS DONATE DIRECTOR BOARD

The Granite City High School North Student Council has selected and paid for a glass-enclosed directory board to feature outstanding students.

The directory board will hang in the main hallway at North High. The North Student Council president is Chris Rogenski. Faculty director of the group is Harry Cook.

CAR HITS POLE

Roland Woesthaus, 23, of 414 Jeanette Drive, Arlington Heights, was admitted to St. Elizabeth Medical Center early this week after his car skidded into a utility pole on Bruns Road north of Bischoff Road in Nameoki Township and overturned, coming to rest on its left side. The driver was thrown about six feet from the car. A passerby took him home and he later went to the medical center. He was dazed and had pain in his back.

LEG BROKEN BY CAR

Adam Labanosky, 5, of 2565 Buenger Blvd., suffered a broken left leg when he was struck by the eastbound auto of James Horton, 2917 Oregon Ave., in front of the child's home during the weekend. He was taken to St. Elizabeth Medical Center. Horton said the child ran from between parked cars and he was unable to avoid striking him.

A junior SIUE student majoring in sociology, Rev. Williams is junior ward of New Hope Lodge 22 of Prince Hall, Free Accepted Ancient York Rite Masons, Madison.

He also is a member of Royal Arch Masons in St. Louis and is chairman of the Venice Community Development program, chaplain of the Venice Jaycees, president of the Madison NAACP Branch and helped organize Venice independent little league baseball teams.

SPELLING BEE winners in the contest held at Grigsby Junior High School. From left, Sherri Ethridge, first place winner, and Jeffrey McPherson, second. Forty-seven contestants competed in the event representing the Language Arts classes. Miss Ethridge will advance to a contest in St. Louis on April 21.

Sherri Ethridge is top speller

Sherri Ethridge captured first place in the annual spelling bee held at Grigsby Junior High School, with 47 contestants representing all the Language Arts classes.

She will represent the school at a St. Louis contest set for April 21.

Jeffrey McPherson took second place and Jeffrey Sharp was named third place recipient.

The pronouncer for the event was Don Riddle, Junior High Industrial Arts Coordinator, and judges were Mary Turner, Language Arts Department chairman, and Pat Schuman, assistant principal.

Other participating contestants were Trisha Atkinson, Rebecca Bassoo, Mike Bellipanni, Connie Borror, Cindy Brown, Sandra Brown, Pam Buckingham, Larry Byrd, Lisa Cleaton, Mark Crider, Joel Donley, Scott Eberhart, Tammy Evans, John Feldman, Beth Gasparovic, David Gebhardt, David Goff, Jeff Grimm, Mike Halbe, Anthea Hallett, Kim Hale, Curt Heaton.

Rod Hessler, Cindy Humphreys, Tricia Johnson, Roger Kadall, Monte Kessler, Steve Kincy, John Kintler, Terri Lantermo, David Lipe, Wendy Mann, Lori Morris.

Kari Palmer, David Parizon, Kim Ann Smith, Eric Snider, Jodi Spanberger, Elizabeth Trimmer, Nicole Vaughn, Gayla Vaughn, David Warfield, Jeff Weiborn, Angie West.

SIUE REGISTRATION APPOINTMENT CARDS

Appointment cards for summer quarter registration at SIUE may be picked up at the enrollment office beginning Monday, April 23, according to C. B. Collier, assistant registrar. Distribution will begin at 8 a.m. To obtain an appointment card, students must have in their possession their most recent fee receipt card (No. 3 card).

Members of the community interested in taking a class at the university during the summer months are to make application for admission immediately. Admission applications may be obtained in the Office of Admissions and Records in Room 1308 of the John S. Rendleman Building. Registration for the summer quarter at SIUE will be announced at a later date.

Holy Week services at Concordia

In its next three services, beginning tonight, Concordia Lutheran Church, 23rd Street and Grand Avenue, will commemorate the Holy Week actions of Jesus.

The institution of the Holy Supper will be celebrated this evening at 7:30, with the annual Maundy Thursday Holy Communion service. The pastor's sermon will point to the high regard in which the Christian holds this Sacrament, as being a reflection of the self-sacrifice of Christ.

The death of Christ on the Friday before Easter will again be observed with a Tenebrae service in which the progressive darkening of the church will parallel the several brief devotions' approach toward the final work of Christ from the cross, that "all things had been paid out."

The Easter service will take worshippers "to the open tomb to watch the encounter between the risen Christ and the gloom of Mary Magdalene."

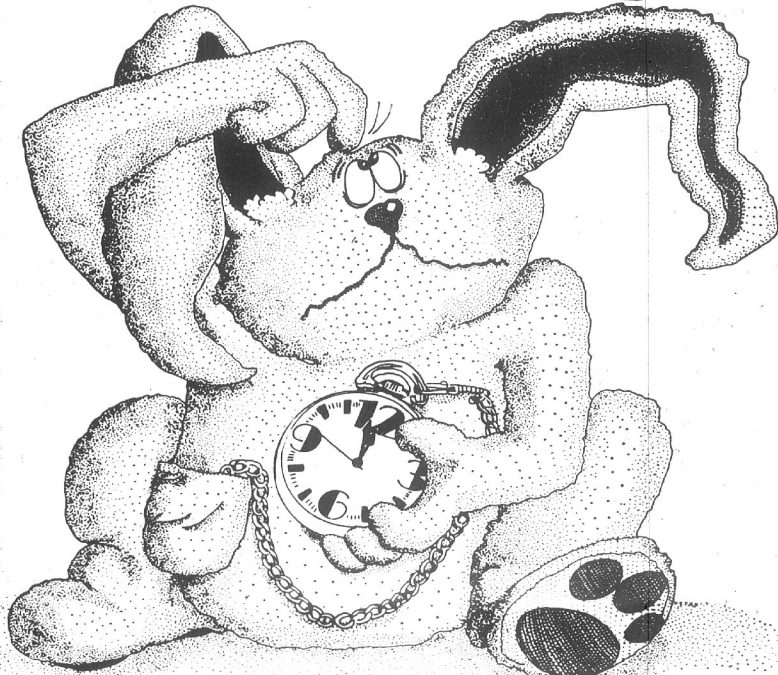

The Rev. Arvin Thielmeyer, Concordia pastor, will officiate at the three services, with Elder Richard Klenle assisting at the Easter altar. Also serving in the Easter chancel will be Acolytes David Hummelt and Steven Klenle. Concordia's choir, under the direction of Mrs. Sylvia Mueller, will participate in each service.

On Maundy Thursday it will sing: "O Christ, Thou Lamb of God," and "We Gather At Your Table, Lord." The choir's Easter offering will be "Wake, Awake, Ye Drowsy Saints" and "Alleluia."

WOMEN ARE HURT

Debra Bekovich, 19, of 2500 Washington Ave., and Mrs. Geraldine Earhart, 47, of the same address, a passenger in Miss Bekovich's auto, were injured when their car and the auto of Virginia Sever, 24, of 2900 Palmer Ave., collided at Edwards Street and Hall Avenue early this week. Mrs. Earhart was taken by Granite City ambulance to St. Elizabeth Medical Center where she was treated for cuts to her face and left hand and abrasions to her left elbow and was released. Both drivers were injured, but declined to be taken to the hospital, authorities said.

Fuel dispute resolved; village lawbooks ready

A disagreement over the amount of money owed to Pontoon Mobil service station by the Pontoon Beach Village Board for gasoline and vehicle repairs was resolved during a meeting of the board Tuesday night.

The board had voted April 30 to take the gasoline trade from the station, and was opposed by Jerry Henderson, until a difference in the bills could be resolved, and asked Henderson to attend Tuesday night's meeting.

Henderson and Village Treasurer Loretta Skinner agreed at the meeting they had reviewed the bills and had agreed the village owed the station \$703, rather than the \$300 Henderson had claimed.

Henderson said he had charged the village for an adjustment in the difference in the price he paid for gasoline in the period since Pontoon Mobil was selected on bids to supply gasoline to the village. He contended his bid had provided for a cost-of-gasoline adjustment.

Neither Henderson nor Mrs. Skinner were available Wednesday to explain how the agreement on \$703 was reached.

Trustee Donald C. Rea reported the village's books, including minute books from meetings, had been made available to members of the Pontoon Progress Party Tuesday, but no one had come to inspect them.

Donald Patrick, candidate of the Pontoon Progress Party for village board president, has contended publicly that he has been denied access to the books unless he asks for specific dates and actions.

It was reported that deed and title insurance has been received, giving the village ownership of a strip of land formerly owned by Pontoon Baptist Church. The land had been used by Quiet Valley residents as an unofficial and bumpy road out of that subdivision to Route 111.

The board paid \$5,000 for ownership of the property, which will be used for a second acceptable road into and out of the subdivision. Village Board President Floyd David Moss reported Wednesday that he has made agreements for the roadway to be named as a part of Lilly Avenue. It will be asphalted when the work of Lilly Avenue

is asphalted this spring.

Preparation of streets in the village for asphalt is to begin tomorrow, the board was told.

The board also heard a proposal for bringing cable television into the village, but no official actions were taken.

A representative of Southwest Cable TV explained that Granite City has agreed to accept cable television from that firm, and the service can easily be expanded to the village.

David Davis, head of David Davis & Associates, consulting and planning firm of St. Louis, presented the board and village officials with copies of the bound municipal code books which had been printed following codification of the village ordinances by the board over the past several months.

Davis congratulated the board for the more than 200 hours spent by board members codifying every village ordinance.

It was noted that bound copies of the new ordinance book will be sold by the village for about \$25 each, to cover the printing and binding costs.

A certificate of title and title insurance also was presented to the board for 9.8 acres of land east of Route 111. The village purchased the site for the possible future construction of a village hall and community center building.

DRIVER IS CHARGED

David Williams, 17, of 2536 Angela Drive, was charged with reckless driving after his station wagon allegedly passed a stop sign on East 28th Street at Washington Avenue and struck the pickup truck of Norman McGree, 7 Victoria Drive, Pontoon Beach, at 2:15 a.m. Tuesday. Police said Williams' vehicle was found abandoned at 24th Street and Delmar Avenue a short time after the accident, and Williams was arrested nearby. He was released after posting his driver's license as bond.

Mr. and Mrs. Clifford Innes of Elkland, Mo., spent the weekend visiting Mr. and Mrs. Jerry Weeks and family of Blue Spruce Court.

Old Nameoki town trucks will be sold

At the annual Nameoki Township town meeting Tuesday night, 42 voters agreed to dispose of three old township trucks and approved two fund transfers to the highway commissioner. Resolutions were approved allowing the sale of two pickups — a 1955 Ford and 1961 Chevrolet — and a 1950 Ford fire engine. Also approved for sale was a 1968 Bean mosquito sprayer.

The resolution allowing the sale of the fire engine, which was used by the township for pumping purposes, provides that the Long Lake Fire Department can buy the truck for a token \$1.

Highway Commissioner Frank Meibels said the Long Lake Department might want the truck because "it's one of the first ones they ever owned."

If there are no bidders for the equipment, trustees will be empowered to dispose of the gear however they see fit.

As has become a matter of custom in recent years, the electors agreed transferring a total of \$37,500 to the highway commissioner from federal revenue sharing funds.

Of this, \$13,000 will fund health projects, mostly drainage problems, and \$24,000 will pay for the township's environmental cleanup program. Clean up program payments of \$2,000 will be made every month. Joe Garcia served as moderator of the meeting.

Chouteau to fund legal fight on industrial tract

By GARY SCHNEIDER

Press-Record Staff Writer
A difference of opinion on whether annexation by Granite City of a 427-acre industrial site in Chouteau and Nameoki townships should be challenged by the townships developed Tuesday night at the respective annual town meetings.

Nameoki electors voted unanimously not to fight the annexation and Chouteau electors voted unanimously to spend from \$5,000 to \$10,000 to try and block the annexation.

Officials of both townships had objected to the annexation by the City of Granite City since the property, which straddles the Nameoki-Chouteau line, would automatically be taken into Granite City Township. Chouteau Township, by state law, co-extensive, meaning they must share identical boundaries.

The resolution passed by the Chouteau township electors (all the eligible voters from the township attending the annual meeting) follows: "Be it resolved that the township has a substantial interest in the annexation by the City of Granite City for a certain tract located in Nameoki and Chouteau townships owned by Illinois Power Company."

"Therefore, the board of trustees of Chouteau Township be, and it is hereby, authorized and directed to retain and to pay legal counsel, separately or jointly with other interested parties, to study the feasibility of, and to challenge the legality of said annexation."

"And in the event the study indicates such a challenge is reasonably feasible, the board of trustees shall, separately or jointly with other interested parties, institute legal proceedings to challenge said annexation."

Clifford Loesch, who was elected moderator for the annual Chouteau Township meeting, spoke on behalf of the resolution, saying the annexation is at this time under protest by both Nameoki and Chouteau townships because, "If they can do it on 400 acres, how many more acres can they do this with?"

Chouteau Township Supervisor Walter "Dick" Sparks said he is concerned because Granite City has only to make a few other small annexations to be

contiguous with a 1,000-acre strip north of Interstate 270 which then could be annexed and developed as part of Granite City.

Sparks said, "The assessed valuation of this tract (Illinois Power's 427 acres) in a few years will be \$80 million to \$100 million. The entire township is now \$33 million or \$34 million."

"About 300 acres of this tract is in Chouteau Township. See what it would do for us."

"Our taxes would go way down. With sewers out there, Illinois Power sees that now is the time to start developing it," Sparks said.

"I am not saying we are going to win, but I think it would be well worth the money to try and stop this or get legislation where they cannot do it to us."

He said that if efforts to block the annexation through a legal fight appear fruitless, efforts will be made in Springfield to lobby for the end of the co-extensive boundary law, so annexations by Granite City will not change the township in which the annexed property is located.

He estimated that efforts to keep the tract in Chouteau Township could cost between \$5,000 and \$10,000.

The story was the opposite at the Nameoki Township electors meeting, going on at the same time.

Supervisor Harold Davis said he had promised that the possibility of using tax funds to fight the annexation would be proposed at the Nameoki electors' meeting, but he did not feel it would be a wise investment.

Mrs. Helen Hawkins, a precinct committeeman, said she has observed other efforts by the township to have annexations by Granite City and all have been unsuccessful.

Davis suggested the electors turn down the expending of tax funds for a legal fight, but make it clear that future annexations, especially strip annexations, will be fought.

He said he has heard rumors of a possible strip annexation of Shirlene Drive, on which he lives, and said such actions in the future will not be tolerated without a fight.

The Nameoki electors were unanimous in denying the use of tax funds for fighting the Illinois Power annexation.

The tract of land in question is located along the west side of Illinois Route Three across from St. Thomas Road, and crosses the border between the two townships. Illinois Power is proposing that the site be developed for industry and business.

It was annexed by Granite City at the request of Illinois Power because it was felt companies would be more likely to locate here if the site had city fire and police protection.

Robinson hurt on Johnson Rd.

Russell D. Robinson, 47, of 2324 Emmet Ave., president of the Metro-East Sanitary District Board of Trustees, was injured in an auto accident at 9:40 p.m. Wednesday on Johnson Road near McDonald's Restaurant.

Robinson's station wagon was westbound on Johnson Road when the car of Terry Scott, 27 Anna, Ill., came at a high rate of speed from the entrance lane of the Corral Lounge into Johnson Road without stopping and into the path of Robinson's car, police said.

Scott was issued a ticket alleging reckless driving.

After the impact, Scott's car continued across Johnson Road, went over the curb and crashed into an entrance sign of the Belleme Village Shopping Center, it was reported.

Scott was taken by Granite City ambulance to Oliver C. Anderson Hospital in Maryville, since a flooded basement at St. Elizabeth Medical Center had caused a power outage and had suspended most treatment there.

He and Robinson were described as having minor injuries. Robinson said he would seek medical treatment later.

LET'S FACE IT!! JIM RISKOVSKY

IS THE ONLY CANDIDATE WHO HAS REAL REASON TO BE CONCERNED ABOUT EACH OF THE FOLLOWING:

- ☐ **SENIOR CITIZENS . . . WHY?**
Because his mother and father are senior citizens and have lived in Madison their entire life . . . he is naturally concerned about their future needs and welfare as well as all senior citizens in the community!
- ☐ **MIDDLE AGE GROUP . . . WHY?**
Because he and his wife have chosen to make Madison their livelihood . . . he has a deep concern for their future and wants to help protect their investments as well as the taxpayers!
- ☐ **YOUTHS OF TOMORROW . . . WHY?**
Because he has two children, ages 16 and 17, who attend Madison schools . . . he has a need to be concerned about their future and welfare in addition to all youths of tomorrow as they are the City's future government!
- ☐ **PROPERTY OWNERS . . . WHY?**
Because he has real estate in Ward 4 and has invested his future in Madison . . . he has a need to be concerned about property value, its environmental conditions and general surroundings, and wants to maintain a well preserved image of the City.
- ☐ **BUSINESS AFFAIRS . . . WHY?**
Because he is a businessman, owning Riskovsky's Automotive Engineering . . . he has an interest and concern for the future growth of the City and its prosperity.

As you can see, his interests are wide-spread! Jim is the only candidate in Ward 4 who has a real need to be concerned in all these areas! I'm sure, with your support on April 17, we can all have a better and brighter tomorrow!

Venice utility tax?

By CATHEY JAMISON
Press-Record Staff Writer
In the face of Venice's municipal financial difficulties, four new tax ordinances were placed on first reading at Tuesday night's meeting of the City Council.

If passed, the ordinances will impose a municipal tax on four utilities — water, natural gas, electricity and telephone.

The maximum tax that the city can impose is five percent of the utility charges. The amount of the new tax was discussed and a figure of three percent was recommended by the council.

The tax would be collected by the utility companies as part of their monthly or quarterly billing. Customers would be taxed on the amount of their bill. The utility companies would then turn the tax money over to the city.

If the ordinances become law, the city expects to realize an estimated \$40,000 a year in revenues, described as sorely needed to meet the budgets of various city departments.

The tax will cost the citizens of Venice approximately \$40 a year, with the peak payments being made in the winter, when fuel usage is high. Acting Mayor Phillip Daniels

suggested to the council that the city look into the figures to get a precise picture of how much money the tax would bring in.

Harry E. Hartman, city attorney, said the City of Maryville has been collecting a similar tax, at three percent, for many years. According to Hartman, that city, with 1,700 households, takes in about \$40,000 per year.

Venice, according to figures projected by the National Planning Data Corporation, New York, has 1,452 households. The exact count will not be known until the 1980 census is made next year. If the projected figures are close, the city would realize somewhat less than the \$40,000 estimated.

Citizens attending the meeting voiced objections to the idea of any new tax. Izola Robinson, who works with senior citizen volunteer programs, said the tax would impose great hardship on already overtaxed people, especially those on fixed incomes.

Acting Mayor Daniels suggested that the matter be held over until the next council meeting to give people a chance to make their feelings known. A motion was made to that effect, voted on and carried.

The council received notification on the final settlement of revenue sharing

funds for the Oct. through September Federal fiscal year. The city of Venice is to receive an estimated \$111,170.

Officials also received notice that the city owes a balance of \$67,138 to the Illinois Department of Transportation on the Broadway underpass.

Payments of \$2,000 per month for 33 months, with a final payment of \$1,138, will be taken out of the city's monthly motor fuel tax allotment.

In other action, the council again failed to pass a motion to pay Acting Mayor Daniels his fireman's salary. Some have questioned whether he should be a volunteer fireman while also serving as acting mayor. A new mayor will be elected April 17 to take office May 1.

An ordinance was passed creating a deputy city clerk position, to be appointed by the city clerk.

A motion was passed making Enrique Lopez an election judge. Karen Levy asked to be relieved of the duties and Lopez will take her place.

Pay was set for election judges and poll watchers. The judges will receive a total of \$45 for the day and watchmen \$25. A motion was passed to pay \$30 for the use of each polling place.

Under business permits, the business known as Dave's Taxi, located in Granite City, received permission to relocate in Venice.

CLEANUP POSTER WINNERS. awarded savings bonds for their entries in a poster contest for the Quad-Cities' areawide cleanup day held during the weekend. Pictures (left to right) are: Mike Fleming, son of Mr. and Mrs. Mark Fleming, of Parkview School; Anthony Leadlove, son of Mr. and Mrs. Gordon Leadlove, of Louis Baer School; Christine Loyet, daughter of Mr. and Mrs. Thomas Loyet, of St. Margaret Mary School; and Lacey Randolph, chairman of the Community Pride Committee of the Tri-Cities Area Chamber of Commerce. (Press-Record Photo)

City stickers to go on sale

City vehicle tax stickers will go on sale in Granite City Monday, April 16, and motorists will have until May 15 to purchase them before the prices increase.

Automobile stickers for the 1979 year will cost \$5 from April 16 to May 15, and will increase to \$5.50 on May 16. Truck stickers range from \$8 to \$25, depending on the class of truck.

Senior citizens may purchase stickers for \$1 at the senior citizens center, 2060 Delmar Ave. through May 15 only. Seniors must show proof that they are at least 65 years old and must have their auto registration with them.

All other vehicle stickers will be sold at the city clerk's office in the City Hall, Niedringhaus and Edison avenues.

Several special service centers selling vehicle tax stickers will be set up at banks and food stores for the convenience of city residents. A schedule for special sticker sales follows:

Friday, April 20 — First Granite City

National Bank, 4 to 7 p.m.; Colonial Bank, 4 to 7 p.m.; American Heritage Bank, 3:45 to 7 p.m., and Granite City Trust and Savings Bank, 3:45 to 7 p.m.

Saturday, April 21 — National Food, 9 a.m. to 3 p.m.

Friday, April 27 — First Granite City National Bank and Colonial Bank, 4 to 7 p.m., and American Heritage and Granite City Trust Banks, 3:45 to 7 p.m.

Saturday, April 28 — Tri-City Grocery, 9 a.m. to 3 p.m.

Saturday, May 5 — Cohen's Food Store, 9 a.m. to 3 p.m.

Shoot at 2 in auto

Darlene Arakaki, 2140 Miracle Ave., and Scott Borger, 4915 Hills St., told Madison County sheriff's deputies at 8 p.m. Tuesday that a shotgun blast struck their car while they were driving on Maryville Road near East Chain of Rocks Road, breaking the passenger window.

Borger, who was a passenger in the car, said he saw a grey 1965 Ford pickup truck leave the area from where the shot was fired. Neither the driver nor Borger was injured.

UNDERGARMENT — RALPH'S TEXACO 22nd & MADISON AVE.

30th sunrise service in Wilson Park

Scheduling of the 30th annual Wilson Park Easter sunrise service for the local community has been completed by the Lutheran Bureau of Granite City.

The late calendar date for this year's resurrection service promises a mild Easter Sunday morning with nearly 500 in attendance, a spokesman forecast. The guest preacher is Dr. Leroy Bisenthal, associate evangelism secretary for the Lutheran Church-

Missouri Synod. This is Dr. Bisenthal's second appearance at the Wilson Park service, the official having been here initially in 1976.

The Rev. Dr. Samuel Boda of St. John's Lutheran Church on St. Clair Avenue will be the liturgist. John T. Severine Sr. will direct a four-piece brass ensemble as it leads the early morning worshippers. The ensemble is made up of Gregory Thebeau, John T. Severine Jr. and

Luther Boda. "The Pledge of Easter" will be the speaker's Easter topic.

The park sunrise services are under sponsorship of the Quad-Cities Lutheran Bureau. Edward Christ is chairman of the bureau, a commission of members of the three Granite City Lutheran churches, St. John's, Concordia and Hope.

Coffee and doughnuts will be ready for the worshippers after the service.

Easter time for the youngsters

PEOPLE

The many faces of E. Bunny

Over the past couple of weeks, there has been much preparation. In schools, churches and homes all over the area, many Quadtians are getting ready for the arrival of Peter Cottontail, more commonly

referred to as the Easter bunny.

Since very few have ever seen the gift-bearing bunny, he remains a mysterious character indeed. But that is one of the nice things about the Easter bunny. He can be many things and still remain the same.

He imparts the spirit of joy so that even the youngest child knows that Easter is a joyous occasion.

E. Bunny is a part of the tradition of Easter and his likeness appears all over, around this time of the year.

He is fun for the children. And we adults derive great pleasure in seeing to it that the Easter bunny puts in appearance at our homes.

Since the furry little creature is for the children, it is fitting that the children should create their own ideas

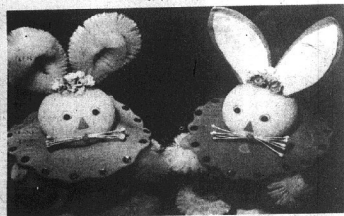

about who he is and what he is like.

And they have. In schools throughout the area, the children have been making pictures and all sorts of things depicting E. Bunny. They wait now to see if their idea of what he is like is true.

They also wait for the goodies that he will leave. It is quite a responsibility for the rabbit. But E. Bunny is up to it. He never fails the little ones.

On Easter Sunday, the children will wake to find that he has been there. Mr. Bunny will then disappear, to return next Easter — to make the children's wish for the season come true.

RABBITS AND EASTER just seem to go together. Mrs. Evelyn Davis (left) has been making her colorful version of the Easter bunny for some time. The rabbits, also shown at the middle left, are given to friends, especially grandchildren and great-grandchildren. The children at the right enjoy Mr. Bunny at a recent gathering held at Nameoki United Methodist Church.

Photos, text by Cathey Jamison

THE CHILDREN

spent last week making Easter decorations in school. Making E. Bunny out of eggs, paper and crayon was fun for the kids and certainly flattering for the Easter bunny. Mrs. Elizabeth Briggs' kindergarten class at Parkway School (right) made bunnies like the one at the left. The youngsters are, from left to right, Jill Broschew, Bridgette York, Lia Mendoza and Chris Allen.

To The Voters of Ward 4
THANK YOU
For Your Vote and Support
in this past election.

Rocking 'rockathon' on May 12 to aid crippled

The Granite City Society for Crippled Children is planning the third annual "rockathon" for Saturday, May 12, at the ice rink in Wilson Park.

Students from the speech classes at Granite City High School South, with Ron Pennell serving as advisor, will join the Society helping to make the event a success.

The 1979 rockathon will offer a chance for those who choose to participate in a rocking chair and those who prefer to dance. The "rock" will start at 9 a.m. and continue until 9 p.m.

All participants will be furnished with sponsor sheets in advance. They will ask relatives, friends and neighbors to sponsor them

for a certain amount per hour.

At the beginning of the "rock," sponsor sheets will be tallied and returned to each individual. On completion of the number of hours, the time will be multiplied times the total amount of money per hour and entered, both on the sponsor sheets and the registration forms.

Sponsor sheets will be returned for the collection from the sponsor, and registration forms with the same information will be retained by the judges. All proceeds will be used for the benefit of crippled and handicapped children in this area.

Who can "rock?"

"Anybody. Everybody," a spokesman said. "Just pick up your sponsor-registration sheets. If you need more, simply number them 1, 2, 3, etc., and attach as one entry."

"The sheets are available from anyone in the speech classes at GCHS South, members of the Society and at the Michel Jewelry & Gift Shop.

Prizes will be awarded at the annual meeting of the Society in June.

Madison High 1964 reunion

The 15th year reunion of Madison High School's 1964 graduating class is planned for June 8 at St. Mary's Hall, it was announced this week.

Members of the organizing committee are Mary Anne Svezia, John Hudley, John Onesky, Carol Ann Mangiaracino and Thomas and Emily Thebeau.

A few class members are not at their reported addresses, and anyone knowing of their whereabouts is being asked to contact a committee member.

Class members being sought are: Francine Barnes, Maggie Byrd, Kenneth Hill, Jami Johnson, Don Osborne, Georgia Sander, Jennifer Signaigo, James Watson and Sarah Williams.

UNDERCOATING — RALPH'S TEXACO 22nd & MADISON AVE.

HURT IN VENICE
Three persons were injured when the station wagon of Carlo Avallone, 50, St. Louis, and the auto of Johnnie Wooten, 19, of 212 Carver St., Eagle Park Acres, collided in the 700 block of Broadway in Venice last week. Avallone and his wife, Agata, 59, suffered minor injuries, but did not seek hospital treatment. Wooten was taken by ambulance to St. Elizabeth Medical Center for injuries to his forehead and right hand and he was released.

Storm

(Continued from Page 1)

electrical equipment and sandbags to help stop the flow of water into the basement. A. O. Smith Corp. and VFW Post 1300 sent boxes of flashlights and several individuals gave aid where needed.

One man, Paul Skinner of East 25th Street, came to the hospital despite the pouring rain, offered his two flashlights to hospital personnel and said he had just purchased new batteries for them when he heard the power was out.

Patients were taken through the dark hallways by employees with flashlights back to their rooms and visitors were escorted out. "Everyone was very calm and there have been no reports of injuries, not even a sprained ankle," a hospital spokesman said today.

The giant facility remains partially crippled today. Electricians say it will be Friday night or Saturday before electricity is fully restored, and some areas sustained extensive damage and will take weeks to repair.

The computer system will be out of commission for several weeks and the laundry and central supply areas will require extensive work, the spokesman said.

The X-ray room, some operating rooms and physical therapy areas were without power this morning and there was only a limited X-ray area operating on the fourth floor.

The intensive care area is stable with emergency power equipment and the spokesman said there were no serious incidents caused by a brief power outage in ICU.

The disaster call-in plan worked well, as maintenance and housekeeping personnel contacted each other by telephone on a relay-call system and off-duty personnel reported to work.

The extent of the damage to the building or the construction sites will not be determined until insurance adjusters can study the facility. "It appears, however, that the damage to the psychiatric wing under construction is not as bad as initially thought," the spokesman said.

Laundry, central supply and housekeeping items are being brought into the medical center from other hospitals and businesses until those areas can be put back into operation, it was explained.

Firemen using their pumps and pumps loaned by the street department and businesses worked throughout the night and were still pumping water from the basement of the Doctor's Wing today.

The Madison Volunteer Fire Department was asked for assistance in pumping water at St. Elizabeth Medical Center about 7 p.m. Wednesday and remained there until midnight.

Seven Madison firefighters worked the pumps. Fireman Mike Macek commented today that at one point there was over five feet of water in the hospital basement.

Granite City Steel personnel trucked in sandbags and the Illinois American Water Co. brought in several loads of sand to be bagged.

Electricians and maintenance personnel of the Medical Center set up temporary emergency lighting in the first floor corridors to aid in the cleanup and sandbagging efforts.

Several departments were put totally out of use. These included the computer facilities and laundry service which are located in the basement.

A temporary barrier on the east side of the Doctors' Wing allowed a large amount of water which had collected in the construction area adjacent to the wing to rush into the basement area, leaving doorknob-high water in storage areas and some department offices.

The basement level of the recently completed psychiatric wing was also flooded to doorknob height.

The Madison Fire Department was on the scene using one of its pumps to pump water from the basement area of the main hospital building, and extensive Granite City Fire Department equipment was put to use.

Emergency generators were set up throughout the building complex for lighting and needed medical uses.

The emergency room was accepting only minor injuries, as the X-ray department was without electrical power, hampering diagnosis and treatment of serious injuries.

Ambulances coming to the medical center were advised to transport their patients to other medical facilities.

Many volunteers were on hand and helped in many ways, especially with the sandbagging operation, which required most of the available manpower.

Personnel were advised to keep as many sheets, nightgowns and other linens as possible until clean linen could be delivered, due to the shutdown of the laundry service.

At 8:15 this morning, the Doctors' Wing was still without any electrical power. All other areas of the medical center were back to normal power.

Barriers to halt through traffic were situated at several locations in the Quad-Cities, including on Elizabeth Street and 14th Street, near Iowa, in Madison. The water there had cleared about 10:25 p.m. and the barriers were removed.

In an effort to continue communication between nearly powerless St. Elizabeth Medical Center, ambulance crews and the dispatcher at the main Granite City fire station, one ambulance driver reported at 9:20 p.m. that he was on his way to Wood River Township Hospital, but had left a walkie-talkie radio at the hospital here.

"So they're in communication now," he told the dispatcher.

When more pumps were needed to keep the flow of water moving from flooded hospital basement areas, extra pumps were supplied by S. M. Wilson & Co. and Granite City Steel.

Ambulance crews were among the busiest people around last night, transferring patients to area hospitals from the Granite City medical center and also responding to emergency calls from accident scenes.

One ambulance enroute to St. Louis Children's Hospital from here with a nine-year-old girl patient experienced a flat tire while going across the viaduct on McCambridge Avenue, Madison, at 10:10 p.m.

The child was quickly transferred to a second ambulance and was sent on her way.

Meanwhile, help was sent to aid the crippled vehicle whose driver began warning other ambulance crews headed in the same direction of "large potholes on the viaduct."

"There's one nearly two feet deep that blew our tire, just over the top of the viaduct," he said.

The driver, observing a Madison police car nearby, notified the officer of the viaduct's condition.

About 10:45 p.m., an officer checking conditions at Crossroads Plaza Shopping Center reported water up to the loading dock behind Central Hardware and nearly up to the dock at Schnuck's market.

Railroad ties were floating on West Pontoon Road, near the tracks, it was noted, and Circle Drive in North Granite was "under water."

A woman resident of Briarhaven Drive called police at 9:45 p.m. Wednesday, asking if it was possible to reach Pontoon Road and then Nameoki Road from her house.

The answer from an officer on duty at West Pontoon and the railroad tracks was an emphatic "No," due to high water.

About the same time, a West Pontoon Road resident reported a "very bad smell of gas" in that area.

Almost simultaneously, a serious accident occurred on Johnson Road, near McDonald's Restaurant, in which two men were injured.

Both were taken to Oliver C. Anderson Hospital, Maryville, due to power outages and flooding at the Granite City hospital.

Tow trucks were not in force during the storm and its aftermath.

One tow vehicle assisting in the Briarcliff area eventually stalled out in the deeper water and was left at that location by the driver who went to get help for himself.

No help was available for some time, however, for motorists who were stalled at Felling and Nameoki roads at about 10 p.m. Wednesday when all tow trucks in the area were busy.

About 9:20 p.m., residents on East 20th Street, near Omaha and Park, reported that large trucks traveling along 20th Street were causing the excess water to wash into basements.

An effort was made to divert or slow down the tractor-trailer rigs.

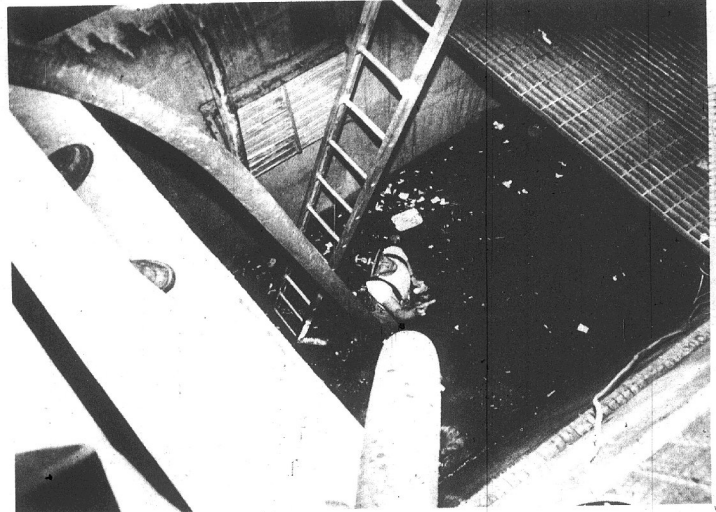

"We can't handle a five-inch rain in Granite City. Never could," Street Superintendent Lionel Portell said this morning as his crews resumed cleanup efforts from the storm.

"Anything more than about two inches of rain, and we've got a flooding danger in Granite City, particularly the outlying areas," he added. Dobrey Slough is flooded and will require two to three days to pump out, he estimated.

Portell said heavy downpours in the late evening yesterday caused water to rise rapidly throughout the city. Many streets had to be closed due to high water, including Route Three at the main gate to the Granite City Army installation, where water poured northward from the nearby Chicago Avenue overpass and flooded the intersection at Niedringhaus Avenue. Numerous cars were stalled in the water at that point.

Other streets with high water included West Pontoon Road, which was closed most of the day yesterday and still had high water today, St. Clair Avenue, the 3300 block of Myrtle Avenue, East 20th Street, Kilarney Avenue, Nameoki Drive, West 25th Street and Missouri Avenue, Bermuda Lane, Holiday Gardens and many others, the superintendent reported.

Nearly every pumping station which lifts water in the city's stormwater sewers was reported overloaded, but all were operating at full capacity and attempting to catch up, Supt. Portell said.

BASEMENT-LEVEL FLOODING at St. Elizabeth Medical Center last night. Fireman Bosworth of the Madison volunteer department is indicating the current depth of the water, about two feet at that time, to Fire Chief Eldon Rhoads.

Two hose lines are shown being used to pump water out of the building. The picture was taken near 21st Street between Madison Avenue and Iowa Street.

(Press-Record Photo by Pat Foley)

Street department crews were on duty until 12:30 a.m. today, pumping flooded basements, checking lift stations and barricading flooded streets.

On Terrace Lane, a tree limb lodged under a shutoff valve in a lift station and crews had to bring in bypass pumps to move the water around the obstruction.

"We still don't know how a tree limb got into the underground system," Portell said.

At 8:50 p.m. Wednesday, police reported a dangerous situation at Nameoki Road and Faith Avenue as a manhole cover was moving up and down in the street.

Portell said his crews checked and found that the high-pressure pump at that location was overloaded and was lifting the cover up—a problem which could not be corrected until the water subsided.

"One good thing — we had the catchbasins clear before the rain and it did not take long to drain once the rain stopped."

"The downtown Granite City area was flooded and nearly impossible for some time in the late evening, but it drained very quickly. We are also lucky this happened at night, rather than during the rush hour," Portell commented.

Police were plagued during the storm by burglar alarms set off by the high winds and by auto accidents caused by the high water. Four false burglar alarms sounded between 7:04 and 7:11 p.m. and police had to check each business establishment to be sure it was secure.

WHILE SCHOOL DISTRICT GOES 2.1 MILLION IN DEFICIT, BOARD CONTINUES CLOSED SESSIONS and LAVISH SPENDING

★ **DID YOU KNOW?** (1) Administrative salaries — official record book on the date of October 4, 1978 were \$1,162,965.00

★ **DID YOU KNOW?** (2) Travel expenses for board and administration: the agendas of regular board meetings from November 1977 to March 1979 were \$38,749.00.

★ **DID YOU KNOW?** (3) Amount of phone expenses: the agenda of regular board meetings from February 1978 thru February 1979 were \$36,981.87.

★ **DID YOU KNOW?** (4) Salaries of 59 secretaries: Granite City Press-Record dated November 22, 1978 on page 38 were approximately \$600,000.00.

★ **DID YOU KNOW?** (5) Minutes from the agendas of regular board meetings from April 1978 thru February 1979: Open meetings — 16 hours, 37 minutes; Closed meetings — 29 hours, 42 minutes.

★ **DID YOU KNOW?** (6) MORE POSSIBLE SCHOOL CLOSING: Page 321b of the agenda for School Board meeting of February 20, 1979: It states: "Others may have to be considered in the near future."

★ **DID YOU KNOW?** (7) One school board candidate up for re-election missed 25% of last year's school board meetings.

SOLUTION: Job evaluation of all administrative positions.

SOLUTION: Instead of sending 6 to 8 members and administrators, limit amount of delegates attending conventions and meetings with a report required back to school board on findings.

SOLUTION: Install watts line for entire school district.

SOLUTION: School district could and should utilize co-op students for a large part of these services. The district is pushing those students in the public sectors of the city but are not utilizing these services themselves.

SOLUTION: Insist on board compliance with Open Meeting Act of the State of Illinois.

SOLUTION: Eliminate unnecessary lavish spending and return to the school board a more practical and businesslike attitude to upgrade our children's education.

SOLUTION: Will do my utmost to be present at all meetings and be an active spokesman for the taxpayers.

OVERALL SOLUTION: Elect a School Board Candidate Who Cares

Retired Persons set events

Granite City Chapter 1340 of the American Association of Retired Persons met at the Township Hall for business and entertainment. Charles Kelly led the group in the Lord's Prayer and the pledge of allegiance, and Fern Johnson reported on the prior meeting.

Correspondence was read including a memo from the Assistant State Director, Vernice Walter on a workshop. It was noted that 13 officers and board members would attend.

President Helen Bergfield stated that there were publications from National AARP and the Social Security for members to take home and read.

The Senior Fair held March 19 at SIU was discussed. Grace Paddock reported that the Granite City senior council had a table of handicrafts there for sale. President Bergfield reported that it was AARP's turn to host the Saturday session at the center on April 28 and asked for volunteers to host the day.

Edgar Paddock reported on coming activities at the center, including blood pressure testing on the first and third Wednesday mornings, and rules of the road classes every third Wednesday and Thursday at 9 a.m. He also reported that the Senior Olympics will be held in September in Springfield and Older Americans Month activities in May. There are card games every Tuesday at 1 p.m. and games every Friday at 1 p.m.

Arthur Lindner announced a dance will be held on May

9th at the Croatian Hall. He said that the two buses are already reserved for a trip to Kenlake on May 2-4. President Bergfield reported that more card tables were needed for the Tuesday card games, and the membership voted to buy two tables. Irene Kadane, membership chairman, announced four new members: Dorothy King, Sophia Kreider, Evelyn Leu, and Ann Yurko. A guest, Cora Barr was introduced. Carolyn Lux said that 132 had registered attendance.

Oscar Ash, legislation chairman, told of Illinois legislative action on the consolidated elections, and that there were 1,600,000 over 65 in the state of Illinois and that it was noted that 40 percent of the voters were over 60, indicating that this was the most responsive voting group. Dorothy Briddick told of two tours planned for the summer and fall and that she would have more definite information at the next meeting. Kathryn Edmonds announced that the Foggy River Boys program would be at the center sponsored by the St. Johns United Church of Christ.

Janita Crawley spoke of future programs, and Carrie Hart said that cards had been sent to sick members. The next regular membership meeting will be April 11. Birthdays were celebrated and attendance prizes awarded. Refreshments were served by Rebecca Parish and the March committee.

Fourth birthday of Michael Lemp

Michael Kevin Lemp, a son of Mr. and Mrs. James M. Lemp, celebrated his fourth birthday at a family party given by his parents in their home, 3045 Marshall Ave.

A clown theme was used in the table decorations and the cake was frosted with Easter characters. After the honoree opened his gifts, refreshments were served. Those attending were maternal grandparents Mr. and Mrs. Eugene Bellman, Phyllis Bellman, Carolyn Bellman and Brian Bellman, aunts and cousin, Mr. and Mrs. Lee Trione and the honoree's brother Christopher Albert, two weeks old, all of Granite City, Terry Bellman, an uncle from Wood River and Mr. and Mrs. Donald Bellman, an aunt and uncle of St. Louis.

What Replaced The "C.W." Label Foods?

When we decided to close our own warehouse and start getting our grocery supplies from the J.M. Jones Company, it became necessary to eliminate some of our private label products. One of them was the "C.W." Label. Over the last year our store managers have been getting many complaints because we no longer have any "C.W." products. I would like to suggest that you try the "Super Valu" label products. They are very similar to our old "C.W." line. And they are 100% guaranteed.

Easter services at Trinity Methodist

Maudy Thursday communion service at Trinity United Methodist Church, E. 25th and Henry streets will be at 7 p.m. today. The church will be illuminated with candlelight and the communion will be served around a table with 12 chairs at the front of the sanctuary. Rev. Paul Bryant announces.

This service is a commemoration of the first night when Jesus instituted the Lord's Supper. Pastor Bryant will speak of the meaning of this night in his sermon, "Blessed are those who hunger and thirst after righteousness."

Trinity United Methodist Church will begin the sunrise service at 6:30 a.m. Easter

Sunday. The service uses the song, "The Comforter Has Come," but replaces these words with, "For Jesus Christ now lives," as the basis for this service. Paula Bryant will sing, "Deeper Than the Stain Has Gone," "Alone," David Bryant, "What Will You Do With Jesus?", Carol Lee, "In the Hour of Trial," a mixed quartet, "When I See My Saviour," Paul and Betty Bryant, "He Lives on High," and Wanda Robett, "The Unveiled Christ." All are welcome to attend and immediately following the celebration, breakfast will be served. Rev. Bryant added.

Nameoki Methodist set Holy services

On Maudy Thursday, today, at 7 p.m. special Holy Communion service will be held at Nameoki United Methodist Church, with the Chancel Choir and a soloist providing special music, it is announced by the pastor, the Rev. Dr. Max L. Martin. Easter Sunday includes sunrise service at 6 a.m. Pastor Martin's sermon will be: "There's Nothing To Fear." There will be special music in this service. Following at 7 a.m. will be a fellowship breakfast served

by the United Methodist men. At the 10:45 a.m. Easter morning worship service, Rev. Dr. Martin, pastor, will use for his sermon topic: "News From A Tomb." This year's confirmation class, and other persons, will be received into the membership of the church. The public is invited to attend any of the services. Nursery facilities will be provided. Rev. Martin added. Sunday school convenes at 9:30 a.m.

Daughters of Isabella discuss conventions

Daughters of Isabella, Circle 885, met at Knights of Columbus Hall, with Dorothy Hoedebeck, regent, presiding. The meeting with prayer by Chancellor Josephine Knezevich, followed by the pledge to the flag. The charter was draped for two of the members: Mrs. Clara Hoedebeck and Miss Barbara DeRuntz, recently deceased.

The spring diocesan regional meeting of the Daughters of Isabella was held at the Holiday Inn in Vandalia. Those attending were Ann Mokri, Veri Caroy, Dorothy Hoedebeck, Dell Miller, Lee Riley, Clara Schilling, Mary Horvath and Irma Manning. Prizes were awarded to Edith Young, Carolyn Lux, and the hostess, Emma Goble, who also presented.

The state convention will be in Rockford, Ill., May 18-20. Plans were made for the 1980 state convention to be held in Springfield, Ill. The hostesses for the April meeting were Virginia Sever, Frances Skubish, Eugenia Stanfill, Helen Smith, Joan Stanton, Marie Szymek, Elvira Thurber,

Cecilia Trachsel, and Ann Trtanj, with Olive Sigite as chairman.

Corporate communion will be April 29 at Sacred Heart Church, at 10 a.m. mass. The members will attend breakfast after the mass in a group, it was announced. The meeting was closed with prayer by the chairman. The next session will be on May 3 at 7:30 p.m. at the KC Hall, Mrs. Hoedebeck added.

APRIL MEETING OF WE FIVE CARD CLUB

Mrs. Della Hagen hosted the April meeting of the club in her home last week. She served refreshments, and games were played following dinner. Prizes were awarded to Edith Young, Carolyn Lux, and the hostess, Emma Goble, who also presented. Mrs. Avis Joiner has invited the club to her home for the May meeting.

Oaklawn Terrace
47 Janday Lane Granite City, Ill.

Observe and come see this brand new brick ranch home in Granite City's loveliest location. The spacious landscaped corner lot allows you the elbow room for that estate feeling. Like the smell of a new car, the aroma is repeated in the casual atmosphere of over two thousand square feet of living area. The extreme formality in the chandeliered dining room, living room and entry will say nice things about you when guests arrive through the columned porch. Combined kitchen and family room with vaulted ceiling and floor to ceiling masonry fireplace promise everlasting contentment. Extra large roofed back porch can be enclosed for privacy and lounging throughout the year. The deep basement is ready for finishing and has a masonry fireplace of its own. Side entry finished garage will hold what you have and up to four cars. It has two electric doors. There are three generous size bedrooms; including a grand master suite, with full bath and three double closets. Another full half-bath services the other two bedrooms with double closets. White six-panel doors are used throughout the home.

Jenn-Aire range, microwave plus oven, dishwasher, disposer and pantry are in the kitchen with breakfast bar cabinet. Oversize gas furnace with central air will always be helped by firmly packed energy saving package. Once you open the stained glass entry doors we know you'll find exactly what you've been waiting for.

Priced for those who can afford the very best.

Current Mortgage Rates are About \$9.00 per thousand, most of which is tax deductible.

TRADE CONSIDERED.

Do call for an appointment or request the keys. Delay may cause disappointment.

Holy week services at Church of God

Members of the congregation of the Church of God, 1205 W. Ponton Road, will be served communion on Friday evening at a table designed to depict the Last Supper in quiet meditation from 7:30 to 9 p.m., the pastor, the Rev. O. J. Cloninger announces.

Individual or families may arrive at the church anytime during the evening and partake of communion and leave at their convenience, the minister added.

Rev. Cloninger said there will be no sermon on Friday and added the annual sunrise service is planned for 6 a.m. Sunday.

There is to be special props and sound effects depicting the tomb, Christ and the rolling away of the stone and members of the Briarcliff Pentecostal Church will join in the Sunday service, followed by breakfast in the fellowship hall.

Sunday school will convene at 9:45 a.m. with the worship hours set at 11 a.m. and 6:30 p.m.

As a result of a city-wide outreach effort following the theme, "Your Pentecostal Neighbor," members of the Church of God have made over 3,000 personal contacts with local residents.

The three week campaign is scheduled to culminate in a special Easter Sunday services and the congregation is expecting a new attendance record, Rev. Cloninger added.

PRIZE

The Nobel Peace Prize was awarded to Secretary of State Henry Kissinger and Le Duc Tho on Oct. 16, 1973, for negotiating a cease-fire agreement. — CNS

Madison women plan dinner

The Madison Democratic Ladies Club held its monthly meeting last week at the Madison Recreation Center with President Zella Neuhaus presiding.

Plans were discussed for a spaghetti dinner to be held in the near future.

Members attending were, Cora Barr, Pat Westwood, Doris Neff, Rose Thomason, Margie Brannan, Cynthia Heady, Joan Wilkins, Catherine Hakkarainen, Joseph Knezevich, Frances Boker, Mollie Besserman, Irma Manning, Maxine Costoff, Elizabeth Yankoff, LaVerne Harris, Christine Green, Winnie Sasyk, Mary Benson, Blonnie Dillion and Marie Hackstra.

Hostesses for the May 7 meeting will be Frances Trotter, Joan Wilkins and Colleen Tuggle.

Mrs. Batson is club hostess

The Bunko-Elites met last week with Mrs. Florida Batson as hostess. Leona Delaray's birthday was celebrated with gifts and cake.

Prizes went to Dorothy Barnett, Julia Portell, May Ebling, Ruth Partney, and Helen Lipchik.

Others present were Angie Buehler and Rose Druhe.

HURT ON ST. CLAIR

Mrs. Juanita Legate, 51, of 3020 Sunbury Ave., was injured when her car and the auto of Marie LaBott, 59, Janine Court, collided early this week on St. Clair Avenue at the entrance to St. John's Lutheran Church. Mrs. Legate was taken by Granite City ambulance to St. Elizabeth Medical Center where she was admitted for observation for a bump to her head.

Top BPW officers at April 18 dinner

Lucille Anne Schott, president of the Illinois Federation of Business and Professional Women, and other top state and district officers will be special guests at the Granite City BPW Club's 60th anniversary dinner meeting at 6 p.m. Wednesday, April 18, at the Metropolitan St. Louis Bar Association.

Reservations are limited to 150 and will be accepted by calling dinner chairman Ann Crankinoff, at 877-6327, or Ruth Milhouser, 877-4151, through Sunday.

Location of the dinner is on the 38th floor of the Mercantile Building on Seventh Street, between Locust and Washington, St. Louis.

Parking information is available from the co-chairmen.

A social hour will start at 6 p.m., with dinner to be served at 7 p.m.

Miss Schott, of Vernon Hills, will be accompanied by Wilma Harpole of Mount Vernon, who will be installed as BPW state president April 27 in Chicago, and Colleen Forry of Rockford, state first vice-president.

St. Elizabeth Medical Center also will be honored at the event in observance of its 75th anniversary year. Representing St. Elizabeth will be Sister Mary Frances, hospital accountant, and Louise Smith, St. Elizabeth Hospital Auxiliary president.

Circle meeting held at church

The Honor Circle of Niedringhaus United Methodist Church met last week, with Lucy Weaver, leader, presiding, and Pearl Campbell serving as hostess. The morning was spent in quilting. At noon, Mrs. Campbell served a dessert luncheon using the Easter motif. The business meeting was conducted after the refreshments.

Beulah Fox gave the lesson from the book, "Who Really Starves," by Lisa Leghorn, stressing women and developments. She also gave an article on "Annie the Rascal," by Rev. Raymond Shaheen. The meeting closed with the Lord's Prayer. Those present were, Augusta Pender, Edith Etherton, Eva Evans, Winifred Reimers, Lucy Weaver, Pearl Campbell, Beulah Fox and guest Ina Smith.

Twilight Class attends revival

Mrs. Harriet Phelps and Mrs. Mary Goodall hosted a 5 p.m. covered dish luncheon for members of the Twilight Sunday School Class, Tuesday at the Mount Zion General Baptist Church.

Thirteen members and three guests, the Rev. and Mrs. Donald Clark and Mrs. Mildred Dyer of Wyatt, Mo., attended.

Mrs. Phelps, class president was in charge of a short business session after which the group attended the evening services in the church sanctuary.

Leading the week long revival is the Rev. Bob Kennedy, evangelist from Cedar View Baptist Church.

Women of Moose fetes Presley

Senior Regent Sara Gusewelle presided at the business meeting of the Women of the Moose. The guides escorted Moose Governor Boyd Presley into the chapter room, and to the senior regents station. Mrs. Velma Finney presented Presley with a plaque from the Salvation Army for ringing bells and he was given chapter honors.

Mrs. Virginia Burgess and Mrs. Kathy Burgess were enrolled into membership of Granite City Chapter 247. Pro-tem for the candidates was Mrs. Finney.

The Academy of Friendship will host a fund raising event on April 22, at the Moose Lodge from 2 p.m. to 4 p.m., it was announced.

Pro-tem officers for the evening were Veronica Wilson, Virginia Sever, Leitha Worthen, Mildred Votoupal, Maureen Burris, Doris Master, Irene Kosma, Diana Warnhoff, Anna Kuzma and Mary Driscoll. Cake and coffee was served to 29 by the Moosehaven committee.

Granite City Press-Record

Loretta Miller gave her report on her chapter night, and Mrs. Gusewelle read the report for hospital chairman Millie Moss. Prizes were furnished by Mrs. Votoupal during the social hour.

Spring engagements of Quad-City couples

ENGAGED. Miss Karen Sue Stawar and her fiancé, Mark Boyer. Their engagement is being announced by the bride-elect's parents, Mr. and Mrs. Arthur Stawar, 2569 Buenger Blvd. A Sept. 1 wedding is planned.

Boyer-Stawar betrothal

The engagement of Miss Karen Sue Stawar and Mark Boyer, a son of Mr. and Mrs. Godfrey Boyer, 2324 St. Clair Ave., is being announced by the bride-elect's parents, Mr. and Mrs. Arthur Stawar, 2569 Buenger Blvd.

Miss Stawar is a 1976 graduate of Granite City High School North, and is now attending Southern Illinois University at

Edwardsville, where she is majoring in speech pathology and audiology.

The groom-elect graduated from Granite City High School South in 1975, and is employed at A. O. Smith.

The September 1 wedding will take place at St. Margaret Mary Catholic Church.

Bouse-Soellner betrothal

A June wedding is being planned by Miss Anna Soellner, a daughter of Mr. and Mrs. Frank Soellner, 2533 Edwards St., and Dennis Bouse, a son of Mr. and Mrs. Robert Bouse of Collinsville.

The bride-elect graduated from Granite City High School South in 1973, and is employed as a secretary at A. G. Edwards and Son, Inc.

Her fiancé graduated in 1973 from Collinsville High School and this year from Southern Illinois University at Edwardsville. He is working at Sverdrup Parcel in St. Louis as a structural engineer.

The wedding will take place at Sacred Heart Church in Granite City.

Loretta Miller is honored

Senior Regent Sara Gusewelle called the Moosehaven Chapter Night to order at the regular meeting of the Women of the Moose. The guests escorted Loretta Miller to the senior regent's station, and Mrs. Gusewelle presented her with a corsage as a token of appreciation.

Mrs. Miller introduced the members of her committee and thanked everyone for the assistance she received.

Prizes and gifts were awarded during the social hour, and were donated by the members of the Moosehaven committee. A luncheon was served to 35 co-workers.

The chapter voted to enroll Carol Law into the chapter. She will be enrolled into membership on April 11.

Decorations in the dining room were of spring flowers and shamrocks.

Nu Zeta plans new events

The Nu Zeta Chapter of Beta Sigma Phi Sorority, held their regular meeting at the home of Rhonda Dooley last week.

Carol Moerlien reminded members of a float trip to be taken Aug. 3-4. Also, plans were made for a Mother's Day brunch to be held May 20 at Charlie's Restaurant.

Founder's Day will be April 25 at the Round Table, it was noted. A rush for new members will be held May 1.

Preceding the meeting, a Mary Kay Cosmetic demonstration was given by Wilma Jones. All members participated in a facial.

Those present were: Cheryl Barton, Leoma Macek, Carol Moerlien, Margie Williams, Amy Kaufeld, Marcie Johnson, and the hostess.

TO WED. Miss Anna Soellner and Dennis Bouse whose engagement is being announced by her parents, Mr. and Mrs. Frank Soellner, 2533 Edwards St. A June wedding is planned.

TO MARRY. Miss Donna Williams and her fiancé, John Kovach. Their engagement and approaching marriage are being announced by her mother, Mrs. Beverly Milton of Murphysboro, Ill. Plans for a May 11 wedding are being completed.

Kovach-Williams betrothal

The engagement and forthcoming wedding of Miss Donna Williams and John Kovach, both of Granite City, are being announced by the bride-elect's mother, Mrs. Beverly Milton of Murphysboro, Ill.

The bride-to-be attended Granite City High School South and presently is a student at the Illinois Business and Technical School here.

Her fiancé is a Granite City High School graduate and is employed at Granite City Steel.

He is the son of Mr. and Mrs. William Kovach, 3239 Westchester Drive.

Plans are being completed by the engaged couple and their families for a wedding on May 11 at Emmanuel Baptist Church, 1800 Pontoon Road.

Circle elects new officers

The Ella Mae Missionary Circle of Mount Zion General Baptist church met last week with nine members present.

Hostesses Mrs. Mary Goodall and Mrs. Harriet Phelps served a spaghetti dinner at noon. Prayer was offered by Mrs. Ann Schubert after which President Mary Goodall conducted a short business meeting.

Officers elected to serve in the ensuing year were: president, Flo Monroe; vice-president, Mrs. Mary Goodall; secretary, Mrs. Lily Graf; treasurer, Mrs. Ann Schubert. Other officers will be appointed by the president at the May meeting.

The lesson was given by Mrs. Dena Williams on "Loving Yourself As You Love Others," taken from different scriptures of the Bible.

A special solo was sung by Gleola Graves, entitled "Down the Valley," which she wrote herself.

Kramer-Walker engagement

Mr. and Mrs. Glen R. Walker of Dallas, Tex., are announcing the engagement of their daughter, Miss Joan Walker, and Richard Kramer, son of Mr. and Mrs. James Kramer, 2914 Sunset Drive.

The couple is planning an Aug. 11 wedding to be solemnized at Mount Zion General Baptist Church in Granite City. They plan to make their home in Dallas.

Miss Walker will graduate in May from Duncanville High School. She is now employed at Susie's Casuals in Dallas.

Her fiancé is a 1976 graduate of Granite City High School South. He is employed by Canada and Walker, Dallas.

Venice club aids scouts

Mrs. Elenora Weber, president of the Venice Women's Club, opened the weekend meeting at the Venice Recreation Center with an Easter prayer.

All officers submitted their reports and Mrs. Clara Krause was named secretary for the ensuing year.

Members agreed to send a donation to a Girl Scout troop which the club sponsors. A discussion was held on an auction to be featured at the May meeting, and it was noted members are to invite guests to the event.

Mrs. Maude Lewis was welcomed as a new member during the session.

A social hour followed with games and prizes provided by the hostesses Mesdames Dorothy Koelker, Loretta Ziegler, Mrs. Krause, and Lisa Bauer. Cake and coffee were served.

Other members present were Mesdames Lulla Kowalski, Jane Harris, Bertha Pace, Alice Mitchell, Madonna Groshong, Rhea Buente, Nora McCoid, Mamie Ponce, Hazel Painter, Allene Marcus, Hazel Pozniak, Grace Grimes, Ruth Canner and Elsie Canner.

BETROTHED. Miss Joan Walker and fiancé, Richard Kramer. Their engagement and plans for an August wedding is being announced by the bride-elect's parents, Mr. and Mrs. Glen R. Walker of Dallas, Texas.

Safety emphasis for Clinton nuclear plant

By LEONARD KOCH
Vice-President
Illinois Power Company

The incident that occurred at the Three-Mile Island nuclear power station March 28 has raised many questions. Illinois Power has specifically been asked, "Could it happen at our Clinton Power Station (135 miles north of Granite City)?"

The simple answer to that question is that we do not yet have enough information about what occurred in Pennsylvania to respond completely, but we certainly intend to find out.

The Three-Mile Island incident has been described by some as the worst mishap in the nuclear power industry. If it is, then one of the most important conclusions to bear in mind is that no one—either employee or member of the public—has been killed or injured.

This represents a continuation of the safety record of the nuclear industry which

spans more than 20 years and includes more than 450 reactor years of operating experience.

For reasons that are still unclear, major plant components failed, but the plant has been placed in a stable condition. Officially, the optimistic that the plant can be placed in a cold shutdown condition within the next few days.

Although the Three-Mile Island plant is very different from our Clinton plant and the identical failure cannot occur at our plant, we will be monitoring all of the information as it becomes available.

We will be evaluating it to determine whether there is any experience which we can apply to the Clinton Station (to be built during the 1980s). Where mechanical equipment is involved, there will always be a chance of breakdown or human error.

Our objective will continue to be to make the Clinton Station as safe as possible.

However, no one can say that there would never be some other type of equally serious accident at a nuclear plant of the Clinton design.

You have undoubtedly seen and heard many numbers regarding the radiation releases from the Three-Mile Island Station. We do not know exactly what the radiation levels are or what they have been, but it is clear that the amount released into the atmosphere is much less than what the U.S. Environmental Protection Agency considers hazardous.

The EPA's action level for evacuation of the general public is an integrated radiation exposure of 1,000 to 5,000 millirems. The exposure close to the plant site for the five days following the incident was less than 100 millirems, dropping quickly at further distances.

This exposure can be compared to a normal chest X-ray, which involves an exposure between 30 and 50 millirems.

These measurements are made outdoors without protective cover on a 24-hour-a-day basis. Since people spend most of their time under cover, it is very likely that the general public will have received exposures from this incident very much less than a chest X-ray.

The state authorities were very cautious and advised pregnant women and children to leave the immediate vicinity. Although this was a wise precautionary step, it received distorted interpretation and publicity.

Illinois Power's primary concern at Clinton will continue to be the health and safety of the public and our employees, followed by protection of the plant.

We take the Three-Mile Island incident very seriously and we believe that there are things to be learned from this experience.

Some radioactivity was released from the Pennsylvania plant and it is important that we take appropriate steps to minimize the possibility of such releases from the Clinton Station.

We will be cooperating with the government, the utilities involved and other organizations to obtain all of the information possible.

Nuclear power is an important source of energy. It has an enviable performance and safety record, but we believe it can be made even better.

We expect that certain safety improvements will result from the Three-Mile Island experience.

FISH FRY FRIDAY
Annets Post 204 will hold its annual fish fry Friday from 4 to 7 p.m. at the Madison Memorial Center. Workers are being asked to report at noon and bring a cake.

Acting mayor is candidate for Venice First Ward alderman

PHILLIP DANIELS

Acting Venice Mayor Phillip Daniels, who was appointed to the City Council in December, is running for a First Ward alderman position April 17.

He comments, "My reason for seeking office is to be an active member of the City Council, in a management capacity, in order to establish the City of Venice as a stable financial corporation once again."

"I'd like to see that services provided by the city are used to their fullest extent for the people I represent."

"I have a bachelor of science degree from Southern Illinois University at Edwardsville. I have three years of teaching experience in the areas of economics, history and government."

"I am a member of St. Mark's Catholic Church and the Illinois and Madison County Firemen's Associations, honorary director of the Tri-Cities Area Chamber of Commerce board, a Brotherhood member of the Order of the Arrow, which is the National honor association of campers of the Boy Scouts of America and member of the Venetian Council Explorer Committee."

Daniels continues, "One of the most crucial problems facing the city is the question of revenue, or the lack of it."

"I propose using city-owned land to the most efficient economic extent possible."

"If we utilize this land for industry and promote retail trade in the city, we are not only increasing our tax base, but will increase the employment opportunities in our area."

"We need retail trade to allow our citizens a place to spend their incomes in our community."

"Ask the question, where do the citizens of Venice go to purchase a suit of clothes, buy toys for their children, purchase a home appliance or buy prescription drugs. As you can see, we are supporting the surrounding communities."

"Another equally important issue is that of housing. The argument is that our young people are leaving the community because of no place to live."

"I advocate building individual housing units that could be bought with low-interest loans."

"This would relieve the crowded conditions of the existing public housing, making this space available for the elderly and low-income."

"I support building housing facilities in the Venice School District. If the Venice school system loses \$5 million in assessed valuation due to the loss of the corporate personal property tax, this could make it eligible for the resource equalizer."

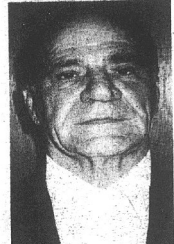

"This would mean full state funding, and then the additional student enrollment would be an asset to the district—in addition to raising the tax base for the City of Venice from the housing facilities."

"Several short-term goals I support are continued Community Development, housing rehabilitation programs to improve existing housing, and critically-needed street repair."

"I advocate the use of the best resource potential that we have and that is the people of the community."

"I will work to raise incomes, lower unemployment, and provide housing facilities best suited to our needs."

REINHARDT-Realtor
Sells-BETTER LIVING

JOHN MANGIARACINO

John Mangiaracino is running as an independent candidate for alderman of the First Ward in Venice April 17.

"I live at 1004 Third St. and have resided in Venice all my life. I am an active member of St. Mark's Church, the Venice Crippled Children's Organization and the Venice Social Club," he relates.

"I am a past alderman for the city of Venice, a twice-elected precinct committeeman, and am currently serving the city as health inspector."

"As a concerned citizen and candidate for alderman of the First Ward, I feel that we as residents of Venice have much to accomplish toward the betterment of the city we live in."

"Not only the people of the city, but all the citizens of Venice have seen our city go down hill in the last four and a half years."

"We cannot blame this on the citizens, because they were told things that were not true."

"The citizens on Main Street what the administration has done about the dust on their street."

"Things I would like to see done if I am elected alderman:

1. "I would like to see the street department clean up vacant lots, clean up abandoned homes and demolish houses."

2. "He has cleaned up, I mean grading the lots that need it. Streets should be resurfaced with blacktop."

3. "The playground they use at the present time washes down the sewers and that causes problems with the city sewers. And gravel does not cover potholes, so you have the same problems when they wash."

4. "The junkyard we have on Fourth Street when you enter our city—I would like to take council action in cleaning it up or enclosing it so our city would have a better look."

5. "I think when the street department puts up signs, the police department should enforce the law and not let a city official tell them anything different."

6. "I think the health inspector, building inspector and superintendent of streets should do their jobs. Otherwise, we are not needed them or could replace them with citizens who would do the job."

Charge railroad with blocking GC crossings

Granite City police Tuesday morning signed two complaints against the Burlington & Northern Railroad alleging obstruction of a highway at a crossing for longer than allowed by law.

Sgt. Leonard Svoboda alleged he saw a train northbound with only the first engine blocking the 22nd Street crossing and the gates down. He timed the crossing blockage from 10:20 to 10:37 a.m., during which the train did not move, he said.

The train then backed up, stopped and blocked the 19th and 20th Street crossings from 10:55 to 11:05 a.m., and then backed again, taking another six minutes to clear 19th Street, according to official reports. He alleged 19th Street was blocked a total of 16 minutes.

LOOT MOBILE HOME
Items valued at about \$150 were stolen from the mobile home of Greg Spence, 2900 Palmer Ave., when it was discovered Monday. A rear window was broken to gain entry. Taken were a 20-gauge shotgun, a pocket calculator, a brief case and some books.

EARL HOGAN

Earl W. Hogan, 32, is running April 17 for alderman in Ward One in the city of Venice.

"I was born in Granite City. I moved from there to Venice in 1955, and live with my parents at 221 Kerr St."

"I attended St. Mark's School and Venice High School, and I am a member of the Board of Education at the present time," he relates.

"I am employed with American Car & Foundry in St. Louis, previously was employed with the Street Department of Venice for 10 years."

"At one time, it was the first little city in the Quad-Cities. I think that with my help, and with the help of the citizens of Ward One, we can again hold our heads high."

"Not only the people of the city, but all the citizens of Venice have seen our city go down hill in the last four and a half years."

"We cannot blame this on the citizens, because they were told things that were not true."

"The citizens on Main Street what the administration has done about the dust on their street."

"Things I would like to see done if I am elected alderman:

1. "I would like to see the street department clean up vacant lots, clean up abandoned homes and demolish houses."

2. "He has cleaned up, I mean grading the lots that need it. Streets should be resurfaced with blacktop."

3. "The playground they use at the present time washes down the sewers and that causes problems with the city sewers. And gravel does not cover potholes, so you have the same problems when they wash."

4. "The junkyard we have on Fourth Street when you enter our city—I would like to take council action in cleaning it up or enclosing it so our city would have a better look."

5. "I think when the street department puts up signs, the police department should enforce the law and not let a city official tell them anything different."

6. "I think the health inspector, building inspector and superintendent of streets should do their jobs. Otherwise, we are not needed them or could replace them with citizens who would do the job."

ATTEND BURIAL
Out-of-town friends and relatives were in Granite City for the burial of Carl F. Hoover, Chicago, formerly of Granite City. They were Forrest and Hamilton Hoover, sons, Mrs. Karen Hoover and Mrs. Jane De Lung, all of Chicago; Mrs. Cynthia Coffey of New York, the Hoover boys' grandmother; and Mrs. Peggy Solberger of Mobile, Ala.

ELKS RULER Fred Cunningham, right, presents an appreciation plaque to Harold Rush, Lodge 1063 retiring ruler, at the annual installation ceremony. The Granite City lodge's new leader is a 31-year member of the Elks.

Fred Cunningham Elks' new ruler

Promising a year of continued growth and improvement in all aspects of Elks' Lodge 1063, Fred Cunningham, a 31-year member of the Benevolent and Protective Order of Elks (BPOE), has accepted the responsibilities as exalted ruler in installation ceremonies at the lodge, 1329 Niedringhaus Ave.

Cunningham succeeds in office Harold Rush, who was presented a plaque in appreciation of "dedicated service to Lodge 1063."

Under Rush's leadership the past year, the Granite City Lodge has established a roster of more than 500 members, including 100 new members in the last 12 months.

It was noted that extensive improvements to the lodge building's interior have been completed and have rejuvenated its overall appearance.

Increased participation in social events was recorded during Rush's tenure, with capacity crowds at all dances, it was reported.

The new exalted ruler is a lifelong resident of Granite City. He and his wife, Shirley, are the parents of two daughters and two sons.

Cunningham has been employed by Illinois Power Company for the past 24 years.

He has been an active member of the Elks organization for more than three decades.

Previously, the exalted ruler served as dance committee chairman for two years, recording the most successful social program noted for some years at the local lodge.

Installed with Cunningham were Dave Moser, leading knight; Jim Jones, loyal knight; G. R. McGovern, lecturing knight; Harold

Rush, trustee; Herschel Jones, esquire; Mike Curran, chaplain; Charles Cottrell, inner guard; Fred Buerske, tyler; Bill Russell, secretary; and Anthony Michel, treasurer.

More than 100 persons attended the installation dance following the formal ceremonies.

2 arrested at apartment
Charles Voloski Jr., 1608 Seventh St., Madison, signed a complaint, alleging trespassing against his former wife, Lisa Narvaez, 22, of 1051 Washington Ave., Madison, following an incident referred to as a home invasion at 11:40 p.m. Tuesday.

Voloski alleged his ex-wife had entered the apartment and removed his clothes from a closet, throwing them about the floor.

A police officer dispatched to the scene asked her and another woman to leave. After allegedly refusing to do so at first, the pair then left and was cautioned not to return, authorities said.

At 12:05 a.m. Wednesday, police again were summoned to Voloski's apartment and allegedly found Lisa Narvaez and her sister, Rebecca Narvaez, 17, of 1519 Market St., Madison, on an upstairs porch arguing with the occupant.

Both women were arrested and each was charged with disobeying a police officer. They were released at 12:35 a.m. Wednesday on notice to appear for a hearing at 9 a.m. April 27 in Granite City.

Officer is threatened with hatchet

Robert M. Newman, 29, of 120 Wilson Park Lane, was charged with aggravated assault for allegedly holding up a hatchet and threatening a Granite City policeman with it at Newman's home at 3:30 p.m. Monday.

Patrolman Kenneth Crawford was summoned to that address to aid an estranged wife in removing personal possessions. She was under an attorney's advice to break in, if necessary, to get her possessions, Crawford was told.

While Crawford waited, she broke a window to the front door and entered. Newman then allegedly arrived in his van, drove into the front yard, ran to the front door and accused Crawford of breaking a door window.

The officer explained the situation, and alleged that Newman went to the garage and returned with a hatchet raised in his hand. Crawford drew his service revolver, aimed it at Crawford and ordered him twice to drop the hatchet, it was asserted. The officer said Newman complied but then threatened to get a gun. He was arrested and was taken to the Granite City police department and booked.

He also was charged with damage to city property for allegedly causing plumbing to overflow onto the floor of his jail cell.

LOCAL STUDENT WINS RECOGNITION. Lori Buenger (left), a student at Granite City High School North, is congratulated by Carol Keene (right), dean of the School of Humanities at Southern Illinois University at Edwardsville, for being a finalist in the annual High School Writers' Prize Competition. Mrs. Patricia Tucker (center), is Miss Buenger's instructor. Along with 17 other area high school students, Miss Buenger was honored at a reception on the SIUE campus. The competition was sponsored by the department of English language and literature at the university.

TWO INJURED WHEN PICKUPS COLLIDE

Two pickup trucks collided on Nameoki Road at East 25th Street last week injuring the driver and passenger in one of the vehicles. Mrs. Harriet J. Sanders, 51, of 4902 Kirkpatrick, Homes, a driver, struck her head on the windshield and was treated at St. Elizabeth Medical Center.

Phillip Kyle, 15, of 4902 Kirkpatrick, suffered a bump on the head and was treated at the hospital and released. Driver of the second vehicle was Thomas J. Bridick, 51 Lockhaven Drive.

Student writers honored

Craig F. Preston of East St. Louis High School is the winner in the first annual High School Writers' Prize Competition sponsored by the department of English language and literature at Southern Illinois University at Edwardsville. He was presented a check for \$200 at a reception in the University Center for his essay, "Of Literature and Logic."

The second-place award of \$100 was received by Kim Wick of Highland, a senior at St. Paul High School, for an essay entitled "The Time-Hungry Television."

Bryan Steele of Glen Carbon, a student at Edwardsville High School, earned third place and \$50 for "Does Our Technology Affect Our Educational Process?"

Fifteen other finalists, all seniors at area high schools, were honored at the reception. They included Lori Buenger of Granite City High School North.

Sunrise service at Lake View

The 17th annual Ecumenical Easter sunrise service at Lake View Memorial Gardens, 500 N. Illinois, off Route 15, Belleville, will be held Easter Sunday morning from 6 o'clock to 6:45.

The special services, sponsored each year by churches from Fairview Heights, are attended by capacity crowds of worshippers from this area and other sections of the bi-state region.

It was noted that the sun already will have broken over the horizon at 6 a.m.

Seating and public address facilities will be available.

The services will open with an introit by trumpeters John Kirchoff and Terry Davinor, Belleville High School West students, directed by Ralph Chieslesinger. The youthful musicians also will conclude the program with a duet, "The Holy City."

Congregational hymns during the service will include "Christ the Lord Is Risen Today," "Christ Arose" and "He Lives," under the leadership of the Rev. Bill Fox of Lake View Southern Baptist Church, accompanied at the piano by Mrs. Charlene Furrell.

The Rev. Sam Totten of Christ United Methodist Church will read from the Scripture, and the Rev. Carl Givens of the Full Gospel Tabernacle will lead the prayer.

The Rev. Paul Lund of the Church of God will bring the Easter message, "Joy to the World."

Soloist June Maloney of Lake View Southern Baptist will sing "Jesus Lives."

"I Walked Today Where Jesus Walked."

Introductions and announcements will be made by Dr. Harold Paul of St. John United Church of Christ. The Rev. William Rensing of Our Lady of Assumption Catholic Church will offer the benediction.

Site of the services, near Reiss Memorial Chapel, will be enhanced by the new carillon bell tower, a gift of the late Mr. and Mrs. Roy Gass.

Statewide job losses noted

Results of a nationwide study released by the Illinois Manufacturers' Association (IMA) conclude that Illinois has serious business climate problems.

The report — "A Study of Business Climates of the 48 Contiguous States of America" — ranks Illinois a poor 41st out of the 48 continental states in "attractiveness of business climates," and 46th in "manufacturing jobs won-lost."

The latter ranking translates into 140,500 manufacturing jobs that Illinois has lost within the past decade, the IMA asserts.

The report was prepared by Alexander Grant & Co. of Chicago, a certified public accounting and consulting firm. The report was commissioned by the Conference of State Manufacturers' Associations (COSMA), a 30-state group of which the Illinois Manufacturers' Association is a member.

"This report confirms what informed businessmen, some state government officials and this association have been saying for the past five years or more," said Orville V. Bergen, IMA president. "It says that we have serious business climate problems in Illinois."

"It says that as a result, we've lost more manufacturing jobs than virtually any other of the losing states — mostly to the Sunbelt states offering better economic environments."

Alluding to specific factors blamed for Illinois' plight as reflected in the new Grant-COSMA study, Bergen said, "Different companies move or expand elsewhere for different reasons, but they invariably involve costs of manufacturing in Illinois versus elsewhere."

"Illinois has high unemployment compensation costs, particularly compared to states taking our jobs."

"Combined state and local taxes are also higher than those states and the future is not reassuring. Problems some manufacturing employers with labor and big city problems in Chicago have also taken their toll."

The new study defines "business climate" as "that aspect of the business environment directly controllable by the actions of the state government."

It states that there is a "general correlation between the business climate ranking and the manufacturing jobs gained-or-lost ranking in each state."

Expanding on the latter statement, Bergen pointed to the report's statistical evidence which suggests that many of the jobs formerly in Illinois and other northern states have migrated to Sunbelt states.

The report reveals that the 13 states from Virginia to Texas have experienced an increase of 1,003,900 in industrial jobs since 1968, while eight northern industrial states (New York, Massachusetts, Connecticut, Pennsylvania, New Jersey, Ohio, Michigan and Illinois) have lost 556,000 jobs.

The business climate rankings of these latter eight states (ranking from 37th to 48th) illustrate the relationship of such rankings to manufacturing job losses.

"Another study result that should alarm Illinois government and legislators," Bergen remarked, "is the fact that several of the states bordering Illinois have succeeded in achieving a better business climate for themselves."

"They have gained jobs in the past decade while Illinois has lost jobs. The study shows that Wisconsin has gained 57,800 manufacturing jobs, Iowa is up 24,500 and Indiana is ahead 21,400," Bergen concluded his comments on the study and its implications for Illinois by saying, "This new study is the latest of reports which have documented Illinois' business climate problems."

"Among those we've seen before is a national study by The Funtus Co. of Chicago, plant relocation consultants, which was released in 1975. In that report's ranking of state business climates across the nation, Illinois surfaced as 35th out of 48 states."

"Also, in 1976, after a comprehensive survey of 189 manufacturing firms in the greater Chicago area, the Illinois Department of Business and Economic Development concluded that Illinois had a serious business climate problem — and that businessmen believed there was an anti-business attitude demonstrated by local and state governmental agencies, and particularly by legislative bodies."

"We still have a giant industrial state with many natural advantages," Bergen added.

"But manufacturing jobs are critical to the health of our economy, employment and the tax base. And Illinois obviously has problems."

"Manufacturers have been 'voting' with their feet. Illinois must be more competitive. The Grant-COSMA report merely documents the problem, and the need for understanding help in state and local governments."

MARRIED. Mr. and Mrs. Donald Albert Pugh who exchanged wedding vows at St. John United Church of Christ. Formerly Miss Loretta Marie Schaefer, the bride is a daughter of Mr. and Mrs. Leonard Schaefer of Granite City.

Miss Loretta Schaefer marries Donald A. Pugh

Announcement is being made of the wedding of Miss Loretta Marie Schaefer, a daughter of Mr. and Mrs. Leonard Schaefer of Granite City, and Donald Albert Pugh. He is the son of Mr. and Mrs. William Pugh of St. Louis.

The wedding took place at St. John United Church of Christ, Jan. 27. The Rev. James Mory performed the ceremony, and music was provided by organist Alan Milster and soloist Angela Hamilton.

Given in marriage by her father, the bride wore a Victorian inspired gown of ivory chiffon and lace, accented with satin ribbon. She chose a wide-brimmed ivory hat, covered with French lace and embellished with seed pearls and she held a basket of peach roses with ivory ribbons.

Attending the bride as matron of honor was her sister, Barbara Ellsworth. She selected a blue gown and carried a bouquet of blue roses with ivory and blue ribbons. Serving as best man was the groom's brother, Bob Pugh. Larry Pugh and Mike Ellsworth were candlelighters.

The bride graduated from Granite City High School North in 1975. Her husband is a 1969 graduate of North County Technical in St. Louis, and he served five years in the U.S. Army, serving two years in Germany.

The newlywed couple is residing in Granite City.

Revival services at Victory Pentecostal

Evangelist Bob Camp opened a revival Wednesday evening at the Victory Pentecostal Church, 2601 Cayuga St., and will continue services Thursday, Friday and Sunday.

Host pastor, the Rev. Bobby George, added services begin at 7:30 each evening and are open to the public.

Paula Smith gives lesson

Mrs. Paula Smith gave the lesson, "In Search for my neighbor," taken from the book, "China, Search for Community," by Raymond and Rhia Whithead at the April meeting of the Patience Circle of the Niedringhaus United Methodist Church.

Members met in the church parlor with Ethel Lerch as hostess. Prayer was given by Mary Ahlvers. Mrs. Velva Brewster, co-leader, was in charge of the business session. The meeting was opened by the group reciting the Lord's Prayer in unison. A penny was collected from each member as the "Fellowship of the Least Coin."

Mrs. Brewster announced that May Fellowship Day will be held May 4th with the United Methodist Women of the Niedringhaus United Methodist Church as host. Salads will be served for lunch, and the meeting will start at 10:45 a.m.

There will be no general meeting of the Society Thursday evening because of "Maundy Thursday," it was announced.

The next general meeting will be held June 14 at 7:30 p.m., Patience and Love Circles as hostesses.

Members attending were: Mesdames Mary Ahlvers, Velva Brewster, Alice Cruse, June Karandjeff, Ethel Lerch, Woodie Lynn, Paula Smith, Mabel Stewart Katherine Van Order and Doris Wigger.

Mrs. Lehea Gitchoff, 2648 Benton St., will host the circle in her home, May 3, at 1 p.m.

Afternoon Guild meets at church

The Afternoon Guild of St. John United Church of Christ held its monthly meeting last week at the church. Sophia Young and her committee served a dessert luncheon to those present.

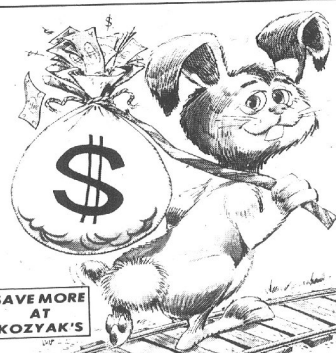

Members congregated before the luncheon to sew cancer pads for the Hitz Home in Alhambra, Ill. Pastor Jim Mory presented the devotion and the Guild of his trip to the Holy Land.

President Alice Pfroender conducted the business meeting. Mary K. Willard was presented with a picture in honor of her joining the Golden Age Ladies.

A memorial prayer was read for Mable Bunselmeyer. The meeting closed with the Ceremony of the Least Coin, the Lord's Prayer, and the Guilds Hymn.

Marriage licenses

Marriage licenses issued through the office of Miss Evelyn M. Bowles, county clerk, to Quadt City residents:

James D. Bladdick and Deborah E. Hodges, Lloyd W. Brooks Jr. and Sharon D. Pierson, Thomas D. Cottrill and Tracie L. Little, Leo M. Deak and Barbara L. Stephens, Randall Ray Dickinson and Debra A. Schwendemann, all of Granite City.

Daniel Scott James and Debra De Young, Donald R. Johnson and Ina H. Campbell, Edward E. Kennerly and Kimberly A. Landys, John C. McCord and Jeana Ann Salecker, Robert A. McKinney and Jo Ellen Deloney, Richard E. Schardan and Cheryl E. Davis, all of Granite City.

Dennis James Dunnivant, Madison, and Sharon Kaye Smith, Granite City.

Leroy Fuller, Granite City, and Linda Lee Fuller, East Alton, Ill.

Major C. Goede, Grafton, and Irene E. Kozman, Granite City.

Gerald Stephen Jackson, Maryville, and Judith Ann Reisinger, Granite City.

Dwayne R. Kelly, Granite City, and Victoria J. Brown, Lebanon, Ill.

Richard W. Kindel, Collinsville, and Gail L. Frazier, Granite City.

Daniel Robert McClosky, Granite City, and Linda Darlene Whitecollon, Madison.

Earl Perkins Jr. and Carolyn Ruth Jackson, both of Madison.

Robert S. Randolph, Madison, and Constance S. Richwine, Edwardsville.

Richard Allen Smiley, Staunton, Ill., and Tammy Melissa Smith, Granite City.

Garden Study wins District V award

Mrs. Wilmer Winter, new president of the Garden Study Club, conducted her initial meeting last week at the home of Mrs. Fred Allen, 2223 Arnold Drive.

A dessert course at 1 o'clock preceded the business session. The program, entitled "Several Ways That Gardening Saves," featured a workshop and potluck luncheon on May 17 in Mascoutah, Mrs. Winter reported.

Roll call was answered by revealing planning plans for spring. Mrs. C. E. Eads announced the Garden Study Club won a blue ribbon from

District V for its club book at last week's meeting in Lebanon.

Mrs. Jerry Dopley reported parents and members of the Fair Oaks Junior Garden Club had met at her home and made plans for a bake sale in May.

The club is sponsored by Garden Study. Local members are invited to a workshop and potluck luncheon on May 17 in Mascoutah, Mrs. Winter reported.

Also at the meeting were Mrs. Donald Broyles, Mrs. Norma Crenshaw, Mrs. John Huseman and Mrs. John McCombs, who will entertain the group in May.

Emmanuel Baptist Easter cantata

The Rev. Bill Young, pastor of Emmanuel Baptist Church is announcing an Easter cantata, entitled "Alive," to be presented Sunday, April 15, at 6:30 p.m. under the direction of Bill Patterson, music director.

The public is invited to the service at the church located at 1800 Pontoon Road, Rev. Young added.

Those in the program presented a musical, "I Think I'm In Love" last week under the direction of the pastor.

Those in the program were Barbara Kessler, Tom Keelin, Randy and Robin Thurman, Marsha Don and Paula Fisher, Dwayne Allen, David Parker, Tammy Pounds, Bradley Badgett and Mary George.

Easter story circle topic

The Charity Circle of Niedringhaus United Methodist Church met at the home of Mrs. Alice Hunsinger last week.

The meeting was opened with prayer by the leader, Mrs. Mable Gertsch. Mrs. Elizabeth Briggs lead the devotion with several members participating reading the Easter Story from Ideal Magazine.

Achievement goals for 1979 for United Methodist Women were read and discussed. Mrs. Dolores Vogeler announced the tickets are available for the Church Women United Fellowship Luncheon to be held at Niedringhaus Church May 4.

The women were reminded that no general meeting will be held in April and urged them to attend Maundy Thursday services. The Chancel Choir will present a cantata, "The Passion of Christ" along with a brief meditation and then holy communion.

Members were reminded that there will be a ladies banquet and style show May 10 and the tickets are to be \$5.00.

After the business meeting the hostess served refreshments to the following: Mesdames Emma Schoen, Karen Ambuehl, Beatrix Mathias, Dolores Vogeler, Joan Mucho, Alice Hunsinger, Elizabeth Briggs, and Mable Gertsch.

The May meeting will be held at the home of Mrs. Gertsch, it was noted.

Mrs. Davis is chapter hostess

Mrs. B. J. Davis entertained members of Chapter HP-1 P.E.O. Sisterhood, Monday, in her home and served a dessert luncheon to 18, followed by the business session.

President Mrs. Irvin Slate presided and led a discussion on the local group attending the 50th anniversary of Chapter CT of Belleville, on April 26.

Plans were also formulated for delegates to attend the state convention set May 23-25 in Peoria.

The next chapter event will be a spring party, on April 23 in the home of Mrs. Leo Konzen, Mrs. Slate announced.

Anchorage honors birthday members. Anchorage Senior Citizens held a business meeting and birthday party last week with 75 members present.

Mrs. Georgia Butler, president, opened the meeting. Each tenant of Anchorage received an Easter basket, compliments of area Girl Scouts, Brownies, and Jr. Girl Scouts.

Birthdays were celebrated by Lena Harnsen, Grace Heck, Nora Stallings, Millie Turner, Mary Sullivan, Myrtle McDowell, Teresa Walkenbach, Golda Grief, Ruth Swindle, and Rose Schmitt.

Games were played and prizes were awarded to Eva Hansel, Blanche Schrader, Vera Schilling, Evelyn Morgan, and Lena Harnsen. The president announced that there will be a potluck dinner April 18 at noon.

Mr., Mrs. Hocking announce 1st child

Mr. and Mrs. Dan Hocking, 811 Finley St., Jacksonville, Ill., formerly of Granite City, have selected the name of Angela Marie for their first child.

She was born, April 8, at the Parkview Hospital, Jacksonville, and she weighed seven pounds.

Grandparents are Mr. and Mrs. Florian Kowalczyk of Madison, Mrs. Virginia Hamm, Jacksonville, and Howard Hocking, Liberty, Ill. Great-grandmothers are Mrs. Anna Kowalczyk of Madison, and Mrs. Hazel Six of Jacksonville. Mrs. Hocking is the former Diane Kowalczyk.

Easter pageant at City Temple

The City Temple Assembly of God Church, 4751 Maryville Road, will present an Easter pageant at 7:30 p.m. Friday and at 7 p.m. Sunday, April 15, it was announced by the pastor, the Rev. Eugene Cope.

Entitled "Lonely Road" is the third play written, directed and produced by Chuck Adams, to be performed at the church, it was noted.

The cast includes 46 people and with special scenery, spotlights, sound track and filming on flashbacks makes this an unique play, according to Rev. Cope.

Rev. Cope added Easter sunrise services are scheduled for 6:30 a.m. to be followed with Sunday school at 9:45 a.m. and the morning worship hour at 10:45 a.m.

Grisham, Reinneck among able trustee candidates; spirited competition for three Boards of Education

As the chief off-campus instructional center of Belleville Area College, the Quad-City area could benefit from the interest and involvement of a second local member of the BAC Board of Trustees. The Quad-City on the seven-member board is Robert Harris.

With a massive educational program to be carried out and a 2,100-square-mile district to be served, the BAC Board might well benefit from the business experience of E. Ray Grisham, Metropolitan Life Insurance District sales manager here. Along with Harris, he could push for the establishment of local daytime college classes to go with the existing night school sessions in the Quad-Cities.

Two members are to be elected to three-year terms on Saturday. Milton Smith of Mascoutah did not seek reelection, and Robert H. Dintelmeyer of Belleville is running for a second three-year term.

Larry Reinneck of Freeburg, a BAC graduate, hopes to provide representation for the vast rural areas of the district, and has an unusual blend of agricultural, accounting, citizenship and business experience. Candidates also include Granite City's Michael Hildebrand, a student at Southern Illinois University at Edwardsville; Mrs. Patricia Bartoskas of New Athens, a Belleville bank marketing director; and Belleville's John Hawthorne Jr., an engineer.

All of the candidates are attractive. Due to their extensive qualifications, we suggest votes for Grisham and Reinneck.

In Granite City Community Unit School District Nine, looming large this spring is the board's decision to drastically reduce costs by closing several grade schools, eliminating six administrative-consultant positions, and initiating studies of future secondary (junior high and high school) savings.

Norman Hall, with six years on the board, and Stephen Saltich, completing a three-year term, share in the credit or blame for the board's response to an income-outgo imbalance related to an enrollment loss, cost-salary inflation and below-formula state aid.

On the basis of their willingness to take an unpopular stance because they deemed cost cutbacks to be essential, Hall and Saltich displayed courage under intense pressure. Basic curricular and extracurricular programs are being maintained and excessive borrowing is to be avoided, they point out.

An active campaign also is being waged by others, including David E. Partney, who pledges to stress businesslike procedures. He proposes to challenge existing policies in instances where taxes can be further conserved while maintaining educational quality, and has been

approach, which envisaged a college education for all. The social responsibility for education does have limits. We would do well to stick to the fundamentals, and to leave specialized and continued education to the will and pocketbooks of those who wish to pursue it. As in all other social endeavors, public education does have economic limits. There are also program limits, in terms of the value of education to society and the community as a whole. We would do well to re-evaluate all current programs with that thought in mind.

I have two basic recommendations for future consideration by the Granite City Board of Education. First, I feel that a long, hard look at programs mandated by the State of Illinois deserves particular attention. Candidly, if the state does not provide all the funds it promises to local school systems, it has no right to mandate programs to the extent that local funding becomes inadequate.

I have a specific case in mind. I recommend that the driver education program be used as a test case. If the

critical of what he regards as excessive political involvement by school officials.

Charles Luehmann has said that increased attention must be given to rural areas of District Nine, that care should be taken to avoid classroom overcrowding, and that the neighborhood school concept is beneficial to students.

Daniel Wofford Jr. promises to focus on stretching each tax dollar, to fight politically-related hiring and to urge that board sessions be held in larger meeting quarters to accommodate more of the public.

Saltich resides in Granite City and the other four candidates live in the unincorporated area. Under state law, in view of the present makeup of the board, any two of the five are eligible to be elected.

☆☆☆
Six persons are seeking three Madison School District Twelve board positions, including the three incumbents, Paul Bargiel, Elvers Johnson and Chester McManaway, the latter a 24-year member and former board president. Other contenders are Fifth Ward Alderman Don E. Garrett, James Edward Newsome Sr. and Edward J. Dohnal.

Bargiel has been instrumental in encouraging higher interest earnings for the district's funds and in increasing citizen involvement in school issues. Garrett is suggesting the start of a financial comparison testing in line with state guidelines, and stricter academic discipline.

☆☆☆
Venice School District Three voters will decide two full terms and a two-year unexpired term in Saturday's balloting.

Incumbent George Wade, the Rev. John H. Williams, James Turner and Bernard Hogan are candidates for two three-year terms, and the two-year position is sought by Larry Boyd, now serving by appointment, and Venice Street Superintendent Thomas Scaturro.

Forming the backdrop for the election is the severe financial crisis stemming from an abrupt assessment downturn and the cost-inflation squeeze.

While remedial steps so far have been insufficient to reverse the deepening monetary problem, Superintendent Robert Vickers has been providing informed leadership. We believe it would be a mistake to elect Mr. Hogan, who indicates he favors replacement of the administrator, Mr. Wade and Rev. Williams would be better choices for the two full terms.

Regarding the unexpired term, we have mixed feelings. Mr. Boyd merits consideration and Mr. Scaturro no doubt has the potential to serve well if he would moderate to an extent his anti-expenditure views.

cost of that particular program happens to approximate the present shortfall in state funds, I advocate discontinuing the instruction until such time as Governor Thompson and his legislature do provide adequate funding. It's just that simple.

Secondly, I feel that the public has a right to demand an annual report on the status of public instruction, our current financial data, from its elected school board.

Frankly, if there is a "five-year plan" or some other form of long-range thinking, it is essential that the people who pay the bills be made aware of it. It is equally essential that annual updates of the plan be provided to local constituents.

I was appalled to find that the planning data — to which the superintendent of schools referred in his report as being the cause of our current financial dilemma — is almost eleven years old. Certainly, each year there has been statistical data available on enrollment to show that the predicted trend in 1968 was as phony as a \$9 bill.

Not given chance to explain their plans

To the Editor:
A "special permit" was being sought by Frank and Helen Champion. They were asking permission to sell wedding invitations and party supplies.

During the last few months they sold out the store downtown due to long standing heart condition Mrs. Champion has, which made her unable to go to the store to work.

They asked their alderman what would be necessary to sell wedding invitations and party supplies from their home. They were told the approval of neighbors on all sides, which they received.

Then, due to an erroneous report, "moving gift shop to home," a petition was sent out against them.

They were then advised to go before the Planning Commission. After three months of postponement, they appeared with six members present.

We were allowed to express our views. She gave them all her credentials, and they were passed out.

We were to hear each letter, but the others didn't and there was no discussion among themselves. They voted 2-2, with one abstention.

One member said, "You know how I feel about special use permits." Was he for or against?

Being only a recommending body, they referred them to the council of aldermen.

On April 4, Mr. and Mrs. Champion appeared at the council meeting. They were not given a chance to plead their side of the story.

Whip-cracking Alderman Paul Bowler got up and made a speech to hear the discussion from either side. He accepted the opposing

Saltich solving school problems

To the Editor:
When things are going bad, we need a man who comprehends the problems and wants to change things for the better.

Stephen Saltich will be able to solve these problems for all our students.

He has the experience to

Saltich has board experience

To the Editor:
Why should we elect someone to the School Board who doesn't understand us?

Steve Saltich has been there and understands our local problems.

Steve has been a friend and a leader to my community and to me.

I think he should be re-elected so that he can continue to serve us as he has done in the past.

Why should we settle for people who will only use us for other political ambitions?

We know who will aid us when we need it. Steve will.

petition to put on file, and called for a vote. This was "dirty pool."

He called the ordinance for a special use permit. He didn't want to hear about any more special use permits.

When the vote was taken on this petition, he reprimanded the two aldermen immediately and publicly who did vote in favor of Mr. and Mrs. Champion. I thought we lived in a democratic society, Mr. Bowler.

Frank and Helen Champion are very fine, respectable citizens. They are senior citizens with a lifetime of service and growth in Granite City. Their children have contributed much to our youth in Granite City.

The special use permit is not a permanent classification. It can't go to the next owner of the property. It's just that I bridge the gap between a "yes and no" situation if it arises.

It is very hard for me to rationalize why the people are so against Frank and Helen. They are only asking for a chance to sustain themselves financially with dignity.

Social Security doesn't go very far in these inflationary times.

I admire people who want to make their own way. I didn't know I lived in a neighborhood so elite that I should care less about my fellow man.

Frank and Helen have lived the "way of the cross" for the last five months. I wonder how proud we should be of ourselves for turning their permit down?

Let's have a VIVIAN BYER

Housing No. 1 N. Venice need

To the Editor:
I read in the Press-Record that the Madison School Board voted unanimously to oppose the housing development being considered for the city of Venice.

I also understand that the Madison School Board instructed Supt. John L. Palchek to write the U.S. Department of Housing and Urban Development in Chicago.

It doesn't take a fool to guess what's really going on with the Madison School Board and Madison Councilmen who voted against it.

Everybody around us, and even in Venice, knows that housing is our greatest need. Why are our own next-door neighbors and the school district fighting us so hard?

To me, the Madison School Board is trying to use us. They love our children when sports time comes. But to let them live in decent houses, they say "No."

Like the Indians said, "They speak with forked tongues." Some of the same children that sent Madison to the state tournament in March of 1977 — they have families and friends who would love to have the housing.

From Chicago to Cairo, nobody dictated to Venice when Mayor Lee was alive, because he was the mayor and the state of Illinois

But the basketball season is over and the Madison School Board is not concerned about our children or the faithful parents who support their children and the team.

We as citizens had better wake up right now, and get out of Madison School Board. We are going to fight to win and not to lose.

We are no fools, and are not going to be used. As long as the Good Lord gives breath in my body, I will fight along with organizations and concerned citizens — even if we have to go to the Supreme Court in Washington, D.C.

I have more faith in Granite City than I do in the Madison School Board. If Granite City had anything to do with this, I believe they would go on record in support of it.

As big as Granite City is, they have never stuck their nose in the City of Venice. I respect Granite City for that.

If the late great Mayor Dr. John E. Lee were here today, our problems would not be here.

From Chicago to Cairo, nobody dictated to Venice when Mayor Lee was alive, because he was the mayor and the state of Illinois

other housing is available to them.

When these families move into the new housing, there will be no need for more buses, nor will there be any new costs to the Madison district because the children of these families are already attending school in the Madison district.

As a matter of fact, a close look at the situation reveals that taxes may well be lowered as a result of the new housing in the Madison district.

Think for a moment. As every teacher and educator knows, a child from a clean, decent, uncrowded home does give him some privacy to do his homework in far less costly to educate and to discipline. And isn't this just the kind of atmosphere the new housing would provide?

Even further, the effect of the new housing would be felt throughout the entire district, easing crowded conditions everywhere, meaning that the cost of educating each child would dwindle, and therefore resulting in a lowering of taxes to Madison taxpayers.

Accept school decision—parent

To the Editor:
As a concerned parent of a Lake School child, I feel the members of the elected school board would never do intentional harm to the large number of children involved in these school closings.

At the meeting held regarding these closings at Lake School, most parents said they feel their children are receiving the best possible education at their present schools.

If we can assume all our district's grade schools offer nearly the same quality education.

I somehow would like the Granite City School District's teachers and

parents of grades one through six and pre-school children to be asked to stop and ask themselves what is best for our children.

Should we point our finger and blame this one or that one?

Should we continue to threaten what we are going to do to everyone doesn't his or her own way?

And should we teach our children to fight tooth and nail?

Should we accept and stand together, so that our children will adjust with the least amount of problems possible?

I would like for my child to enter school next fall with

the attitude that the coming school year can be better and more fun than this past year.

I would also like for him to be accepted on a friendly, open basis.

I do not want him told he isn't wanted.

Children will almost always adjust with encouragement from "home base."

I feel it will be to the best interest of all for teachers and parents, especially those of the immediate involved schools, to voice only favorable remarks to the children since this move is inevitable — due to the best interests of the Granite City School District at this time.

DONNA BRISTOL

REGRETS 'GANG' USE IN HIS LETTER

To the Editor:
In the April 2 edition of the Press-Record, a letter to the Forum was published which endorsed Lionel Portell for superintendent of streets and was signed by numerous precinct committeemen, including myself.

For my part, while my signature was on the letter, I find the term "city hall gang" referred to in that letter to be improper.

I don't believe there is a "city hall gang," anymore than there is a "Get Granite Going gang" or an "Independent Democratic

respected him.

Dr. John E. Lee wanted better times and housing for Venice. When he was mayor of Venice, he was progressing, moving ahead — for the betterment of Venice.

I believe that he would have wanted to have this in our city.

We are not going to let it be blocked.

Everybody has wanted to tell Venice what to do, after our Mayor passed away. We as citizens, taxpayers, senior citizens, children, married, unmarried, saints or sinners want to be heard — that we want this housing development.

We are going to back our Mayor and councilmen 100 percent.

Citizens of Venice, awake. Get up and stand up, because with the help of Almighty God, we are on our way.

We shall be, can be, and will overcome.

We are on our side and we are not afraid of anyone, because if God is for you, who can be against you?

REV. JOHN HENRY WILLIAMS, President
Madison Branch of NAACP

Residents of Madison should surely question the motives behind those letters to HUD. Maybe it was an appeal to white voters to help some people get re-elected.

Maybe the Council and Board are looking for reasons to raise taxes anyway.

Whatever the motives, I am sure that the people of Venice will die laughing when they read those letters. After all, they were based on no real study, contained no real substance or content, and were sent before the City of Venice had even made a formal request for funds.

And both letters were authorized and sent only days before an election. Hah.

But it will be no laughing matter to the many families who may have to suffer for two more decades from lack of housing, simply because some politicians used opposition to their housing development as a way of getting themselves or their friends re-elected. How tragic.

DON GARRETT
Fifth Ward Alderman

REGRETS 'GANG' USE IN HIS LETTER

To the Editor:
In the April 2 edition of the Press-Record, a letter to the Forum was published which endorsed Lionel Portell for superintendent of streets and was signed by numerous precinct committeemen, including myself.

For my part, while my signature was on the letter, I find the term "city hall gang" referred to in that letter to be improper.

I don't believe there is a "city hall gang," anymore than there is a "Get Granite Going gang" or an "Independent Democratic

gang," particularly when the word "gang" is used in a derogatory manner.

Within our local government we obviously have divisions or groups with diverse opinions and ideas on what is best for our community.

This can actually work to our benefit in that we do have varying policies and programs from which to choose. These are seeking public office.

While I may not agree with every decision made by our city officials, I do respect the

individuals holding the office and believe that all feel they are acting in the best interest of Granite City.

Hopefully, all of us involved can work to give the word "politics" a better name by approaching each election with positive ideas and without demeaning phrases or attacks.

Again, I personally regret the use of the term "City Hall gang," elected officials and their supporters deserve more respect than that.

Lindsey, Vrenick combine for no-hitter

By PETE HAYES

Sports Editor
of the Press-Record

GRANITE CITY

Granite City South was lucky to get the game in... anything else was a bonus. South Coach Babe Champion got the game in... and he got a bonus, too.

South split a baseball doubleheader here with Chatham Glenwood (Springfield, Ill.) Tuesday, winning the second on a combined no-hitter by pitchers Terry Lindsey and John Vrenick after losing 1-0 in the first game.

The two Warrior pitchers faced only two batters above

Tourney delayed

SPRINGFIELD, Mo. — Granite City South's game here yesterday with Parkview-Springfield in the Springfield Baseball Tournament was postponed, as was all tourney action, because of the rain.

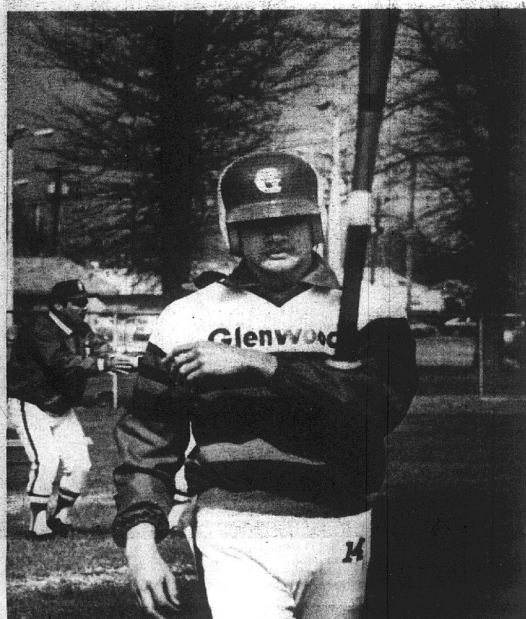

South is scheduled to

play today at 4 p.m. with Jeff Tretter on the mound against 5-0 Parkview. The plans originally were for the tournament to run Wednesday, Thursday and Friday, but because of the delay, two games will be played tomorrow. South will play three games in the tournament.

the minimum. Vrenick walked one in the fifth inning and one in the seventh. But those were the only

Chatham-Glenwood Redskins to reach base.

The victory, combined with the first game loss, put

FRUSTRATED. Chatham Glenwood's Tad Gregurich tosses his bat in disgust Tuesday after striking out against South's Terry Lindsey, who teamed with John Vrenick to pitch a no-hitter. Gregurich is the nephew of Havana basketball coach Bob Gregurich.

(Press-Record Photo by Pete Hayes)

No-hitter secondary to winning the game

GRANITE CITY — For a guy who didn't even go out for the baseball team until pretty well here Tuesday.

Terry Lindsey, who teamed up with John Vrenick to pitch a no-hitter against Chatham-Glenwood, wasn't even in South Coach Babe Champion's plans for this season... but he kept showing up.

"We tried to give him a chance to play himself out of the lineup," laughed Champion. "But he just kept doing better and better."

Lindsey pitched the first three innings in the second game of the doubleheader. He had a perfect game going when South pitching coach John Modica took him out. "We were going to take him out whether he had a no-hitter going or not," said Modica. "We decided that before the game. We've got so few chances to give our pitchers some work, that we had to get John (Vrenick) in there."

Vrenick took up where Lindsey left off. But the beginning of his four innings' work was auspicious. He walked the first batter. "I was thinking no-hitter before I got into the game," said Vrenick. "But when I walked that first guy, I stopped thinking and started pitching."

Even though the perfect game was lost when Vrenick walked the batter, it didn't matter to Lindsey. "Heck, just winning the game was the important thing. But getting that no-hitter sure was nice."

Nice. Is Lindsey so green to the sport he doesn't realize what getting a no-hitter means? Not on your life. "I'm just

going out there and having a good time," he said. "If it becomes too much pressure, it won't be as much fun. I sure wanted that no-hitter."

"Once I got going today, I knew I could do it."

Champion said he was proud of the way his two pitchers stood up to the weather. "This wasn't exactly a great day to play ball," he said, referring to the 40 degree temperature and strong winds. "But these guys just bore down and went to work."

For Vrenick, it was his second no-hitter. He hurled one while playing park league ball several years ago. "It's a thrill," he said as he went to work on the pitcher's mound after the game. "I just wanted to make sure I got it (the no-

hitter) for Terry. I didn't want to lose things up."

As he raked dirt around the mound (South's players turn into the grounds crew after each home game), Lindsey gave credit to his team's defense. "Heck, with a super defense like that playing behind you, how can you lose?"

The darkness of night was beginning to set in a little more. Champion was driving a golf cart around the basepaths with a drag behind. Players were taking the bases back into the building. Pitchers were raking dirt up around the mound.

It was back to business as usual.

Almost, that is, for a couple pitchers from South.

—PETE HAYES

Thinclads look for dry, warm weather

MADISON — Area track and field teams are hoping the weather clears off in time for the state track meet the end of May.

Even though Madison is almost halfway through its schedule, the Trojans have yet to get in more than two meets a week. Many have been postponed because of the weather. The same is true for Granite City South and North High.

Today, weather permitting, Madison will host Belleville. Althoff, Lebanon and Collinsville in a quadrangular meet at 4 p.m. North will host Edwardsville also at 4

p.m. Yesterday's scheduled dual meet between Granite City North and Centralia at Steeler Field was postponed because of the thunderstorms and had not been rescheduled as of press time.

All three Quad-Cities track squads will be idle this weekend because of the Easter holiday. North will see action next Wednesday at home against Cahokia. Madison will be entered in the Wood River Invitational on the same day.

South will be in action Tuesday at 4 p.m. when it hosts Belleville East 4 p.m.

Press-Record

Thurs., April 12, 1979

Sports

Page 27

South's record at 4-3, going into the Springfield (Mo.) Round Robin Tournament which was to have started yesterday, weather permitting (see related story).

It was simply a case of not enough hitting in the first contest. Chatham Glenwood started right-hander Kevin Nuema on the mound. He didn't appear to have much of anything in the way of a curve ball or slider. He had one pitch. A fast ball. And it wasn't really very fast. But it did a number on the Warriors.

"Heck, we just couldn't hit the ball," said South assistant John Modica. "This guy wasn't that tough. It was almost as if he threw a permanent change-of-pace."

Whether or not Nuema threw a slower pitch or not, South's batters couldn't handle him. They were either way out in front or waited too late to swing. Nuema had them off-stride.

But Chatham Glenwood wasn't getting very many shots at the ball either. South started Al Yount on the mound and he performed well. But not well enough.

Yount gave up one run and five hits before giving way to reliever Dave Weil in the fourth inning. Weil entered the game in not-the-best of positions. Glenwood has just loaded the bases. But he managed to pitch out of the jam without too much damage.

"We got the good pitching," said Champion. "Our bats just didn't come through."

In that fourth inning, Chatham Glenwood shortstop Tad Gregurich started things off with a one-out double to left field. That was followed by an RBI single off the bat of Fred Tinsley. Then Redskins Derek Reedy and Tony Angeli reached base via the fielder's choice route. The bases were loaded... enter Weil.

Meanwhile, South was getting just three hits the entire game. But the Warriors were able to use those hits, along with some breaks and smart baserunning, to have several chances at getting back into the game.

The team's final chance came in the seventh inning. South right fielder Jeff Tretter stroked a one-strike pitch into right-center field for a single, giving teammate Tad McFarland, the designated-hitter, a chance to bunt him over to second. He did.

After South left fielder Blake Ambuehl grounded out to the shortstop, it came down to Danny Lewis, pinch-hitting for catcher Mark Linhart.

Lewis punched a high fly ball to center field which looked as if it might have a chance to get down for a single. But Redskin Center fielder Barry Minton corralled it to save the victory for Chatham Glenwood.

Second Game
In the second game, there was another side to the story besides the excellent pitching effort of Lindsey and Vrenick. The Warrior bats

(Continued on Page 29)

Steelers 'colded-out'

MADISON — The scheduled game Monday here between Granite City North and Madison was postponed because of the cold temperature and wet grounds.

"Right now, we haven't set a date for re-scheduling it," said North coach Bob Stegemeier. "But John (Paskus) and I will probably get together after the Easter break and set a new date."

Not only was Monday's Steeler game called off, yesterday's North-Wood River game was washed out by the thunderstorms which swept through the area. It has been re-set for tomorrow (Friday) at 1:30 p.m. at North Field.

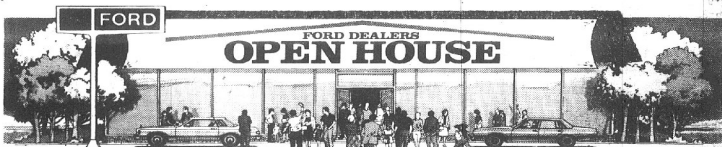

Today, weather permitting, Madison will play at East St. Louis Assumption, beginning at 4 p.m.

Madison's game which was scheduled for Tuesday at Breese Mater Dei was postponed because of the cold weather.

COLLISION AT FIRST. South's Bob Stegemeier and Chatham Glenwood first baseman Derek Reedy collide at first Tuesday in

the first game of the teams' doubleheader. Stegemeier was safe but South dropped a 1-0 decision to the Redskins. (Press-Record Photo by Pete Hayes)

McKendree lands Dobbins

LEBANON — An outstanding basketball transfer from Bellevue Area College has signed a letter of intent to enroll at McKendree.

Davis wins title

EAST MOLINE — Colin Davis, an eighth grader at Prather junior high, captured first place in the 70-79 pound weight class here recently in the annual Quad-City Open Meet at East Moline High School.

Davis, who wrestles for Prather's school team, wasn't the only member of his family to do well. His younger brother Brent, a second grader at Johnson School, finished fourth in the Atom Division.

College this fall. Dan Dobbins, who sent the BAC Dutchmen to the National Junior College tournament this season by hitting a pair of crucial free throws in the waning moments of the Illinois Junior College tournament against DuPage College, will

SETS COURSE RECORD WEST POINT — West Point Cadet Rick Morlen, set a record of 2:02 minutes on the United States Military Academy obstacle course.

The old record was 2:07 minutes which stood for three years. Cadet Morlen, a senior at the academy, is the son of Mr. and Mrs. Charles Morlen of Granite City and grandson of Granite City Alderman and Mrs. Everett Morlen.

add a spark to Harry Statham's bearcats during the 1979-80 stint.

"I'm extremely pleased that Dan has decided to attend McKendree College," said Coach Statham. "Dan played exceptionally well in the Junior College National tournament. He has a great deal of talent and the size and experience he brings in will strengthen both our offense and defense around the basket."

He continued saying, "I am very proud with Dan's academic excellence, as he is an honor student."

A 6'2", 210 pounder, he tallied nine points and pulled down 10 rebounds per game

for BAC this season. Before transferring to BAC, Dobbins attended St. Francis College in Fort Wayne, Indiana, where he started for part of the season, then attended Northeast Missouri state University, but was red-shirted for the season.

Dobbins is a 1976 graduate of Pittsfield High School, where he averaged 17.5 points and grabbed 10 rebounds per game. He was named to the honorable mention All-State team and was a member of the Illinois Basketball Coaches Association All-Star team during his senior year.

UNDERCOATING — RALPH'S TEXACO 22nd & MADISON AVE.

Yes, except for . . .

A typical sophomore more

By KEVIN ALLEN of the Press-Record

GRANITE CITY — Along with the horde of runners circling Wilson Park on summer evenings, a pack of five runners would be a common sight. That would be the Williams family. And leading the pack would be daughter Bonnie.

Bonnie Williams is a sophomore at Granite City High School North. Her summertime running at the park is in training for the spring, when she competes for the North girls' track team.

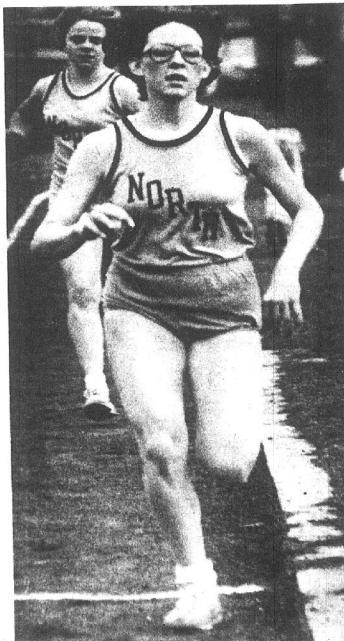

Williams runs in the quarter-mile, the 880 medley, and the mile events. Although she is only a sophomore, she is running near qualifying time for the post-season state meet. And according to her coach, Sharon Bloodworth, Williams' times should improve if area tracks ever dry out.

Despite the increase in female participation in athletics and the popularity of running, both recent trends, Williams is no newcomer to the sport.

She has been running for four years; since she became interested as a seventh grader at Grigsby Junior High. There she joined a running group called the "Road Runners" and won a trophy for her efforts both in seventh and eighth grade.

Williams' attachment to running grew from there, and spread to other members of her family. "My dad ran when he was in the Marines," said Williams. "Now my mom and my dad and my sisters all run in the summer."

Bonnie's father, Argil, is a source of encouragement for the young runner. "Possibly because he has no sons, his interest in his daughter's athletic

BONNIE WILLIAMS

performance is magnified. "I think he gets a kick out of seeing me do well," said Bonnie. "He reads all kinds of running books, and helps me a lot."

But in the end, a distance runner, male or female, must perform on his own. Bonnie, realizing this, prepares and trains with dedication.

During the fall, Bonnie competed for the boys cross-country team at North. While track is in season, she continues her training on the weekends at the North track. This summer she said she plans to complete running 1,000 miles.

"She really enjoys running," Bloodworth said. "But she's a pretty

versatile girl. She played on my junior varsity volleyball team this year. But she's primarily a runner. After that everything else comes second."

Despite the time she invests in training, Bonnie still has time for the more traditional pursuits of a high school girl. She's a member of the pep club and was a cheerleader in junior high.

"I don't think I'm missing much," Bonnie said. "Some of my friends think I'm crazy for running so much, but I just like doing it — getting timed in the races and trying to improve."

Bloodworth thinks Bonnie has a chance to go on to post-season meets. But before that time arrives, Bonnie will have to prove herself in upcoming meets.

One of those tests will come up April 21 when Bonnie and her team will enter the South Invitational. Bloodworth sees the meet as a primer for the district meet.

Bonnie said she was preparing for the meet much the same as she does for any other. Besides physical training, she's going over the field in an attempt to determine the strengths and weaknesses of the other runners. "I know most of them, but I'm not sure all the time."

As for the district and state meets, Bonnie said that she's not really thinking about qualifying. "If you do, you do," Bonnie said.

"Bonnie doesn't really change from meet to meet," Bloodworth said. "She approaches a dual meet with the same enthusiasm as a big one."

Enthusiasm is the key word in description of Bonnie. "She's very outgoing," Bloodworth said. "She's a typical sophomore girl, except for the distance running."

Schedule changes

EDWARDSVILLE — Schedule changes for the Southern Illinois University at Edwardsville baseball team have been announced by the Cougars' head coach, Gary (Bo) Collins.

Deleted from the SIUE slate are six games. Four were to have been with Central College, Saturday and Sunday, April 28-29, and the other two were scheduled against the Purple Aces of the University of Evansville in the Indiana city on Wednesday, April 11.

The Cougars have agreed to play two more games this season with the Rivermen of the University of Missouri at St. Louis.

Said Collins: "After our two games this week with UMSL, their coach, Jim Dix, and I talked it over and we both feel that the series is of such high interest that we should be playing at least four contests each year.

Consequently, we will play UMSL on their field in a doubleheader Wednesday, April 18 beginning at 1 p.m."

The Rivermen now hold a 14-11 advantage in their series with SIUE. UMSL defeated SIUE twice April 3 by 4-2 and 9-2 scores on the Cougars' diamond.

Also added to the Cougars' schedule is a single, nine-inning game with the McKendree College Bearcats at Lebanon, Ill. Friday, April 27, beginning at 2:30 p.m.

WOOD RIVER

NO-HIT FORM is shown by Granite City South's John Vrenick (left) and teammate Terry Lindsey Tuesday. The two combined for a no-hit

shutout victory over Chatham Glenwood Tuesday in the second game of a doubleheader at Warrior Field.

South

(Continued from Page 27)

suddenly came to life. South pounded out eight hits and walked to an easy 7-0 victory.

"We just started becoming more aggressive at the plate," said Champion. "We started jumping on some pitches instead of sitting back and waiting for the other guys to give us something."

The scoring got started in the first inning off Chatham Glenwood right-hander Brian Carbonelle. Greg Laub, the Warrior third baseman, walked, and went to second on a fielder's choice by first baseman Todd McFarland. McFarland was safe on a wide throw.

Laub stayed at third when Trotter hit into a ground-out to the shortstop but came home on Jeff Parker's fielder's choice. The shortstop elected to throw McFarland out at second instead of Parker at first.

The relay throw to first was high, allowing Parker to run the bases.

Both Parker and Laub came home when Bob Stegemeier singled to right field.

Lewis followed Stegemeier's hit with a single of his own. It scored Stegemeier who had advanced to second on a wild pitch.

In the second, South had an excellent opportunity to add to its lead when center fielder Mike DeGonia singled, stole second and went to third on a fielder's choice from the bat of Moutria.

A runner at third with only one out and a three-run lead. Excellent place to use the suicide squeeze play.

DeGonia executed the runner's portion of the play to perfection, pounding down toward the catcher as the ball neared home plate. All Dalton, the batter, had to do was get wood on the ball and

DeGonia would've scored easily. But he didn't, and DeGonia was dead at home. His attempt to leap over Redskin catcher Greg Smith was futile.

As luck would have it, Dalton stroked the next pitch deep to center fielder Minton who made the play for the third out. If the suicide hadn't been used, it would have only been the second out and DeGonia could have tagged up and scored easily.

"It was the perfect time to use the squeeze play," said Champion. "Besides, I had no idea Dalton would get the next pitch so far into center field."

Back on the mound, Lindsey and then Vrenick were moving down Redskin right and left. "It's just super to see a kid like Terry (Lindsey) who loves to just go out and pitch the ball," said Champion. "He's having a great time out there, isn't he?"

Lindsey pitched the first four innings and was then relieved by Vrenick. When he was taken out, he had

faced only 12 batters, the fewest he could have pitched to in four innings. Why was he taken out with a perfect game going?

"We had decided before the game that Terry would pitch four and Vrenick would pitch three," said Pitching Coach Modica. "He was coming out if he had a no-hitter going or not."

Because we haven't been able to get very many games in with the bad weather, it's more important to give a pitcher's arm some work and keep him in shape. Getting the work was more important than the no-hitter at this point."

As things turned out, it didn't matter anyway.

Cougars win tourney

Graham's Gunners fall in final

CAPE GIRARDEAU, Mo. — Graham's Gunners, a 15-under girls basketball team from this area coached by Madison High boys basketball coach Larry Graham, lost to the Belleville Athletic Club here Sunday 55-44 in the title game of the Ozark Amateur Athletic Union (AAU) regional basketball tournament.

EDWARDSVILLE — The women's softball team at Southern Illinois University at Edwardsville won the University of Illinois, Chicago Circle Invitational Tournament this past weekend in the Windy City. Tammy Rainwater pitched a no-hitter and a pair of one-hitters in winning three games for the Cougars.

SUE started off the weekend with a preview of the excitement when the Cougars hosted SIU-Carbonade, Friday. SIUC was the winner, with a 4-0 score.

However, the Cougars played excellent defensive football against the nationally-ranked Salukis.

BEND ROAD MISHAP. The car of Henry Ferguson, 203 Hill St., Eagle Park, is seen overturned Tuesday afternoon on the shore of Horseshoe Lake near Bend Road, approximately one-quarter-mile east of Route 203. Ferguson lost control of his vehicle after hitting two large

potholes, which sent the car across the westbound lanes, over an embankment and then rolling to the lake's edge. Ferguson escaped without apparent major injury. The car's battery is seen in the foreground, with part of the lake visible in the upper left of the picture in this view looking northeast.

(Press-Record Photo)

Lighting, alarms, whistles part of SIUE campus safety tactics

A series of public safety measures to ensure that the Southern Illinois University at Edwardsville campus continues to be one of the safest in the region was announced Tuesday by Dr. Rita C. Fritjers, vice president for business affairs at the University.

She said the first step is this week's appointment of a new director of public safety and chief of police, Donald P. McHugh of Cortland, N.Y., effective May 15.

"The new director will understand that public safety is to be given highest priority on this campus," Dr. Fritjers said. "If we maintain high standards of crime prevention, we won't have to be concerned about crime resolution."

Other measures announced by the vice president in the program to reinforce public safety include:

—Additional lighting is being installed at Tower Lake Housing.

—Better lights are being installed in the principal parking lots, commonly called the "fan" lots, used by students.

—Full lighting of parking lots is being extended to midnight.

The last bus for Tower Lake housing will not leave the academic core area until 11:10 p.m., 10 minutes after Lovejoy Library closes, providing transportation for students working late at the library.

—Safety training will be required as part of the university's orientation program for new employees.

"In addition, we believe it is important for all people at the university—students, faculty and staff—to become more involved in each other's safety," Dr. Fritjers told the Press-Record.

"As a matter of orientation, we will urge everyone to feel free to call the police department any time anyone sees something suspicious going on."

She added: "We will remind everyone of the emergency telephones located in each building, and in extreme emergency conditions, persons should feel free to pull the fire alarm. The alarms are located conveniently throughout all buildings. We urge all to become familiar with the locations of the emergency telephones and fire alarms."

Dr. Fritjers also is urging any person who has to work unusual hours in an isolated area of the university to notify the police and to ask for a police escort when leaving the building.

"Although some crime is expected in any society, we are determined to do everything we can to prevent even a single incident on our campus," she said. "The university administration and police or the Rape and Sex Abuse Center cannot do this alone. It is a matter of individual responsibility."

"Everyone needs to get involved—be a police helper. Be a witness. Revitalize your personal lifestyle. Each person should build some

'prevention' into her or his life."

Dr. C. E. "Scully" Stikes, vice-president for student affairs, said "public safety" could be the theme of his regularly scheduled public "rap session" this week.

Pam Klein, coordinator of the Abuse Center on the campus, announced that an informal discussion session on "ways to protect yourself against the possibility of rape and assault" is scheduled at the Center on Bluff Road on Tuesday, April 24, at 3 p.m.

However, she said any concerned person who wants to talk about the subject is welcome to contact the Abuse Center any time. It is open from 9 a.m. to 5 p.m. and has a telephone "hotline," 962-2197.

Pam Klein also announced an all-day educational information workshop on all aspects of rape and assault May 14 in the University Center.

She said, "These efforts to inform the public and to emphasize prevention are being taken even though SIUE has an excellent safety record in comparison with other communities."

"Awareness of your environment is a person's best defense against attack, and I stress that each person must confront the issues of the day, one of those issues being rape."

The center is located on the campus because of its central location in the region and because "the university administration is dedicated to public service and is a leader in confronting the serious problems of today's society."

She said that records kept at the center show 73 rapes were reported in Madison County in 1978, but only one was at the campus. St. Clair County reported more than 150 rapes last year.

"While the Rape Center is fully aware of the serious concern of the university community at this time, statistics indicate that of the more than 150 assault victims treated by the center, less than three percent have been campus-related incidents," the coordinator said.

"The data is particularly significant as far as the university is concerned because most rapes occur among young people. And even though the median age of our student population is about 26, we still have one of the lowest crime rates, which means our campus is much safer than a city with at least twice the population."

Dr. Fritjers said she is pleased with the "posture" of the campus toward crime prevention. "We have a good police department, and the police are increasing their visibility."

"We can document that the SIUE campus is a much safer place to be than most cities of 10,000 or more population in the area, and we want to make sure it stays that way."

She added that comparative statistics for institutions of higher education

show that SIUE has one of the lowest crime rates of colleges and universities of similar size nationwide.

Dr. Fritjers said she believes the efforts of the university and the Rape and Sex Abuse Center will be successful in "evolving a better and safer way of life for all communities of the

area."

Pam Klein also announced the availability of a new personal protection device at the center. Called a "super sander," the device is designed to be hand-carried and, when activated, emits a loud, shrill noise similar to a ship's whistle. The cost of the device is \$4.

Volunteers plant 36 trees in Precinct 10

Youthful and adult members of a volunteer committee, who have taken part in a neighborhood cleanup campaign for the

past five years, participated in a beautification project by planting 36 trees in the Lincoln Place area.

"Flagtop" Varadian, Precinct 10 Democratic committee man, has spearheaded "Operation Clean Sweep" each spring. He also initiated the tree planting project.

The cleanup and tree planting programs were assisted by the efforts of Mayor Paul Schuler, City Council members, Street Superintendent Lionel Portial and the Lincoln Place Athletic Club, Varadian said.

Teenagers involved in the cleanup drives were rewarded with weekend trips in the summer months to Missouri.

Precinct 10 residents taking part in the cleanup campaign, in which unwanted items were hauled away, donated 50 cents or more to help defray expenses and provide refreshments for the volunteer workers.

"Due to the support and cooperation of our concerned residents, the spring cleanup drive has been successful each year," Varadian said.

"All are proud of their neighborhood and we believe the new trees will further enhance it," Varadian added.

Other neighborhoods wishing to follow the Precinct 10 example are being invited to contact Varadian, who is offering his support and will provide suggestions to those interested.

Troop 530 attends St. Louis event

The final meeting of Girl Scout Troop 530 of Maryville School was an outing in Forest Park, St. Louis, opening with a picnic and demonstration of various badges.

After the luncheon the group toured McDonnell Planetarium to view a show on cosmic mysteries narrated by Leonard Nemo.

Attending were Jamie Admon, Melissa Carney, Beth Dunn, Rose Furtak, Tamara Hoffman, Misty Parker, Mary Smith with troop leaders, Mrs. Leona Sharleville, Mrs. Ruby Furtak and Miss Cindy Hoppe.

A previous event for troop members was a tour of Wendy's Restaurant where the girls scouts were told of 256 ways to prepare a hamburger. They viewed a demonstration on making meat patties and cooking them on the grill.

After the demonstration each one present received a hamburger, French fries and a drink.

Those present were the above named Girl Scouts and Sharon McCorty, Laura Riggs, Della Becerra, and Mary Ann Jackson, and the leaders.

All troop members have been assigned to a new troop, it was announced.

License preparation classes for 'seniors'

Plans for driver's license preparation classes geared to senior residents were reviewed at a meeting Monday afternoon by the Granite City Senior Citizens' Council.

Ruby Corbitt, president, said classes for those required to take a driver examination in the near future will be presented Wednesday and Thursday, April 18 and 19, at the Granite City Township Center, 2060 Delmar Ave.

Classes will start at 9 a.m. and last about 90 minutes. Seniors wishing to participate are to register in advance at the township center, or at the first class session.

Miss Corbitt opened the business session with The Lord's Prayer. The pledge to the flag was given by the 10 council members present. Reports were given by Villa Ridings, secretary, and

Charles Kelly, treasurer. Appointed to a nominating committee to select candidates for election in May to the offices of secretary and treasurer were Grace Paddock, Delbert McKissick and Catherine Moser.

The council voted to take part in the Shriners' annual parade June 5 in Granite City.

STEAL FROM FLATBED

Jack Taviner, 2000 Sixth St., East Madison, reported this week the theft of tarpaulin, chains and ratchets to hold loads from a flatbed trailer. The trailer was parked at the Stephen Macraes Industrial Park, Madison. Value of the stolen items was \$740.

Lennox reputation for quality wasn't built by skimping on materials.

While some manufacturers have begun using aluminum tubing in their heat pump and condensing coils, Lennox has stayed with proven dependable copper tubing. Copper costs a little more, but the advantages are worth it.

Copper tubing is easier to work with—less brittle... more flexible... makes tight joints. Our tests show copper holds up to reactive elements in the environment much better than aluminum.

Copper vs. aluminum. An important difference. One more reason why you should see your independent Lennox dealer for the best in heating and air conditioning. Call the comfort experts at:

Dedicate the Morris quadrangle

Delyte W. Morris, the man who holds the longest tenure as president of Southern Illinois University, will be honored at SIU at Edwardsville Saturday in a program marking formal dedication of the "Delyte W. Morris Quadrangle," formerly referred to as the mall.

The SIU Board of Trustees, at its September 1978 meeting, voted to name the SIUE mall in memory of Morris, president of SIU

from 1948 to 1970. It cited his "many and great accomplishments and contributions."

The three-part program will begin with a noon luncheon in the Meridian Ballroom of the University Center. About 100 major contributors to the SIUE site fund campaign (1958-1964) and their guests will be hosted by President Kenneth A. Shaw and the SIUE Foundation's board of directors.

Mrs. Morris, her two sons, and other members of the Morris family will attend. Illness precludes the former president from attending.

Jul M. Fischer Sr., Belleville, president of the SIUE Foundation, will preside. Principal speaker at the luncheon will be James M. Page Wham, chairman of the SIU Board of Trustees from 1952 to 1965. He will be introduced by James M. Brown, acting chancellor of the SIU System.

Dr. Shaw will present commemorative medallions to the SIUE benefactors.

Following lunch, guests will go to the lobby of the John S. Rendleman Building for the unveiling of a recognition tablet on which names of the major donors to the SIUE campus site appear. The tablet, which is more than 35,000 students, representing every county in Illinois, every state in the union and 76 countries or territories.

Also participating in the dedicatory program will be two SIUE brass quintets, conducted by Marcia Anna Reau. The Rev. James Wheeler of the United Methodist SIUE campus ministry will give the invocation and benediction.

The third part of the program, to be held on the Morris Quad, is open to the public.

Harold R. Fischer of Granite City, a past president of the SIU Board of Trustees and the SIUE Foundation, will introduce Harris Rowe, chairman of the SIU Board. Pres. Shaw will speak.

Members of the Morris family will participate in unveiling the commemorative plaque on Morris Quad. The inscription on the large, round bronze

plaque reads, "In recognition of the accomplishments of Delyte Wesley Morris, eighth president of SIU, 1948-1970. From his inspiration we take renewed resolve."

Born in Xenia 72 years ago, Dr. Morris had a dream about his native Illinois dream he has lived to realize.

This dream involved all the people of Southern Illinois, including the 40 counties often called "Egypt." He wanted to "educate them for living" in order to bring relief in an impoverished area.

Dr. Morris, who still lives in Carbondale, became so strongly identified with the economic, social and cultural welfare of the region that SIU came to be known as "The People's University." Under his leadership, the university skyrocketed from a small institution specializing in teacher training into one of the nation's largest and most diversified educational systems.

When Morris went to Carbondale in 1948, SIU had a full-time faculty of 250 and a student enrollment of 3,013.

When he retired in 1970, the two campuses—SIUC and SIUE—had a faculty of more than 1,700 and an enrollment of more than 35,000 students, representing every county in Illinois, every state in the union and 76 countries or territories.

Also participating in the dedicatory program will be two SIUE brass quintets, conducted by Marcia Anna Reau. The Rev. James Wheeler of the United Methodist SIUE campus ministry will give the invocation and benediction.

Services were held Monday at Granite City funeral home for John L. Montgomery, 70, of 2612 E. 25th St., who died April 6 at St. Francis Hospital of injuries suffered in an April 1 auto collision at St. Thomas Road and Highway Three. Burial took place at Sunset Hill Cemetery.

Mr. Montgomery was born in St. James, Mo., and had lived in Granite City for 35 years.

He was a retired machinist from the Burkhardt Mfg. Co., St. Louis, and had operated Big John's Sewing Machine business at his home.

Mr. Montgomery was a member of New Hope Baptist Church and was a retired deacon of the church. A son, John Montgomery, preceded him in death on Sept. 19, 1977.

Survivors include his wife, Mrs. Marie Montgomery; two daughters, Mrs. James (Ruth) Morgan, Collinsville, and Mrs. Buri (Mildred) Hand, Granite City; three brothers, Earl and Clarence Montgomery, both of Granite City, and Roy Montgomery of Apache Junction, Ariz.; one sister, Mrs. Mary Long, Granite City; 10 grandchildren and two great-grandchildren.

Funeral services were held here today. Details are given in the obituary column.

CASH, CHECK TAKEN A \$65 check and \$224 in cash were stolen from a locked cabinet in an office at the Happy Day Child Care Center in the First Assembly of God Church, 24th Street and Grand Avenue, it was discovered Monday.

A locked door to the office and a locked cabinet door were pried open. There were no signs of forced entry to the church.

housework, but lately it seems to be getting worse. The numbness is more frequent and stays with me longer. Often, and I awake unable to stand up. I never know when it is coming or when it will go away. I'm not sure I can sleep, and I have to sit down and rest my thigh to "wake it up."

I've had this problem for over 20 years. . . . since I was a young girl. It has never been so bad that I couldn't do my

housework, but lately it seems to be getting worse. The numbness is more frequent and stays with me longer. Often, and I awake unable to stand up. I never know when it is coming or when it will go away. I'm not sure I can sleep, and I have to sit down and rest my thigh to "wake it up."

I've had this problem for over 20 years. . . . since I was a young girl. It has never been so bad that I couldn't do my

Dean's list

Southern Illinois University at Edwardsville had 1,623 students qualifying for the dean's list for the winter quarter. Perfect averages were compiled by 405 students.

To qualify for the dean's list, a student must maintain a grade point average of 4.25 or better (B is equivalent to 4.0, and A to 5.0).

Students qualifying for the dean's list are named below by hometown. Names marked with + indicate students with a 5-point average.

JERRY BOLAND

IS. Frank McGinnis, St. Elizabeth Medical Center controller, this week announced that Bolandis has been promoted to associate controller with the responsibilities of budget, business office and management services. Bolandis has been associated with the medical center since 1973.

Arrest in stabbing

Kenneth L. Cowan Jr., 24, of 2556 Westmoreland Drive, was arrested at 5 p.m. Wednesday by Granite City police detectives and was charged with aggravated battery.

He allegedly stabbed John Meader, 19, of 1615 Pontoon Road, with a knife in the 2700 block of National Avenue Saturday night. Meader said he was driving on National Avenue when he saw two vehicles side-by-side, blockading the street.

Meader had to drive on the sidewalk to pass the cars and he traded words with about six persons standing near the stopped autos. Two young men allegedly approached Meader's car with a lug wrench and he was arrested with a folding pocket knife.

Craig J. Argent, 28, of 3606 Ruth Drive, allegedly struck Meader's car with a lug wrench and he was arrested with a folding pocket knife.

Meader underwent surgery at St. Elizabeth Medical Center for a stab wound to his abdomen and is recuperating.

Food City robbed

A youthful armed robber took an undetermined amount of cash, believed to be less than \$200, from Allen's Food City, 2696 Iowa St., at 2:50 p.m. Tuesday.

Louise Allen, an owner, told police the youth, about 16 to 19 years old, entered about five minutes before the robbery, walked around the store and left, presumably because there was a woman customer in the store.

He then returned, wearing gloves, and walked to the rear of the store and back to the front. The young man then took a small handbag, left to have been an automatic pistol, from his left coat pocket, pointed it at Mrs. Allen and said "Put up your hands. Empty the register."

She complied, but he had difficulty handling the bills, because of the gloves on his hands. He then ordered her, "Put your hands up."

When she did he reached into the register and began grabbing the bills.

He had difficulty handling them and dropped several, so he then ordered her to get the rest of the bills and give them to him.

After he had put most of the bills in a pocket, he ordered her to raise her hands again and face the rear of the store.

He asked her where the

telephone was and she pointed under the counter. He reached over and pulled the phone cord from the wall and left the store, police were told.

While police were investigating, a 10-year-old boy told them he had been outside during the robbery. The boy said that before it occurred, he was in front of the store when the young man came from the 27th Street side of the building and told him, "Turn around. I got a gun on ya," and then entered the store.

The robber was described as five feet tall, weighing about 120 pounds, having dirty blonde hair and wearing a blue denim flannel cap, a red and blue plaid shirt and faded denim jacket and jeans.

Easter pet adoption clinic is Saturday

Be humane at Easter time and don't give poor defenseless animals, such as baby rabbits, to young children as Easter gifts, Marge Pemberton, adoption supervisor for the Association for Protection of Animals, urged today.

In Illinois, it is illegal to sell small creatures, including baby chickens and ducklings, that have been dyed or otherwise mistreated, the APA spokesman stressed.

A pet adoption clinic is planned by the local humane group Saturday at 2851 Washington Ave., from 9:30 a.m. until 3:30 p.m.

A minimal fee is sought for each adopted pet, with the funds used to care for neglected and abused animals under the APA's care.

Among the pets to be offered for adoption Saturday are:

Six part-springer spaniel puppies, 3 months old; an adult female half-springer spaniel; a part-terrier pup, 2 months; a 5-month-old male and a 4-month-old female Cockapoos.

Cloverleaf fire hydrants being linked

Concern that new fire hydrants in the Cloverleaf Subdivision southeast of Madison did not have water during a fire last week was expressed to the Nameoki Board of Trustees during Monday night's meeting, and the board members explained that the hydrants cannot be linked to the new water line until all four new hydrants have been installed and activated.

The township used a community development grant to install a larger water line from the Stephen Maers Industrial Park in Madison to the subdivision, since the older line was too small to provide sufficient water pressure for fire hydrants.

The water line is nearly complete and the new fire hydrants are expected to be in operation in the near future, the trustees told residents of the subdivision. In other business, the board received copies of all tax objections related to the township and turned them over to Attorney Irvin C. Slate Jr. to handle.

The Oliver C. Schneider public accounting firm was hired to audit the township's books at a cost not to exceed \$4,300. The work includes the town fund, road and bridge, and revenue sharing funds. Bills ordered paid totaled \$2,934 from the town fund, \$5,435 from revenue sharing, \$394 from the anti-recession fiscal assistance fund, \$5,086 from municipal retirement, \$5,517 from the road and bridge fund and \$1,974 from general assistance.

A discussion was held on long trains which block the Route 162 crossing near Maryville Road and it was noted that a train blocked emergency vehicles attempting to reach a traffic accident for some time last week. Fortunately, the accident was not serious, officials said.

City law being drafted to ban political rallies at Town Hall

A pre-election use of the Granite City Township Community Center building for what was billed as a rally of senior citizens, but which turned out to be a political event, was assailed before the Granite City Council by Alderman Sam Whitmer of the Second Ward during the council's last meeting.

Whitmer, seated as mayor pro-tem during a brief absence by Mayor Paul Schuler, asked for an ordinance controlling use of the hall and assuring that local political rallies will not be held there in the future.

He told the council he waited until after the city election to disagree with the use of the hall for a political rally, so his comments would not be construed as intended to influence the election.

Whitmer did not mention which use of the hall disturbed him, but other aldermen felt it was a rally

held by Willard Herzog and Richard McGinness, Third and Second Ward candidates, in which senior citizens were invited to discuss mutual problems and arrived to find what some of them regarded as a political rally.

He displayed a leaflet used to promote the rally and stated, "It has no signature and gives no idea of the purpose. That building was not constructed for such type of political meeting."

Whitmer suggested that an ordinance be drafted to avoid local political functions there in the future and the council concurred, requesting Township Attorney William Schooley to draft such an ordinance for action by the council in the future.

The Tri-City Area YMCA is announcing the beginning of a quilting class which will start April 19 at the "Y," 2001 Edison Ave. Augusta Lampe will teach the class, which will meet on Thursday mornings for four weeks from 9 to 11:30.

The fee for the class is \$2 plus the cost of materials for non-members, or only the cost of materials for YMCA members. Babysitting will be available for class participants for a small fee and "Mom's Morning Out" for pre-schoolers also meets at this time. Quad-Cityans may call 876-7200 to register.

Quilting classes opens at YMCA

Lincoln ceremony

Jackie Petras of Granite City, president of the Illinois Amvets Auxiliary, will take part in ceremonies at 11 a.m. Saturday commemorating the 14th anniversary of the death of Abraham Lincoln.

The services at the Lincoln Shrine in Springfield will be conducted by the Sons of Union Veterans of the Civil War, assisted by a color guard of the Loyal Legion of the United States.

Representatives from 75 organizations are expected to lay wreaths during the ceremony which is being served as official escorts

for Mrs. Petras will be Arnie Hawk, Amvets Third District commander, and Ruth Hawk, executive secretary of the Amvets Auxiliary.

Mr. and Mrs. Hawk are from Lincoln, Ill.

FLATTEN 6 TIRES. Six tires on two cars belonging to Charles Holt, 849 Niedringhaus Ave., were slashed between Friday and Monday at Holt's home. Four tires on his Cadillac and two tires on his Ford station wagon were found to be punctured or cut.

CONCERT TONIGHT AT AREA COLLEGE Belleville Area College's series of free concerts will continue during the school's spring break. The Noblemen will appear in the theater on the main campus tonight at 8, even though other activities at the college have been suspended for this week.

The stage band will perform a variety of dance and jazz tunes, including "South Rampart Street Parade," "The Continental," "Tu xedo Junction," "In the Mood" and "Birth of the Blues." The concert series is funded by the Music Performance Trust Funds of the American Federation of Musicians.

APPLY IN PERSON-25 P.M. ASK FOR THE MANAGER

JACK-IN-THE-BOX 3330 NAMEK RD. GRANITE CITY

MANAGEMENT INFORMATION Systems Director (A-172) The Bi-State Development Agency is in need of an aggressive MIS Director who is capable of building and upgrading its present data processing function. This position has total responsibility for all data processing activities - design, programming and operations. The challenges facing this new manager are to expand the existing staff into a technically competent, up-to-date and efficient organization; execute the selection, acquisition and installation of a new medium scale computer by early 1980; and upgrade all existing application systems to current levels of data processing technology specifically addressing the concepts of integrated management information systems, data base, and file technology. The basic qualifications of this position are: Solid data processing experience in the systems and programming area. Effective and persuasive communication skills - both in dealing with management and in defining user requirements. Managerial abilities to build and administer a quality professional staff. A bachelor's degree in engineering, business, management sciences, or accounting - preferably with an MBA. The annual salary range for this position will be \$27,000-\$33,000. This is NOT a position for someone interested in merely maintaining the status quo. If your personal goal is to build and manage your own top-flight MIS organization and you are ready and willing to accept this challenge today, send your resume not later than April 24, 1979 to: A-172, Director of Personnel, Bi-State Development Agency, 3809 Park Avenue, St. Louis, Missouri 63110. Bi-State Development Agency is an Equal Opportunity Employer. M-F-H. 22 412

Notice of Public Hearing On Township Budget

NOTICE is hereby given that a tentative budget and appropriation ordinance for the Town of the City of Madison, State of Illinois, for the fiscal year beginning March 1, 1979 and ending February 28, 1980, will be on file and conveniently available to public inspection at Clerk's Office, City Hall and Supervisors Office, 2600A Delmar Avenue, Granite City, Illinois from and after 8:00 o'clock a.m., 6th day of April, 1979.

NOTICE is further given that a public hearing on said budget and appropriation ordinance will be held at 7:00 o'clock p.m., on the 15th day of May, 1979 in Court Room 3, 3rd Floor, City Hall, Granite City, Illinois in this Town and that final action on this ordinance will be taken by the Board of Trustees at the regular meeting to be held at 7:45 p.m. on the 15th day of May, 1979.

Persons attending the hearings may present oral or written suggestions for use of Revenue Sharing Funds. Anticipated Revenue Sharing Funds to be received during the fiscal year will be approximately \$155,000.00 and total funds available for expenditure during fiscal year will be approximately \$162,000.00. The budget will reflect Revenue Sharing expenditure for senior citizens in a sum not to exceed \$20,000.00, for Town Hall maintenance and for purchase of a lighting system for the High School soccer and baseball fields.

Use lake water to put out fire

Water was used from a man-made lake, near the Arlington subdivision, to help Long Lake volunteer firemen extinguish a blaze at the home of Ray Robinson, 175 Sandy Shores Lane.

Loss to the dwelling and contents was estimated at \$30,000. Twenty-four firefighters responded.

John Karlechik of the Long Lake department said the blaze apparently started outside the garage door and spread into the rafters. There was some smoke but no water damage to the living quarters.

Firemen were summoned at the scene for two hours and 30 minutes. The rock and frame residence has an estimated value of \$160,000.

GRADUATION CEREMONIES for children in the Musical Kindergarten of National School of Music were held at the school. Graduates participating were, first row from left, Shannon Kent, Jeremy Johnson, Damon Kunneman and Michael Stevenson. Second row Brian Wolfe, Ca Crawford, John Greco, Holly Large and Susan McGehee, instructor.

Triad student wins national VFW contest

Merla Sue Hansel, an 18-year-old senior student at Triad High School, Troy-St. Jacob, has just won the first prize in the national Voice of Democracy contest, sponsored by the Veterans of Foreign Wars.

Robert L. Conaway, commander of VFW Post 1300 here, said, "This is the first time in 32 years that an Illinois student has captured the top honors in the annual competition."

She is the daughter of Mr. and Mrs. Merle M. Hansel, 12 Elmwood St., Troy-St. Jacob.

Miss Hansel will be awarded a \$10,000 scholarship to the college of her choice for her winning entry on the topic, "Why I Care About America" and she plans a career in nursing.

Her entry in this year's competition was judged the best among those submitted. She was almost a half million students, representing more than 8,000 high schools across the nation, competing.

Bel-Air to reopen after fire, burglary

The Bel-Air Drive-In Theater, 927 E. Chain of Rocks Road near Route 111, is expected to reopen Friday night after a burglary and fire which caused an estimated \$27,000 damage Sunday.

Mitchell Fire Chief Lee Paul said his department was notified at 6:35 a.m. Sunday that smoke could be seen from the concession stand and office building. Firemen found the flames coming from the front of the building where the office is located.

The fire had spread from the office to the concession stand, two storage rooms and restrooms. Tools from the concession stand were broken into the cigarette vending machine.

A safe was damaged, but not opened, and the telephone had been beaten, possibly with a hammer. A drill, three hammers and a three-gallon gasoline can were found inside the building.

A ladder had been placed against the projection room wall and entry had been gained by cutting plastic from a window and climbing through from the ladder.

Damage was estimated at \$15,000 to the building and \$12,000 to its contents. Deputy State Fire Marshal Bill Buxton is aiding Madison County Sheriff's deputies and Mitchell volunteer firemen in the investigation.

Use lake water to put out fire

Water was used from a man-made lake, near the Arlington subdivision, to help Long Lake volunteer firemen extinguish a blaze at the home of Ray Robinson, 175 Sandy Shores Lane.

Loss to the dwelling and contents was estimated at \$30,000. Twenty-four firefighters responded.

John Karlechik of the Long Lake department said the blaze apparently started outside the garage door and spread into the rafters. There was some smoke but no water damage to the living quarters.

Firemen were summoned at the scene for two hours and 30 minutes. The rock and frame residence has an estimated value of \$160,000.

WIND ENERGY equipment for generating electricity or other forms of energy for personal residential purposes.

Clock geothermal energy equipment.

EXPERT APPRAISING MORRIS REALTY CO. 876-4400

Meet here on dentistry

Dr. James Wiseman, a dentist practicing in Wood River, will be the featured at a meeting of the Madison County Local Impact Committee of the Health Systems Agency, to be held Tuesday, April 17, at 7 p.m. at St. Elizabeth Medical Center, 2100 Madison Ave., Granite City.

Dr. Wiseman will talk about dentistry from a practitioner's viewpoint and will answer questions following his presentation. The meeting is free and the public is welcome.

Ralph Yerm, chairman of the committee, noted that its meeting has discussed emergency medical services, mental health services and child protective services.

The Madison County Local Impact Committee is a geographic area, a subdivision of the Greater St. Louis Health Systems Agency, Clinton, St. Clair, and Monroe counties in Illinois and St. Louis City, St. Louis, St. Charles, Franklin and Jefferson counties in Missouri also have such committees.

Purpose is to provide a grassroots mechanism for citizen participation and expression in health planning and implementation activities.

The Madison County Local Impact Committee meets every month on the third Tuesday at 7 p.m. The site of the meeting moves throughout the county in order to ensure wide geographic representation.

The Madison County Local Impact Committee meets every month on the third Tuesday at 7 p.m. The site of the meeting moves throughout the county in order to ensure wide geographic representation.

Bob Burris now doctor of medicine

Bob R. Burris, a son of Mr. and Mrs. William Burris, 1122 Reynolds St., Madison, graduated from the University of Illinois, College of Medicine, Chicago, where he received the degree of doctor of medicine.

He received his bachelor of science degree from the University of Illinois, Champaign. He is also a 1969 graduate of Madison High School.

Dr. Burris will begin his residency training in internal medicine at Danbury Hospital-Yale University College of Medicine Affiliation, Danbury, Conn. He is a grandson of Florence Greene of Granite City.

ARREST ON WARRANT

Daniel Lee Owen, 20, Elgin, Ill., was arrested in the 1600 block of Olive St. last week on a warrant from Marshall, Mo., alleging he is a fugitive from justice on a charge of defrauding secured creditors.

Owen was ordered released from the Granite City Jail by Circuit Judge William J. Beatty, pending extradition hearing. The warrant, alleges Owen removed mortgaged furniture from a building in Marshall, Mo.—

Spring events for GOP Women

Granite City Republican Women met last week at the Bill Burns Cafeteria. After dinner, Vice-President Brenda Reese opened the business meeting in the

absence of President Louise Dulko. Ray Edward Jr. led the pledge of allegiance to the flag. Gladys Pape gave the secretary's report and Eva

Meier reviewed finances.

A Madison County Federation of Republican Women dinner April 16 was noted.

St. Clair County Republican Women plan a luncheon at Fischer's Restaurant, Belleville, April 24, with Bob Chase as the speaker. The Lincoln Day dinner was reported on by Brenda Reese, Roy Lynn and Eva Meier.

It was announced that Illinois Republican Women will hold a legislative conference in Springfield May 8 and 9.

Dan Stack, candidate for congress last fall, spoke on voter registration. Baby Dan Stack Jr. and his mother were honored guests.

The May meeting will be Tuesday, May 1, at the Burns Cafeteria at 6 p.m.

BAC sees more aid for middle incomes

New federal legislation should make 70 percent to 80 percent of all college students eligible for a basic grant, according to Belleville Area College Financial Aids Director Lee Knoebel.

Passage of middle income student financial assistance legislation could substantially increase the number of students who qualify for aid, Knoebel said.

He encouraged every student who plans to enroll for six credit hours or more to investigate the possibility that he or she is eligible. And he encouraged those students who have been taking only one course each semester to take two classes so that they will qualify for financial assistance.

"Many people are unaware that part-time students are eligible for both the Illinois State Scholarship Commission award and for the Basic Opportunity Grant (BEOG)," Knoebel said.

"As a result, they sign up for one course at a time and pay \$40 for that class when, if they took two classes, they might be able to get the tuition for both."

Knoebel said that, if students investigate their eligibility for aid right away, a determination can be made before the deadline for fall registration. "Why take one class and pay for it when you might take two courses and

pay nothing?," he asks.

Knoebel suggested that all students visit the financial aids office prior to registration to determine what scholarships, grants or loans they may qualify for. He also reminded veterans that they should use their benefits soon, since many G.I. bill benefits are beginning to expire.

He pointed out, however, that most Illinois veterans are eligible for tuition benefits even though their federal educational benefits may no longer be in effect.

Knoebel stressed that there is now no age limit for scholarships, grants and loans. "This is particularly important at the community colleges, since the average age of community college students is 28," Knoebel said.

Further information on any aspect of financial assistance for education is available from him by calling 235-2700, extension 326.

TRUNK LID PRIED

Gerald Schrader, 2422 Logan Ave., reported last week the theft of a red toolbox containing miscellaneous wrenches and ratchets and a lug wrench, valued at a total of \$50, from the trunk of his parked auto. Access was obtained by prying the trunk lid.

May change primary to May or September — Wolf

Rep. Sam Wolf has been appointed to a three-member subcommittee of the State Elections Committee to study eight different proposals to change the primary election date from the present third Tuesday in March.

Wolf indicated that he was pleased to have been appointed to the subcommittee "to study a subject of such importance to so many people. Many persons throughout the state have voiced dissatisfaction with the long length of time between the primary election and the November general election."

Four of the proposals provide for changing the primary date to either the 1st, 2nd, 3rd or 4th Tuesday in May, while the remaining four proposals provide for changing it to various Tuesdays in September.

"While it would appear that the process should not be all that difficult to do, there are many things that enter into when the primary election can be held, as opposed to the accepted date

in November for the general election," Rep. Wolf said. National conventions, vacations, delegate selections and farm crops are among the many considerations to be weighed. "The function of the subcommittee will be to review all of the proposals, together with hearing testimony from the public as well as election officials. A

report will then be made to the full committee by the subcommittee, with its recommendations. "The present mood of the House indicates that a change will be made, but what that date will be depends greatly on the report of the subcommittee," Wolf concluded.

FUNDS TO RENOVATE

BI-STATE OFFICE

The Bi-State Development Agency has received a grant of \$4,848,740 from the Department of Transportation, Urban Mass Transit Administration, to renovate the Christian Peper Tobacco complex, Laclede's Landing, which will house Bi-State administrative offices.

The grant received White House recognition as one of the first approved under UMTA's new Urban Initiative Program. The program was triggered by President Carter's Urban Policy, which is intended to focus federal spending on helping urban leaders improve cities.

Expanded opportunities for handicapped pupils

A proposed state plan concerning the education of handicapped children will be submitted to public review and comment during the next four weeks, State School Superintendent Joseph M. Cronin announced Tuesday.

Cronin said the proposed plan is available for examination at Illinois Office of Education regional offices in Springfield, Chicago, DeKalb, Urbana and Mt. Vernon.

In addition, he said, two public hearings are scheduled, April 25 in the Chicago office and April 26 in

the Springfield office. Interested persons can present testimony for possible inclusion in the final version of the document.

The state plan details the policies and procedures that will be in effect during the 1979-80 school year to help implement the federal Education of All Handicapped Children Act (Public Law 94-142).

Among basic tenets of the federal law that have been endorsed by the State Board of Education are provisions requiring:

- (1) A free, appropriate education for every handicapped child.
- (2) Education in the least restrictive environment.
- (3) An individualized education program for each handicapped child.
- (4) State education agency supervision of all education programs for handicapped children, and
- (5) continuing search to find handicapped children not currently being served.

The hearings will run from 11 a.m. to 2:30 p.m. Persons intending to offer testimony are to contact Bobbie Reguly, Educational Specialist, Department of Specialized Educational Services, 100 N. First St., Springfield 62777, (217-782-4648).

Oral testimony may not exceed 10 minutes and must also be submitted in writing. Following are the names and addresses at each regional office where the proposed plan can be reviewed:

Jackie Crain, Springfield Program Service Team, Illinois Office of Education, 100 N. First St., Springfield 62777.

Jean Donahue, Chicago Program Service Team, Illinois Office of Education, 188 W. Randolph St., Chicago 60601.

Sue Kurtz, DeKalb Program Service Team, Northern Illinois University, Graham Hall, Room 164, DeKalb 60115.

Jeannie Vansickle, Champaign Program Service Team, Illinois Office of Education, 3 Henson Place, Urbana 61801.

Jean Preston Mucklerov, Mt. Vernon Program Service Team, Illinois Office of Education, State Office Building, 601 N. 18th, 2nd Floor, Mt. Vernon 61854.

Some Pontoon Beach school backers favor seceding from GC District Nine

A proposal for Pontoon Beach, Arlington Heights and many Nameoki Township areas to secede from the Granite City school district may be among proposals presented to the district's administrators in the near future.

At a meeting of the Stalling's PTA, parents objecting to the planned closing of Stalling's School indicated they feel the changing of the area from the Granite City school district to Collinsville or a Roxana area school district may be the best hope for having an elementary school in Pontoon Beach.

They noted that the vast majority of schools in Granite City District Nine are within the city limits of Granite City, and except for Mitchell School, most outlying areas are being left without nearby school facilities. However, two of the three schools that are being closed are within the city boundaries.

Pontoon Beach has more than 750 elementary school children who will attend five different schools when

Stalling's is closed, parents said.

Objections were voiced over trips school administrators and board members have taken recently to New Orleans and Miami Beach, during a time when financial restrictions are causing the closings of three elementary schools.

Parents at the meeting were told the Pontoon Beach Committee for a Community School has been formed and is accepting members to aid in getting an elementary school back in the village or

in the Stalling's area.

Those interested in joining the group are to write to the Pontoon Beach Committee for a Community School, Post Office Box 1661, St. Louis, Mo., 63188, organizers said.

The committee will be issuing bulletins in the future on latest developments in efforts to get a school in Pontoon Beach, a spokesman said. The first bulletin urged the election of Charles Luehmann to the Granite City Board of Education Saturday.

A resident of the Arlington Heights subdivision contacted the Press-Record

objecting to any effort to secede from the Granite City school district and saying that numerous families in that subdivision have expressed the same opposition to secession.

"Our understanding is that we will have no choice. If Pontoon Beach manages to join Collinsville or another school district, everything in the Granite City school district east of the village also will be swept in and we object to that," the resident said.

Steel firms spend \$457 million on pollution control during '78

The domestic steel industry's capital spending for pollution control reached almost \$458 million during 1978.

According to a survey just conducted by the American Iron and Steel Institute, anti-pollution capital expenditures in the industry totaled \$457,978,000 — with \$277,178,000 going for air quality equipment and \$180,800,000 spent on water pollution control facilities. Steelmakers have authorized \$991,255,000 in capital expenditures for

environmental quality control facilities in 1979 or later. Of this total, \$560,585,000 will be spent on air pollution control and \$430,670,000 on water quality facilities.

From the beginning of 1951 through 1978, steelmakers in this country had spent \$3,733,048,000 to install pollution control equipment. This includes \$2,223,024,000 for facilities to purify airborne wastes and \$1,510,024,000 for water cleanup equipment and plants.

Industry experts estimate that the cost of operating and maintaining pollution control equipment runs at least 12 percent of the total initial installation cost each year.

\$5,000 RING STOLEN

Mrs. Goldie Grewell, a resident at The Columbian nursing home, reported during the weekend that a diamond ring valued at about \$5,000 had been taken from her room.

Luke 24:1-8

Now upon the first day of the week, very early in the morning, they came unto the sepulchre, bringing the spices which they had prepared, and certain others with them.

And they found the stone rolled away from the sepulchre.

And they entered in, and found the body of the Lord Jesus.

And it came to pass, as they were much perplexed thereabout, behold, two men stood by them in shining garments:

And as they were afraid, and bowed down their faces to the earth, they said unto them, Why seek ye the living among the dead?

He is not here, but is risen: remember how he spake unto you when he was yet in Galilee.

Saying, The son of man must be delivered into the hands of sinful men, and be crucified, and the third day rise again.

And they remembered his words.

Do you remember? Will you think about them? Today.

TV Tattle

By PEPPER O'BRIEN

The past 42 years haven't dimmed the delightful memory of Cary Grant and Constance Bennett as the wacky ghosts in "Topper," but Kate Jackson and hubby Andy Stevens are going to try and do it better. Ms. Jackson has optioned the 1937 comedy classic as part of a \$6 million deal with ABC. She'll produce the remake herself.

Another soon-to-be husband-and-wife team, Susan Saint James and rock's Steve Stills plan to co-star in a film, sometime after they get the business of marriage settled. Again, it'll be wife in the producer's chair. Stills, who's never acted, is doing the music.

Steve Stills isn't the only rock musician making the move to motion pictures. Robbie Robertson, who brought his magnetism to bear on screen in "The Last Waltz," the documentary of The Band's final concert, will star in "Carney." Ro-

bertson is producing the film, which stars Jodie Foster as a teen-ager who gets involved with two passing carnival workers. Gary Busey plays the other chap. In return for acting in Robertson's film, the former Band member will produce Busey's first album, aside from the "Buddy Holly" soundtrack.

Fred Gwynne has been carving out a Broadway career for himself recently, after years on TV in "Car 54, Where Are You?" and "The Munsters." Now he's heading back to feature films. Gwynne has just joined the cast of Orion Pictures' "Simon," starring Alan Arkin. Marshall Brickman, occasional writing partner of Woody Allen, wrote and is directing the flick. A little known fact about Gwynne is that he has been writing and illustrating children's books since 1956. His latest is "A Chocolate Mouse for Dinner," published by Dutton.

It's down to Gilda Radner, Shelley Duval or Lily Tomlin as the ever-beautiful Olive Oyl in the silver screen saga of "Popeye." Robin Williams is already set as the spinach-swilling seaman ... Gilda's not the only "Saturday Night Live" alumna to be following in the movie footsteps of Chevy Chase. John Belushi and (soon to be in "1941") Dan Aykroyd. Billy Murray will play Gonzo journalist Hunter Thompson (regularly immortalized as Duke in "Doonesbury") in Hollywood's "Where the Buffalo's Roam." The movie is based on Thompson's classic book, "Fear and Loathing in Las Vegas." Peter Boyle is set to co-star.

Producer Robert Stigwood has plans for "Grease II," starring Andy Gibb. The baby Gibb brother also seems to be the top contender for the role of Che Guevara in the film version of "Evita," which has yet to reach the States as a play, following its tumultuous success in London.

CREATIVE ARTS Ensemble of Illinois State University, Normal-Bloomington, preparing for its performance at 8 p.m. Wednesday, April 11, in Hayden Auditorium on the ISU campus. Members of the ensemble, from the left, are Mine Veral, Istanbul, Turkey; Steven Harris, Decatur;

Elaine McCoy, Chicago; Nathaniel Boyd, 51 Lee Wright Homes, Venice; Anne Whitworth, Chicago; Mike Hill, Centralia; Pamela Purnell, Chicago; Ben Masterton, Tallahassee, Fla.; Crystal Coleman, Chicago.

The Lighter Side

By Cathey Jamison
Press-Record Feature Editor

Pre-Easter scramble at our home

My young son came into the kitchen last Friday, huffing and puffing.

"Mommy, I have to have an Easter egg ... right now!"

Right now is a term that my little one uses often. I have learned that he tends to panic easily. "Why do you need one now?" I asked.

He proceeded to tell me that he had an "Easter" tree in his classroom and he had to have an egg to hang on it. "The Easter bunny will come to my class and break my egg open and fill it with candy," he told me. "Then he will put the egg back together."

When I asked him how the Easter bunny was going to do all of this, he answered, quite matter of factly, "Magic."

The egg, however, was not produced by magic. It was made by mother and son.

I figured that the coloring of said egg would be no problem. I set out to boil an egg.

"No, no, Mother," Dennis yelled as I put the egg in water. "You have to poke a hole in it and get the yellow stuff out."

Did you ever try to get an egg out of its shell without breaking that shell? It is next to impossible. The idea is to make a tiny hole in both ends of the egg and blow the egg white and yolk through the hole.

WELL, I exhausted myself trying to get just one shell empty. Three blew up in my face. Two cracked when I tried to poke the holes, and I dropped one.

All this flurry of activity began while I was pulling stuff out of the fridge for supper. After I finally had an empty shell, I put away the

pork chops. We had

scrambled eggs for supper. After dinner, we had to figure a way to color the Easter tree egg. Dennis

brought out some felt tip markers and he and I decorated the egg with stripes.

Of course, Dennis had to handle the egg, showing it to his Dad and brother. And, of course, the ink wasn't dry and his tiny fingerprints were all over the white spaces between the stripes.

No problem. Out came the crayons and we filled in all the white parts. Came up with a true masterpiece in eggdom.

Dennis was tickled, and I was pleased to have been able to solve his problem. My husband wasn't too thrilled. He can't stand scrambled eggs.

Have a happy Easter.

On Trail of the Marathon

By Mick Gibbons

There are easier things in life than running the Boston Marathon.

Like balancing the national budget. Or running for President.

Still, thousands of brave men and women run the 26 mile, 385 yard monster every April, and hundreds of thousands more watch them.

"The Boston Marathon," airing Monday, April 16 at 10:30 p.m. (EST) on PBS, will examine the attraction the race holds for runners who swarm to Boston every year, complete with historical footage and same-day coverage of this year's run.

The Boston Marathon,

oldest foot race in the United States, has become an international passion, reflective of the sport it celebrates. Boston is the Mecca for marathoners.

It was precisely 12:15 p.m. on April 19, 1897 when Tom Burke scraped the toe of his boot across the narrow dirt road in front of Metcalfe's Mill in Ashland, Mass.

"That's the startling line, gents," he called the field to order. He read out the numbers, 15 men answered, and the Boston Marathon was born.

J.J. McDermott, one of the six New Yorkers in the field, won. But he paid the price. Stopping five times en route, losing 10 pounds, he declared at the finish,

"I doubt I shall ever again run in a marathon race."

Eighty-one Boston Marathoners have come and gone since McDermott uttered those words, and thousands of runners have been undaunted by his resignation.

Each Patriots Day, the sleepy town of Hopkinton bathes in its annual glitter as starting point for the trek to downtown Boston's Prudential Center.

The program will feature interviews with some of the world's top marathoners and a look at some of the historic runners who have left their mark.

Stricter enforcement of MHS smoking ban

After a lengthy discussion about student smoking at Madison High School, the board stated at its meeting last week that it will "back the administrators completely" in enforcement of non-smoking rules.

The board, in a discussion, said it felt the faculty and administrators should review their policies on smoking, be sure the students are aware of the policy, and then enforce it "to the letter."

Board President Sam Dymas said, "I think any student caught with or smoking marijuana cigarettes should not only be suspended, but brought before the board for expulsion, and criminal charges be signed by the staff member catching the student."

"We know we have some smoking of 'pot,'

"But if we keep strict enforcement and take a few to court, it may make some of the students think twice about having marijuana around our schools."

The discussion took place in response to a letter to the board from the Madison High school physical education staff.

TRUCK STOLEN

The brown 1978 Ford one-ton pickup truck of Jim McCann, 2409 O'Hare Ave., Apt. 6, was stolen from the parking lot near his apartment, it was reported Monday afternoon.

Luehmann speaks on school issues

The Charles Luehmann for School Board Committee held an open house during the weekend at the Pizza Pit Restaurant in Pontoon Beach to give area residents an opportunity to meet the candidate for the Granite City Board of Education.

Luehmann said he feels the board of education "is a service for the children and for no one else. When we forget this, the effectiveness of the board is obviously impaired."

The candidate also stated, "Our children need quality education, taught by good teachers in uncrowded classrooms in neighborhood schools. This is what I will work for."

Patrick public record research being limited

Donald D. Patrick, candidate for president of the Pontoon Beach Village Board, this week contended that he has been refused permission to look through the village's public records, and that a letter from his attorney, Irvin C. Slate Jr., has been unsuccessful in opening all the books to him. Patrick displayed a letter signed by Village Clerk

Mary E. Warren, who is running for re-election on a slate opposite Patrick's slate, which says he may see only records he specifically asks for, and those records will be available to him one day only.

"Pursuant to our legal opinion, you will not be allowed to engage in a mere 'fishing expedition.' However, the information

you requested concerning the number of meetings without a quorum, number of special meetings and board member attendance records will be available for inspection," the letter from Mrs. Warren states.

Patrick said he asked to see the books by Thursday, April 5, so that he could gather information relating to expenses for contractual services, purchases and

board attendance. "Our efforts to look at the village books, which are supposed to be a public record, have been continually thwarted for the past month, despite a legal opinion that the records are public."

"Now, we are being allowed to see some of the records, but it is too late for our campaign purposes," Patrick said.

TAKING CAREFUL AIM. Granite City businessmen participate in the first session of a course on proper firearms use conducted by the Granite City police last week. Businessmen, alarmed by armed robberies nationally and the murder of a Madison storeowner, are participating in a course on gun safety and the legal ramifications of using a firearm in their business for protection. "If they are going to arm themselves in their

stores, we feel they should know proper firearm safety and know where they stand legally if they ever have to use their guns." Lt. Col. George Teller, coordinator of the program, explained. The police hope to offer the course for more businessmen in the near future if there is sufficient interest. The shooters are shown on the police department's new pistol range at the Granite City Army Installation.

Secretaries' Week in April

Wilma Wright, certified public secretary, Illinois Division treasurer of the National Secretaries' Association (International), was a special guest at last week's meeting of the Tri-Cities NSA Chapter.

Miss Wright was accompanied by Anne Brown, CPS, president of the Decatur chapter. They attended the dinner as Illinois NSA board contacts to discuss various fund distributions and related business items.

Joyce Savich, chapter president, welcomed the guests and Elaine Goetting, a provisional member, gave the invocation.

Activities for National Secretaries Week April 22-28 were among the primary business topics.

Events will start with attendance at worship services Sunday, April 22, followed with a banquet Tuesday, April 24, at Sunset Hills Country Club, featuring Bob Hardy of KMOX Radio as guest speaker. "Secretaries' Day" will be

Wednesday, April 25, when a luncheon will take place at the Lennox Hotel, St. Louis.

Ending the week will be a get-together "fun night" at the home of a chapter member.

Reports were given by Sally Gracey, on financial matters, and Adrienne Warchol.

Reviewed also were plans to attend the 27th annual Illinois NSA Division's conference May 18-20 at the Ramada Inn Convention Center, Champaign.

Hosted by the Champaign-Urbana NSA Chapter, the event will consist of business sessions, seminars, social events and a religious service.

Walter D. Lewis, professor of architecture at the University of Illinois, will be the principal speaker at the installation banquet.

This year's conference theme is "Change Creates Challenge."

The local chapter will hold its next meeting May 2 at Rousio's Restaurant in Collinsville.

VISITING DIGNITARIES at the April dinner meeting of the National Secretaries' Association Chapter are Ann Brown, Decatur NSA president, left, and Wilma Wright, treasurer of the NSA's Illinois Division. Plans were made for Secretaries' Week April 22-28.

Dr., Mrs. Eckert announce 3rd child

Former Granite City residents, Dr. and Mrs. Robert C. Eckert, now residing in Kent, Wash., are announcing the birth of their third child, a daughter, on April 4, at the Kent Hospital.

The new arrival weighed seven pounds and has been named Carol Jean. She has a 5-year old sister, Jennifer, and a 3-year old brother, Matthew.

Paternal grandparents are Mr. and Mrs. Elmer Eckert, 2525 Hodges Ave., and the maternal grandmother, Mrs. Irene Diamond, resides in Park Ridge, Ill.

STRUCK WITH HAND

Mary Rowles, 34, of 53 Parktowne West Mobile Home Park, was struck by a man's hand at Ray's Skelly service station, Route 3 and West Chain of Rocks Road, Mitchell, during the weekend. Madison County sheriff's deputies took a 47-year-old man into custody, but released him when the victim said she did not have time to sign charges.

St. Mary's Spring Carnival

St. Mary's School PTA will repeat its successful "Spring Carnival" again this year on Friday, April 20, from 5 p.m. to 9 p.m. at St. Mary's Parish

Hall, 10th Street and Washington Avenue. Plans for the second annual event were completed at a meeting last week. Mrs. Georgiann Krakowicki, project chairman, advised, noting that Brian Ballard, a local magician, will present two shows. A film, "Football Cardinal Highlights of 1978," will be shown.

Carnival booths, games, a cake walk, arts and crafts, a "wacky hospital" project and a used toy shop also are planned, together with food and beverages.

The services of a "fortune teller" will be available and makeup artists will transform children's faces into clown masks or their

favorite "Kiss" performer, Mrs. Krakowicki reported, adding: "We are planning a fun night for the entire family and we are inviting all area residents to attend."

\$125 BOAT STOLEN

A 16-foot aluminum boat was stolen from the boat dock at the home of Marion Slawar, 4362 Lake Drive, on Long Lake, it was discovered early this week. The green and white boat is valued at \$125. It was chained and padlocked to the dock, but neither the chain nor the lock could be found.

Pre-Easter dinner for Golden Agers

A pre-Easter covered dish dinner was served Tuesday noon to 74 members of the Kirkpatrick Golden Agers Senior Club at the Kirkpatrick Homes recreation center.

Ham for the meal was donated to the group by Mayor Paul Schuler, City Clerk Robert Stevens and City Treasurer Nick Petrillo.

Guests at the evening were Mrs. Jenny Moody, Mrs. Fern Irwin, Mrs. Mildred Moss, Mrs. Ola Nix, Cleveland Cox and Tom Crawley.

Tables were decorated in a holiday theme by Mrs. Evelyn Davis and Mrs. Effie Johnson, and featured two ceramic Easter eggs and a crocheted potholder set. Later, they were given as gifts.

Guests included John H. Bafon, Ada Knapp, Lynn and Beulah Drum, Pastor and Mrs. Dale Edwards, Alderman Everett Morlen and David Morgan, Granite City Housing Authority executive director.

The remainder of the afternoon was spent socially. Games were played and prizes were won by Pauline Cox, Art Rankin, Carrie Hart, Florence Ashal, Frances Westbrook, Martha Page, Eva Hanel, Caroline Lux and Mrs. Moody.

Edgar Paddock announced the Southwestern Illinois Area Agency on Aging is arranging a special celebration starting May 2 at the Madison County Firemen's Hall on Collinsville Road from 12:30 p.m. to 4:30 p.m., featuring speakers, snacks, dancing and information of interest to senior residents.

ARREST ON WARRANT
Thomas H. Joseph 18, of 2121 Cleveland Blvd., was arrested last week at the International House of Pancakes on a Madison County warrant alleging violation of probation. He was transferred to the county jail by sheriff's deputies.

I would like to thank the people in the 1st Ward for their vote of confidence. I sincerely appreciate their support in my re-election as their alderman. I will continue to do everything possible to fulfill the trust that the people have placed in me. Thank you so very much and God Bless You.

Sincerely,
Cherry Everett Morlen
